

# You Are to Be the Judge!

## A BARREL

of VITÆ-ORE is NOT NECESSARY to convince you that it is the best remedy in, on or out of the earth for ailing people, to PROVE TO YOU positively that it will CURE YOUR ILLS, as it has the ills of so many others.

ONE OUNCE OF THE ORE (one package) mixed with a quart of water, ONE MONTH'S TREATMENT, is all that you need for the TEST, all the evidence we want to submit, and we want to send it to you at OUR RISK. YOU ARE TO BE THE JUDGE! One month's treatment with the NATURAL REMEDY will do for you what six months' use of other advertised treatments cannot. If it does not, YOU TO DECIDE, we want NOTHING from you.

**SENT ON 30 DAYS' TRIAL!**

**Read Our Special Offer!**

WE WILL SEND to every subscriber or reader who writes us, mentioning the Farmer's Advocate, a full-sized One-dollar package of VITÆ-ORE, by mail, postpaid, sufficient for one month's treatment, to be paid for within one month's time after receipt, if the receiver can truthfully say that its use has done him or her more good than all the drugs or dopes of quacks or good doctors or patent medicines he or she has ever used. Read this over again carefully, and understand we ask our pay only when it has done you good and not before. We take all the risk; you have nothing to lose. If it does not benefit you, you pay us nothing. Vitæ-Ore is a natural, hard, adamantine, rock-like substance—mineral—Ore—mined from the ground like gold and silver, and requires about twenty years for oxidization. It contains free iron, free sulphur, and magnesium, and one package will equal in medicinal strength and curative value 800 gallons of the most powerful, efficacious mineral water, drunk fresh at the springs. It is a geological discovery, to which there is nothing added or taken from. It is the marvel of the century for curing such diseases as Rheumatism, Bright's Disease, Blood Poisoning, Heart Trouble, Dropsy, Catarrh and Throat Affections, Liver, Kidney and Bladder Ailments, Stomach and Female Disorders, La Grippe, Malarial Fever, Nervous Prostration and General Debility, as thousands testify, and as no one answering this, writing for a package, will deny after using. Vitæ-Ore has cured more chronic, obstinate, pronounced incurable cases than any other known medicine, and will reach such cases with a more rapid and powerful curative action than any medicine, combination of medicines, or doctor's prescription which it is possible to procure.

VITÆ-ORE will do the same for you as it has for hundreds of readers of the Farmer's Advocate if you give it a trial. Send for a \$1.00 package at our risk. You have nothing to lose but the stamp to answer this announcement. If the medicine does not benefit you, write us so and there is no harm done. We want no one's money whom Vitæ-Ore cannot benefit. Can anything be more fair? What sensible person, no matter how prejudiced he or she may be, who desires a cure and is willing to pay for it, would hesitate to try Vitæ-Ore on this liberal offer? One package is usually sufficient to cure ordinary cases; two or three for chronic, obstinate cases. We mean just what we say in this announcement, and will do just what we agree. Write to day for a package at our risk and expense, giving your age and ailments, and mention the Farmer's Advocate, so that we may know that you are entitled to this liberal offer.

**YOU ARE TO BE THE JUDGE!**

**DON'T EXPERIMENT!**

Some experiments are necessary for the advancement of civilization; and although frequently lives are lost and much damage done, the ultimate results and benefits are the cause of much good to humanity. Others result in loss of life from no apparent cause other than the obstinacy of the experimenter, who will not heed the advice of friends, and refuses to see that his experiment is impossible or impracticable for the results aimed at or intended.

As all experiments are dangerous, so it is a dangerous thing to experiment with worthless patent medicines and nostrums of the kind that spring up in the night, and "none know from whence they came" or what their origin. It is seeking after an impossible result to look for health in a bottle of alcohol and sarsaparilla, or a package of senna and straw; and such experiments are often disastrous to the experimenter.

Vitæ-Ore, Nature's Remedy, is not an experiment, and the sick and suffering person who seeks its aid is not experimenting. It has stood the test of the American public, a critical judge, for a generation of time, and is growing in popularity and selling more rapidly from year to year, and has fully substantiated our claim to being the best thing in, on or out of the earth for afflicted people. Beware of experiments in medicine, and when you need a remedy let the experience of others be your guide. If you have been using other treatments without the results that were promised and that you anticipated, THROW THEM AWAY and begin with this natural healing and curing ORE. It will NOT FAIL YOU.

**NOT A PENNY UNLESS BENEFITED!**

This offer will challenge the attention and consideration, and afterwards the gratitude of every living person who desires better health or who suffers pains, ills and diseases which have defied the medical world and grown worse with age. We care not for your skepticism, but ask only your investigation, and at our expense, regardless of what ills you have, by sending for a package. ADDRESS

**THEO. NOEL, Geologist, F. A. Dept., Toronto, Ont.**

## FROM DEATH UNTO LIFE.

The Experience of a Portage Lady Who Was Given Up to Die.

A Remarkable Recovery and a Signal Triumph for a Well-known Remedy.

It is never a pleasant prospect to have death staring you in the face, and to have doctors tell you that you are so far gone with disease as to be beyond the reach of medicine. The words of one who has been through this experience must prove interesting reading to suffering humanity, and be at once a pleasure and a profit.

Miss Bella Galbraith is a young lady who is well known in town, having lived here for a number of years. A News representative, having heard of her wonderful recovery to health, visited her and obtained her story, which we will give in her own words. She said:

I have been sick for nine years, and been attended by fourteen doctors for over a dozen different diseases. Different doctors called my ailments by different names—Indigestion, Liver Trouble, Catarrh of the Stomach, Spinal Trouble and Rheumatism were some of the diseases. I had my stomach pumped out 150 times. I was hung up with pulleys and put in a plaster cast for spinal trouble, and remained in the plaster for six months, at the end of which time I was not better than at first. I wore a wide leather belt to support the spine for three years. During this time I was attacked by erysipelas of the bone in the wrist. The hand was lanced twenty-seven times in six places.

Three years ago I was attacked by tuberculosis, which started in the foot. I was sent to the hospital in Winnipeg, and the doctors there wanted to cut off the foot. It was all that could be done, they said, and even that would not prevent the disease from developing in some other part of the body, and that it would start every spring in a new place until the disease killed me, as they said it was impossible to cure it. Medical skill might in the future learn to deal with it, but at present no doctor could do anything with it. They put the foot in a plaster cast, but had to remove it on account of the foot swelling.

I was sent home as incurable. On arriving home a doctor had the foot put in a cast, which was renewed every three months for about the space of nine months.

I had to keep my foot upon a chair in a horizontal position for a space of two years and eight months.

Two years ago, after having failed to obtain relief from the sufferings and been given up by the doctors as incurable, I had my attention drawn to Vitæ-Ore, which had been making some wonderful cures. I did not have much faith in its power to help me, but determined to try it.

After taking Vitæ-Ore for about a month the foot broke out in a rash, which healed up again in five days and then broke out again, and continued for a few months in this way until it broke every day all over the foot, and green matter broke from it. During the time I was taking Vitæ-Ore my general health began to improve. The stomach became strong and my appetite returned. The spine became so strong that I could go without the belt, and have not worn it since. Last July I began to walk with the aid of crutches, and in October I was able to take a few steps alone. To day I am able to walk with a cane, and my general health is good; in fact, I feel better than I have ever been in nine years. The foot has healed up and there is not a scar on it. I owe my life to Vitæ-Ore and its Preparations, and will gladly testify to its merits. Anyone who would like information further than is here given can write to me and I will be pleased to tell them how I used it, and what it has done for me.—[From the News and Portage la Prairie Review, Portage la Prairie, Manitoba.]

How can you refuse to give it a trial after reading such ringing testimony? If you need the treatment it is a sin and shame if you do not.

## A CERTAIN AND NEVER-FAILING CURE FOR

- |                   |                                     |
