**MYRICK SYNDICATE, Springfield, Mass.**

A woman who was shopping in a large department store in New York not long ago evinced a genius for "quick finance" that completely took the salesman off his feet. The shopper was considering the purchase of a yard of silk, which the clerk informed her would cost her eighty cents. Her purchase left a remnant of a yard and a half, which remnant the salesman, of course, immediately suggested she should take. "What will it cost?" demanded the woman.

"Fifty cents, madam," politely responded the clerk.

"Then I'll take it," promptly responded the shopper, "and you may keep the yard you've torn off."

## Fat is Out of Style

To paraphrase Caesar's remark, the director's gown came—was seen—and has conquered. So fat ladies are reduced, so to speak, to the necessity of either reducing at a very rapid rate or eliminating themselves from public view until the fashion dies out. Otherwise they risk being ridiculous.

Since many fat ladies will not eliminate themselves, however, but, per contra, will insist on wearing the curveless gown, no course is open to this well-meaning scribe other than to tell them how they may eliminate the fat.

What is there, then, that reduces fat safely? What pleasant inexpensive article is there on druggists' shelves that can reduce a pound a day without causing wrinkles or stomach ache? What can the pharmacists offer as an improvement over scanty victuals or ten mile walks without breakfast? Is there anything pleasant to take and inexpensive to buy that will reduce one uniformly, quickly and innocently thirty pounds a month? Here is the answer: Either write the Marmola Company, Detroit, Mich., or ask your local druggist for Marmola Prescription Tablets, and for 75 cents they or he will give you one large case of these safe fat reducers, containing so generous a quantity of tablets that sometimes one case only is needed to produce the desired results. Can you match that for a simple solution of your problem?

## Let us send you a Peerless Incubator and Brooder to-day and start you on the right road to profitable poultry raising

**Y**OU can make more money out of poultry for the time, attention and investment it requires than any other department of your farm will produce. The money is there. Others are getting it, and you can get your share. But you must go about it the right way. Anyone who is making money out of poultry to-day will tell you, that to be successful you must use an Incubator. All you have to do is get the facts and decide which incubator will give you the best results.

Now we have studied poultry conditions in Canada very closely—have been doing so for years. We have been raising poultry for years on our farm—the Poultry Yards of Canada Limited at Pembroke—and making good money out of it. We know that the incubators that are successful in the United States are not suited to Canadian conditions. We know, for we have tested every one of them. It was because these machines failed to come up to the standard of success which we were looking for, that we produced the Peerless Incubator. It has proved to be the most successful of all the ones we have tested. The Peerless is the only incubator used on our farm. If there was a better one in any place in the world we would use it—for our object is to make the biggest possible profits out of poultry.

It stands to reason that the Peerless Incubator must be the most successful in Canada. It is the only one that is made in Canada to suit Canadian conditions, and as the direct results of experience in poultry raising in Canada.

The Peerless Incubator has been thoroughly tested in all parts of Canada under all prevailing climatic conditions. In every case it has proven the most successful. We have thousands of letters from all over Canada telling of the success our customers are having with the Peerless Incubator. Very likely some of these letters come from your neighbors. What we have said of the Peerless Incubator also applies to the Peerless Brooder. It is built to suit Canadian conditions, and has proved itself to be the best brooder for use in Canada.

Right in your district money is being made out of raising poultry the Peerless way—you can make it too. Write for our book "When Poultry Pays." It tells the whole story. Sit down now, while you are thinking of it, and write for this free book.

to the free advice and help of the experts on the farm of the Poultry Yards of Canada Limited. No matter what problem comes up—hatching, fattening, laying more eggs—just write us and the return mail will bring you full instructions. If you cannot get all the profit you think you are entitled to, just write us and we'll put you in touch with buyers who will pay the very highest market prices.

### \$510 in Cash Prizes for most successful poultry raisers—

We are thoroughly interested in the poultry industry of Canada. We want to see it become much bigger and more profitable. We want to see Canadian poultry raisers take more interest in their work and become more proficient in the operating of incubators.

We know that if we can create a competitive feeling among poultry raisers we will have done much for the industry in Canada. For these reasons we offer \$510 in cash prizes to the poultry raisers who are most successful. The prizes are divided as follows:—

- First Prize - - - - \$100.00
- Second Prize - - - - 50.00
- Third Prize - - - - 25.00
- Ten prizes \$10 each - - 100.00
- Twenty prizes \$5 each - 100.00
- Twenty prizes \$3 each - 60.00
- Twenty-five prizes \$2 each, 50.00
- Twenty-five prizes \$1 each, 25.00

The competition is open to every owner of a Peerless Incubator. Professor A. G. Gilbert, Chief of the Government Poultry Department at Ottawa, has kindly consented to act as judge. The names of the winners will be published in this journal after the awards are made. Write to-day for full particulars.

We are helping lots of Peerless users to make big money now—we can help you do it, too. Write us to-day for particulars.
