The Combination That Leads

THE WEEKLY TELEGRAM and its Premium "On The Look Out"

If you have not been a subscriber to *The Weekly Telegram*, many of your neighbors have, and they will tell you it is the best weekly west of the great lakes. The market reports are accurate and up-to-date. In this age of competition every farmer must have the fullest information possible on the price of grain, hogs and cattle. If he has access to the market reports of this paper he will know when to sell and what to ask. *The Telegram's* reports are never colored, but are always accurate, and every week give a true and impartial statement of the situation.

The special news features, the editorials and the sections devoted to women, makes *The Weekly Telegram* the best to be had in Canada. This includes the best dress patterns, especially drawn for *The Telegram* and sold only to *Telegram* readers at a nominal figure. Another feature which puts the *Telegram* in the very front rank of western weeklies is the **Comic Section in Colors**. No other weekly in Canada gives its readers this big feature every week in the year. The old and the young, in fact every member of the family, follow with increasing interest the doings and sayings of the humorous characters in our comic pages. We repeat, it's the greatest comic feature offered by any newspaper in the country—and *The Telegram* alone has the exclusive use of the Copyright in Western Canada.

THE PREMIUM.—"On The Look Out," a masterpiece in fourteen colors, reproduced directly from the original painting by the colortype process and faithfully retaining all the tones, effects and shadings of the original. The reproduction is a natural subject, and tells the beautiful story of "Evangeline" waiting at the gate near the old home. The masterly shading and the harmony of color will appeal to all phases of humanity as only a picture from nature can. This magnificent reproduction is 16x20 inches, ready for framing. It will constitute an ornament on the wall of any home and is a real work of art.

The Razor Steel, Secret Temper, Cross-cut Saw

WE take pleasure in offering to the public a saw manufactured of the finest quality of steel, and a temper which toughens and refines the steel, gives a keener cutting edge, and holds it longer than by any process known. A saw to cut fast "must hold a keen cutting edge." This secret process of temper is known and used only by ourselves. These saws are elliptic ground thin back, requiring less set than saws now made perfect taper from tooth to back. Now, we ask you when you go to buy a saw to ask for the Maple Leaf, Razor Steel, Secret Temper Saw, and if you are told that some other saw is as good, ask your merchant to let you take them both home, and try them, and keep the one you like best. Silver steel is no longer a guarantee of quality, as some of the poorest steel made is now branded silver steel. We have the sole right for the "Razor Steel" brand. It does not pay to buy a saw for one dollar less, and lose 25 cents per day in labor. Your saw must hold a keen edge to do a large day's work. Thousands of these saws are shipped to the United States and sold at a higher price than the best American saws. Manuf'd only by SHURLY & DIETRICH, GALT, ONT.

The Alberta Farmers' Association

is prepared to send an organizer into any district in the Province that will send to the Secretary the names of twelve farmers who desire to form a "local."
