To the Victors Belong the

The baroness, writes Miss Violet R. the information necessary. Markham in Watching on the Rhine, told a British officer that one of his men insulted her. Indeed, she de clared, she had never been so insulted charted, she had never been so insulted in her life. The officer at once began inquiries and finally learned that the lady had found two British soldiers whistling and sliding down the banisters of her back stairs. She had told them sharply that whistling and slid-ing on the banisters were forbidden. Ing on the banisters were forbidden. Whereupon Thomas Atkins, genial and undefeated, had turned to her and remarked pleasantly, "Aye, missus, but yer should have won the war, and then yer could have come and slid down our back stairs and whistled."

A Tree for a Tree.

When a forest administrator says that he hopes to see the time when a tree will be planted for every tree cut down on non-agricultural land he does not mean this literally. What he means is that when an acre of forest land is cut over that acre should be land is cut over that acre should be planted or seeded at once to bring on another crof. It this is done by planting it will mean that five or six times as many trees will be planted as are cut down, because to induce high-growth forest trees are planted much closer together than the mature trees. loser together than the mature trees stand when cut down. The trees that do not reach maturity are either thin-ned out and used for rails or fuel, or die off because the trees that have forged ahead have shut off their sup-
