COLWELL'S PITCHING TOO GOOD FOR LEAFS Toronto, June 15—There are several reasons why Toronto didn't win the final game of the series from Montreal yesterday. Trout's fumble of a fly ball with two runners on bases and two out in the sixth, didn't help the Leaf cause to any noticeable extent, nor did McTigue's wild pitch, which immediately followed it. The real reason of the loss of the game by Toronto is found in the fact that the Islanders couldn't hit Colwell. That is to say they couldn't hit him when hits would have turned the tide of the battle. So the Leafs took to the road for a long eastern trip after losing two of the series of three games to the Royals. Said Royals are scamparing along at a great rate just now, and it was no disgrace to be beaten by such pitching and such fielding as was turned loose against the Birmingham boys yesterday. Giants Get One Hit Off Jimmy Lavender New York, June 14—Chicago won its third straight game from New York yesterday, the score being 4 to 0. It was the first time New York has been shut out this season. Kauff's infield hit which took a bad hop from Lavender in the seventh inning, was New York's only safety, and prevented Lavender from duplicating the no-hit game he pitched against the Giants last season. The veteran Mathewson pitched well for New York but was recorded wretched support. Score: R.H.E. Chicago . . . 000 010 021—4 8 1 New York . . . 000 000 000—0 1 5 Lavender and Archer; Mathewson and Kariden.

Covaleskie Comes Back and Beats Highlanders Detroit, June 15—Harry Covaleskie, who defeated New York on Monday, held the Yankees to six hits yesterday, Detroit winning 6 to 2. Veach got two triples and two singles in four times up. Score: R.H.E. Detroit . . . 000001001—2 5 5 New York . . . 1101002x—6 11 1 Mogridge, Fisher, Russell and Walters; Covaleskie and Stangne.

Braves Come Through in Twelfth Inning Boston, June 14—The Braves defeated Cincinnati 4 to 3 in a 12-inning contest yesterday. A triple by Molwitz during the seventh inning drove in two runs and tied the score at 3-all. In the twelfth with two out, Magee doubled over first base, scoring Snodgrass, who had singled. Score: R.H.E. Cincinnati . . . 000 010 200 000—3 6 0 Boston . . . 001 101 000 001—4 13 0 Mitchell and Wingo; Ragan and Traggessor.

Home Run by Niehoff Wins for the Phillies Philadelphia, June 15—Niehoff's home run with two men out in the twelfth inning ended a pitching duel between Rixey and Jacobs and gave Philadelphia the victory over Pittsburgh yesterday 3 to 2. Score: R.H.E. Pittsburgh . . . 100 000 010 000—2 5 1 Philadelphia . . . 000 001 003—3 8 2 Jacobs and Schmidt; Rixey and Kilfifer.

WAGE CONFERENCE LIKELY TO END IN A DEADLOCK Strike May Result in Railway Circles as a Result. By Special Wire to the Courier. New York, June 15—Railway managers and officials of railway unions who have been discussing wages and hours of work believed that this would be the last day of their conference and that it would end in a deadlock. The conference has been in session most of the time since June 7, and is estimated to have cost upwards of \$100,000. More than 800 delegates from the unions of railway employees have attended the meetings representing 350,000 workers. The union men have rejected flatly a proposal by the managers that no man shall be paid twice for the same time, although his day may be divided between two classes of work. Some of 105 questions submitted by the men to the managers remained to be answered to-day. After this it was expected the conference would adjourn. Labour leaders said the next step would be to submit to the unions a referendum vote as to whether the officials should be empowered to exercise their own judgment in calling a strike.

PREPAREDNESS IN WASHINGTON Seventy-five Thousand Men Paraded Pennsylvania Avenue. By Special Wire to the Courier. Washington, June 14—Led by President Wilson carrying the Stars and Stripes, nearly seventy-five thousand men, women and children of Washington marched up Pennsylvania avenue to-day, in a preparedness parade arranged to emphasize the national capital's demand for an adequate army and navy. Besides marching himself and then reviewing the parade, the president had prepared an address on "America First," to be delivered in the afternoon at an open air meeting south of the White House. Washington was brilliantly decorated for the occasion. It was a holiday, for under an executive order issued by the President all government employees were excused from work and many stores were closed. The parade was a strictly non-partisan affair.

GETTING BACK TO THEIR WORK U. M. W. of America Have Agreed to Temporary Arrangement. Pittsburgh, June 14—Miners of District No. 5, United Mine Workers of America, who refused to accept the agreement made by their officers with the Vesta Coal Company, one of the largest in the district, resumed operations this morning, a fuel supply for some of the most important steel mills along the river, and reports from the other mines said that numbers of men were appearing for work. The miners insist that the arrangement is to be in force only until a new scale has been decided upon. Fifty thousand miners were affected by the strike.

AUTO THIEVES ROUNDED UP Their Operations Said to be World-wide—Have Stolen 200 Cars. By Special Wire to the Courier. San Francisco, June 15—Four suspected agents of a group of automobile thieves whose operations were said by the police to have been world-wide, are under arrest here to-day, while an investigation was continued into their alleged activity in stealing and disposing of more than 200 cars. Many of the machines were stolen in California and disposed of in other states and countries as far distant as England and New Zealand. The police said the men operated on a large scale and were able to dispose of the cars easily by re-arrangement of tires, wheels and engines. Agents of the gang were maintained in New York, the police asserted. The men under arrest are: William Miller, W. F. Gorman, John Cubage and Frank Cooper. All are automobile mechanics.

London, June 14—The amalgamation of certain shipping and colliery interests into a corporation having a capital of £100,000,000 has been completed, according to persistent rumors in business circles to-day. It is stated that colliery proprietors and ship owners with large holdings have come to an agreement for mutual service and interchange of commercial facilities. The intention is to make use of the maximum power of coal and shipping for the benefit of international customers at the close of the war.

HOME PROTECTION Bill Introduced in Spain to Exclude Foreign Capitalists From Shipping Industry. By Special Wire to the Courier. Madrid, via Paris, June 15.—Rafael Casset, former minister, has introduced a bill in the chamber of deputies to-day to prevent foreign capital from obtaining control of Spanish shipping. The bill provides that the stock of shipping companies shall be nominal, and that only 25 per cent. can be held by foreigners. In order to prevent transfers of stock to foreigners while the bill is under discussion, King Alfonso signed a decree making its provisions applicable immediately.

DAYLIGHT SAVING France Has Adopted New Method of Time, Starting Last Night. By Special Wire to the Courier. Paris, June 15.—Following the example of England, Germany, Italy and the Scandinavian countries, all clocks in France were set forward one hour at eleven o'clock last night in accordance with the daylight saving bill. The new method of calculating time will be continued until October 1st.

Christiania, June 14.—Via London, 12 noon—After a debate of twelve hours the Socialists early to-day decided to end the general strike declared last week in a protest against the bill for compulsory arbitration in labour disputes. The bill has been passed by parliament. The strikers will resume work to-night.

DANISH SHIP CAPTURED IN NORTH SEA Taken by German War Vessel to Port of Hamburg. DANES ARE NOT SATISFIED Will Demand Release of Ship Guldberg, Seized Two Weeks Ago. By Special Wire to the Courier. London, London, June 15.—An Exchange Telegraph despatch from Copenhagen says that the Danish steamer Osloe has been captured by a German warship in the North Sea and taken to Hamburg. The Osloe was recently built by a Dutch company for Danish ship owners and was on her way to Denmark under the Danish flag and with a Danish crew aboard, when captured. She carried no cargo. The Swedish schooner Svea, on her way to England with pit props, has been captured in the Sound by a German warship and taken to Swinemunde. Denmark will demand the release of the Danish Steamer Guldberg, captured by a German warship a fortnight ago and taken to Swinemunde, according to a Copenhagen despatch to the Exchange Telegraph company. This was decided upon the return of the crew, which made a declaration before the Danish maritime court. The captain declared that the capture was made in Swedish waters, adding: "I protested because the ship was in neutral waters, but a German officer pointed a revolver at my head and threatened to kill me if I did not deliver over to the ship's papers." The captain admitted an attempt to escape. Before the German prize court, the German officer declared that the Guldberg was captured in international waters, and said he had threatened the captain because he was rebellious.

Assignment of Pay is Now Limited Authorities Say It is Necessary for Protection of the Soldiers. Ottawa, June 15.—A statement has been issued by the Militia Department concerning a recent order in Council limiting to twenty days' pay the amount of pay which a soldier should be permitted to assign. In some quarters it is stated this has been criticized, and it has been contended in the western press that a deputation intends to go from Winnipeg to Ottawa to ask for the rescinding of the order in Council. "It is not at all likely," says the statement, "that such a deputation would succeed in its purpose."

NO REPLY UNTIL CONVENTION OVER United States Anxious to Impress Mexico That Politics Has No Influence. By Special Wire to the Courier. Washington, June 14.—The United States' answer to the last note from General Carranza probably will not be made until after the St. Louis convention ends this week, it was said in administration circles to-day. The delay was considered advisable to eliminate chance that any action toward Mexico at this time might be interpreted as prompted by political influences.

TO HELP THE MEN. A private soldier is paid \$1 a day, with an allowance which brings his money up to \$1.10 a day, or \$33 in a month of thirty days. His wife gets from the Government a separation allowance of \$30 a month, and in addition a proportion of his pay, which he assigns to her. Hitherto the soldier has been allowed to assign as much as he chose, and many assigned almost their whole earnings. Inconvenience followed, and a short time ago it was represented by the military authorities overseas that men who had assigned more than twenty days' pay of their rank did not leave themselves enough money, and often got into financial difficulties owing to their generosity. Accordingly, the order in Council was passed limiting the assignment to twenty days' pay. If a private soldier in England assigns twenty days' pay this amounts, in a month of thirty days, to \$20. This leaves him \$13, and this sum is paid to the man for himself. It is felt that \$13 a month is not an excessive amount to allow a man. If he is of opinion that his relatives should have more he can save it and send it home. The point of view of the authorities is that a soldier should be allowed to spend some of his own money.

ATTITUDE OF THE ALLIES DENOUNCED Meetings in Athens Declared for King and Government. Athens, June 14, via London, June 15.—The attitude of the Allies toward Greece was denounced at a number of meetings held here to-day, at which resolutions were passed expressing loyalty to King Constantine and confidence in the policy of Premier Skoulioussis. The resolutions protested against the blockade of Grecian ports established by England and France, and denounced the conduct of the allies toward neutral nations and "especially toward the president of the United States of America." A feature of the resolution was that the king was referred to as "our glorious sovereign, King Constantine XII." This title placed the monarch in the line of the ancient rulers of Constantinople.
