Unequalled Values in Violin Outfits

We have told you from time to time that a very high standard of quality is set on all lines carried by Eastern Canada's Greatest Music House. That the markets of the whole world are searched for the best that is made. That we stand back of everything sold by us. That you can do business with us no matter where you live—and you will do it satisfactorily too.

Now in order to prove just what J. A. McDonald Piano & Music Co., value in Violins means, we want you to buy one of these Violin outfits. You will notice that these outfits have been placed at figures that will suit any pocket book.

Each outfit consists of a Violin, Bow, and instruction book.

Here are the prices for the complete sets:

\$5**\$15****\$25**

You will be more than pleased with them. Better order yours today

J. A. McDonald, Piano & Music Co.

A TALK ABOUT SLAG.

In buying Basic Slag it is of the utmost importance that the Farmer should know just what he is buying. He should remember that "High Grade," "Best Quality" and such terms are absolutely without significance and may be and are used by unscrupulous sellers to cover most inferior goods.

The Government requires for the protection of the farmer, that the guaranteed analysis shall be either branded clearly on the bag or that a tag with this information be attached to each bag. Study carefully this analysis and remember that a Basic Slag guaranteed 14 p. c. Phosphoric Acid does not give you 14 p. c. available Phosphoric Acid. The only thing that is important is the percentage of Soluble Phosphoric Acid. A Basic Slag guaranteed 14 p. c. Phosphoric Acid may have only 75 p. c. of the 14 p. c. Soluble or in other words, available. Basic Slag sold on a guarantee of 10 p. c. Total Phosphoric Acid at 75 p. c. solubility contains only 150 lbs. of Soluble Phosphoric Acid to the ton.

Here is a little table that will be of use to Farmers.

ENGLISH & FOREIGN SLAG SOLD UNDER A GUARANTEE OF—			
Total Phosphoric Acid	Solubility	Soluble Phosphoric Acid in Every Ton	
10	at 75 p. c.	contains 150 lbs	
12 to 14	at 75 p. c.	contains 180 lbs	
do	at 80 p. c.	contains 192 lbs	
14 to 16	at 75 p. c.	contains 210 lbs	
do	at 80 p. c.	contains 224 lbs	

Sydney slag guaranteed 12.8 p. c. Soluble Phosphoric Acid contains 256 lbs.

Farmers should bear in mind that English and other Foreign Slags of high grade cannot be imported and compete in value with the Sydney slag. Heavy freight rates across the ocean would make high grade Slags too dear, it is only low grade foreign Slag that can be sold at the price of the Sydney slag.

Looking at this Slag business from every standpoint a farmer cannot afford to buy any other than the Sydney slag.

The Cross Fertilizer Company who make the Sydney Slag have a reputation for living not only up to but beyond their guarantee. On April 29th, 1912, the Government Inspector for Nova Scotia drew a sample of Sydney Slag from stock held by the United Fruit Companies at Berwick. This was guaranteed to contain 12.8 Soluble Phosphoric Acid, when analyzed at the Government Laboratories, Ottawa, it was found to contain 14.96 per cent Available Phosphoric Acid. On the 9th of May, the Government Inspector for New Brunswick drew a sample from the Sussex Mercantile Company, at Sussex, which on being tested by the Government Analyst, was found to contain 14.83 per cent Available Phosphoric Acid. The value of any fertilizer is determined by what it contains and on Slag we reckon roughly that every unit per cent of available Phosphoric Acid is worth \$1.00 at the works, therefore every purchaser of Sydney Slag last year received \$2.00 per ton better value than was guaranteed.

In addition to the solid business advantage to be derived from the purchase of Sydney Slag all Nova Scotians should use this slag and support a valuable Nova Scotian industry. Use fertilizer made in your own country, and thus help to boost the industries of Nova Scotia.

The national pride of Canada
Is the pride of a princely land
And the goods that are made in Canada
Are the goods that her sons demand.

Farm For Sale

Farm for sale near Waterville, at a bargain if quick sale is made. Farm consists of 175 acres, there are 13 acres of orchard, part of which is just commencing to bear. average crop 1000 bbls., should increase each year, 50 tons of hay, plenty of firewood, poles, and barrel material, 15 acres of pasture, 50 acres arable.
