Brockville riding the presence of a McCarthyite candidate added an element of bitterness to the fight that was happily absent from this constituency. Riotous disturbances, flavored with stale eggs, and unrestricted reciprocity in fisticuff encounters characterized some of the meetings in Brockville riding, the latter creating a demand for remedial raw beef for blackened eyes. The contest in South Leeds was exciting, but the feelings of the people were kept in legitimate channels, all speakers being given a fair hearing.

At an early hour Liberals and Con servatives sought their respective committee rooms to await the result, The first returns from outside showed the Liberals to be making substantial gains, and this lead was continued until nearly all the returns shown or until nearly all the returns shown on the first page of this issue were in. Early in the evening Conservatives had celebrated their local victory with a bonfire at the north end of Elgin street, and when the victory of the Liberal party in the Dominion was placed beyond peradventure the younger members of the party decided to hold a little jubilee in honor of the victory. Accordingly, materials for a big fit were quickly collected, placed in the square at Taplin's corner, and the torch applied. In the bright light of the flames the young Grits paraded, sang

impromptu songs, and rejoiced exceedingly.
