"GAME OF BLUFF"

Such was the Title of Cheap Novel
which a Lad Convicted of Theft,
Carried.

Major Coogan has again recovered
the little lad who took French leave
recently when he was being convey-
ed to the lock-up. The Major has
been persistently on the trail of the
little culprit ever since, and finally
succeeded in securing the lad last
night. He found the boy safely en-
cumbered in bed sleeping the sleep of
the just. The High Constable inter-
rupted the nap and had little regret,
as the boy has frequently been the
cause of the High Constable losing
his allotted share of sleep.

When arraigned this morning the
lad's pockets were bulging with cheap
literature. As Judge Houston gazed
at the flaring type on one brilliant
cover, he read "A Game of Bluff."
"Just exactly what I expected to
find in your pocket," remarked the
Judge. "Had you left the reading of
such literature alone, you wouldn't be
where you are to-day."

The court wanted to know if that
was the same game the boy had
worked on the Major. The lad has
been convicted of stealing two watch-
es. He was remanded till Wednesday
to jail.

PLEA ANT TRIP

Mr. and Mrs. Fred. Stone, of this
city, and Mr. and Mrs. J. P. McKay,
of Toronto, have returned from a two
months' trip to the Pacific Coast.
Mr. McKay, who is now connected
with the "Globe," is a former Chat-
hamite, having at one time owned
the Banner. They enjoyed the trip
very much and had a very interesting
as well as pleasant time. In a brief
conversation with Mr. Stone concern-
ing his trip, he said—

"Our chief aim in going was to see
our own Canadian west, but while
we were there we took advantage of
the opportunity to visit the coast.
Our first stop was at Winnipeg and
then we proceeded through the prairie
country to Banff and Laggan and
stayed there for awhile. We
then proceeded to Revelstoke, B. C.,
and Vancouver and Victoria. We
then took in San Francisco and Seat-
tle and Portland on the way back.
"The most noticeable feature of the
Northwest of the present time is the
immense amount of immigration. The
people are going in in train loads
from Winnipeg and eastern cities.
There is also a large amount of
English tourists who are going
through the country merely sightsee-
ing."

"The mountains are simply inde-
scribable. I saw some of the finest
scenery I have ever seen, going
through the Rockies. When we
were going from Portland to San
Francisco we passed Shasta, a snow-
peaked mountain, and some of the
Americans who were near us were
admiring it, but we told them that
they could see any number of Shas-
tas if they went through the Cana-
dian Rockies."

"The C. P. R. Hotel at Banff is
situated in a valley with snow-capped
mountains on all sides. I would
like to have stayed at Banff all sum-
mer. Through the country around
Vancouver and Victoria one is struck
with the luxuriant growth of flow-
ers, roses, daffodils and climbing vines.
"I should judge from what we saw
on our trip, that the west can ac-
commodate room for the exercise of all
the energy that Canadians possess to
develop its varied and almost inex-
haustible resources. The farmers
were just beginning to cut their
wheat when we went through, and
everybody expected a good yield and
good prices."

"We had intended to visit Arrow
Lake, near Rossland, in British Col-
umbia, but when we got there the
smoke was so bad from recent bush
fires that we decided to go right on
to Victoria. Arrow Lake is a long
body of water with a C. P. R.
steamer plying from one end to the
other. It is said that the sail is a
very pleasant one."

"We spent yesterday in Chicago and
returned home last evening. Mr.
and Mrs. McKay went through to
Toronto."

WATER ROOMS.

The Water Commissioners met last
night. Dr. J. L. Bray, W. D. Sheldon
and Secretary J. C. Weir being pres-
ent. The financial statement for the
month was very satisfactory. There
is a cash balance in the bank of
\$2385.70. This month \$218.88 was re-
ceived from Windsor for the 10-inch
pipe which was sold to that city.
The maintenance and cost of operat-
ing during August was \$857.73. The
users of water is still on the increase
as the statement shows \$145.42 spent
on extensions and \$233.27 spent on
house service.

GOING TO ST. LOUIS

A party of 70 from La Presse, Hon.
Israel Tarte's organ, left Montreal
this morning for the St. Louis ex-
position. They are travelling in two
chartered tourist cars which are at-
tached to the regular train which
goes through Chatham about 1 a. m.
to-morrow. The party expect to
spend about a week at the big fair.

Don Winterstein, formerly of the
Kent Mills, left for Toronto this
morning, where he has secured a lu-
crative position.

The noontide sun is dark, and mu-
sic discord, when the heart is low.

The most profound joy has more
of gravity than of gaiety in it.

ONLY A ONE-THIRD CROP.

Dominion Millers' Association Pessimistic
About Ontario's Wheat.

Toronto, Sept. 2.—The annual
meeting of the Dominion Millers' As-
sociation, held in the Board of Trade
Council Chamber yesterday after
noon, brought together about 75
members from all over the Province,
and furnished an occasion for a gen-
eral airing of pessimistic views re-
garding Ontario's crop outlook.

"The highest individual estimates
given by any member of the 24 who
have reported," said Mr. Shaw, "fig-
ures on three-quarters of a crop.
Several went on but one-quarter,
while most reports are on a basis of
one-third."

Medley Shaw President.
The election of officers for 1904 re-
sulted: President, Medley Shaw, To-
ronto; Vice-President, George
Goldie, Ayr; second Vice-President, S.
W. Vogan, Walkerton; treasurer, Wil-
liam Galbraith, Toronto; Secre-
tary, C. B. Watts, Toronto. W. B.
Hopley (Hamilton), H. Barrett (Port
Huron), L. A. Hunt (Toronto), M.
McLaughlin (Chatham), and H. N.
Rice (St. Mary's), were chosen mem-
bers of the executive.
On adjournment the members went
to the fair grounds, where they were
entertained by the directors.

CONSCIOUS FOR 5 MINUTES.

Mr. Blanchet, M.P., Was Taken From
Grand Trunk Wreck Alive.

Richmond, Sept. 2.—Two bodies of
Grand Trunk wreck victims yet re-
main unidentified. The man Bissan,
who was supposed to be from Bel-
oeil, is apparently from La France,
Mass., or Manchester.

Mr. Blanchet, M.P., when taken out
of the wreck was still alive. He was
attended by a priest who, while he
lay on the grass near the wreck,
gave him the last rites of the church.
He was conscious for about five
minutes.

The people of Richmond have done
all they can to render aid to the in-
jured. It is a peculiar fact that no
women were killed.
While everyone appears to blame
Conductor Atkinson it should be said
that he has for years been consid-
ered one of the company's most careful
and experienced conductors.

Official Statement.
Montreal, Que., Sept. 2.—Grand
Trunk officials are emphatic in their
declarations that the fact that two
trains running to Richmond from
almost opposite directions were both
numbered alike, did not contribute in
the slightest degree to the accident.
