"Climax Furnace" for Wood

Is Admitted by All to be the Best Furnace in Every Way that can be Purchased in the Market.

CANNOT POSSIBLY CRACK BY EXPOSURE TO HEAT.

The Fire Box or Dome, is made in one piece and heavily corrugated; thus giving i great strength and heat radiating surface, and so constructed that the joints cannot leak smoke, which is the great objection to every other Wood Furnace in ase. The feed Door is large and will admit of burning all kinds of rough wood, which, jewith the Check Dampers, controlling the fire, makes the Climax Furnace also the most economical. There being no thin plates or sheet iron used in its construction it will easily
