Far be it from Mr. Papke to slam the teferee or question his decision. All he wishes to get before the jury is that he was jobbed, nicked, and horn-swaggled. He is too good a sportsman to say that he was cheated. His modest request of the public is to please regard him as the victum of a bare-faced robbery.

The deduction from expert opinion is that Ketchel would have put Papke away in comfortable sleep in the earlier stages of their twenty round set-to had not Ketchel unfortunately blinked a fin in serving a poke to the sconce. Had Papke been duly informed about this he might have done a great many things to Ketchel in the succeeding rounds.

Charles Francis Barker, 51, for many years the world's checker champion, died in Boston this week. Before he was 20 years old he had met most of the famous checker players of the country and had defeated many of them. In 1878 he won the championship of America by defeating M.C. Papke boosters and Ketchell knockers are sending dozens of letters all over the country with things to say, says Hotspur McBride, of the Buffalo Enquirer. Some say that Ketchell is an overrated man. Others say that Roche, the referee, was handed something to pat the Michigan lad on the back. Another fellow declares that Roche had to give it to Ketchell, as the latter is matched with Johnson, and if he did not win that Coffroth would lose the best card of the year. It was a close fight. Ketchell was a disappointment but he can still go some in the middleweight class. As a matter of fact he never was a match for Johnson. He's too amall. He would take a world of punishment without whimpering but facing a man three times as clever, fifty pounds heavier, six inches taller and almost half again as strong is too much of a handicap. Of course, there are those who say that he will make Johnson look cheap. There are others who will bet that he knocks the big colored fellow out, but then again there are cool-headed men who will wager that Ketchell runs nothing better than Sweeney.

Albany, N. Is John J. "Muggsy" McGraw losing his grip?

The repeated stories that this will be his last season as manager of the Giants, his inability to control "Bugs" Raymond, and the fact that the New York team has been dissipating, is believed by many close followers of the game to indicate the scrappy leader is to quit the game.

Newark and Jersey City Played 14 Innings.

Newark, July 8.-The Indians and Skeeters had a battle royal yesterday. They fought it out for 14 innings and then victory had not alighted on either side.' It was a pitchers' battle throughout. The Skeeters had two two-base hits to their credit while the Indians failed to do this more than once. Jersey City made a lot of errors, and but for them it might have been another story.

NIING FOR BROOKLYN.

New York, July 8.—No information could be obtained yesterday of the report that Catcher Johnny Kling, of the Chicago National League Club, is to become manager of the Brooklyn club, and that a deal is pending whereby Kling and theire Zimmerman, utility man of the Chicago club, are to-day exchanged for Al Burch, the Brooklyn outrifieder, and Catcher Bill Bergen, also of Brooklyn. Kling has steadily refused to join the Chicago club this year, and it is said that his declination to play is based on an alleged refusal of President Murphy, of the Chicago club, to permit him to become manager of the Onicinnalis.

From the Brantford Expositor: There is a big chance that Mike Whalen, the Verity second baseman, will not be in local company very much longer. Whalen can play in better company.

For a hard hitting fielder Kerr, of Veritys seems to be monumental failure. Kerr hasn't hit in the five games he has played and it looks as if Manager Bond was color blind when he benched Holstock.

In spite of the fact that Simpson pitched 31 innings in three days he remarked last night that his arm was alright.

alright.

It is common talk among the players that the traditions of the league when it was first organized three, when it was first organized three, years ago that a ball player must work as well as play, are being openly violated this year by a few. These few will only kill the game for a lof of good fellows who will be here when they are gone, and the managers of both teams ought to apply the brakes.

Mike Whalen, who hails from Locker port, received his at the Falls from the fans, who generally fight every Lockport team that drops in.
