THE SCHOOL BOARD SELLS DEBENTURES

Good Price Realized for \$175,000 Worth of 4 1/2 Per Cent—The Purchases Were the Imperial Bank—Seven Other Tenders Received.

The Edmonton Public School Board's debentures for the year 1911, amounting to \$175,000 were sold at Wednesday's meeting of the School Board to the Imperial Bank for \$3,635. All are 4 1/2 per cent debentures, maturing annually at the rate of 1-10 every year. Compared with last year's they show a distinct advance. In 1910 \$160,000 worth of 5 per cent debentures were sold for a little over 101. Had this year's bonds been 5 per cent debentures, at this year's rate they would have yielded 105. Taking the means of comparison the relative selling price this year has the advantage of 4 points over 1910.

Seven other companies submitted tenders, including the Dominion Securities Co., the Ontario Securities Co. and Wood Gundy Co., of Toronto. The Imperial Bank were also successful bidders for Strathcona's municipal bonds, which were sold on Tuesday of last week.

The school debentures differ from ordinary municipal bonds in that they mature at the rate of 1-10 annually. For this reason they are not so valued as an investment, and for this reason the Edmonton school board considers that they have achieved a distinct success in the sale.

JUDGES DECISION ON BEST FLOAT

That of the Sons of England in Their Opinion Could Hardly Have Been Improved Upon—Criticism of the Others Shown.

Owing to the unusual interest felt throughout the city in the floats that were exhibited in the procession on Coronation Day, the judges have fully prepared their report in which they state that it was the unanimous opinion of the committee that the prize should go to the Sons of England, which in their opinion, could hardly have been improved upon.

All Floats Were Progressive. We should first of all congratulate the various organizations on the interesting and artistic floats produced. There were in all cases very expressive of the societies and nationalities, and of a delightfully varied and original character.

The Scotch and English floats were strongly national; the former being about an object lesson in the glorious times and deeds of Scotch history, they were not, however, very expressive of the coronation ideas and the sentiment of imperial unity associated with the occasion, while we think a little more color in the way of flags or bunting would have heightened the artistic effect of the procession.

The Ladies of the Maccabees very artistically expressed the philanthropy of their order in the lady with the crown, sword, sheltering childhood from the lot of hunger and poverty. "Gallant Little Wales" while not aspiring to a float gave as the tradition of a coat escorted by two ladies becoming attired in the national costume. The Chinese float was a riot of red and yellow and Chinese lanterns, arranged with the fantasy and taste so characteristic of Chinese art. It made a bright feature in the procession.

St. George's Good Showing. The Royal St. George's Society made an especially good showing with a very pretty and original float. A special word of praise is due to the little children who took part, particularly little George and Mary whose courage and cleverness in maintaining so elevated a position throughout the parade greatly impressed us.

The Sons of England float had evidently been carefully thought out and reflected the greatest credit upon its organizers. As a float in a coronation day procession it could scarcely have been improved upon, both in the idea so imperially expressed and the genuine artistic arrangement and color scheme. The blue uniform of the naval officer and the white suits of the sailors provided a most happy color setting to the float itself.

In conclusion it is our unanimous opinion that the float of the Sons of England Society was the best shown and should be awarded the prize.

PROF. W. H. ALEXANDER, P. BYRON, C. LIONEL GIBBS.

TRAGEDY OF THE LAKE. Two Young Men on Freighter Scalded—One Is Dead.

Port William, June 23.—On the arrival at port tonight of the "Turret" Chief, Albert Baker, a young man employed as stoker on the boat, was taken to St. Joseph's hospital in Port Arthur, while the remains of another, a young lad of fifteen, were taken to a local undertaking establishment. The result of a tragedy on the lake. Both were employed as coal trowers. One of the boys had been scalded then so badly that Laughton was rendered unconscious. It was pointed out by the doctor that Laughton, who showed from Port Arthur on the last trip the boat, was employed as a deck hand and on the injury of a coal burner he went down with his place.

It is worse than usual to take any medicine internally for muscular or chronic rheumatism. All that is needed is a free application of Chamberlain's Liniment. For Sale by Dealers everywhere.

THEIR WORK IS DRAWING TO END

Both Committees Reached Agreement on Street Railway Extensions

With the adoption last evening with great applause by the joint committees of Edmonton and Strathcona of a motion providing for an extension of the street railway through the south-west part of Strathcona along Sixth avenue, and Seventh street, the labor of the amalgamation committees comes temporarily to a close and it will now devolve on the solicitors of the respective cities to carry out an agreement the terms of which have been arrived at in the various meetings that have been held in connection with the proposal by the committees to be passed on by the councils and afterwards submitted ratifiers who are the final arbiters of any contract that is to be binding on both cities.

After the meeting of the Edmonton committee which threw on the troubled waters of the last meeting, both committees met last evening in a conciliatory mood and the first act was the reading of the Strathcona committee's report approving of the proposed extension of the line through Parkdale, Beau Park and other outlying subdivisions, an effort being made to serve the more urgent needs by building the proposed main street line westward along Sixth avenue, south to Seventh and north along Seventh to connect up with the Whyte avenue line.

The Strathcona delegates dissented from the final selection of a line only and substituted therefor an extension of the line along Sixth avenue, an equal distance in the direction of Saskatchewan avenue extended.

A West End Park. Dr. Rutherford, who spoke in favor of this move, suggested that in this part of the city which should prove a very remunerative source of amusement to all citizens. Aid Tipton, however, dissented from his own committee as he said, on purely business grounds, maintaining that blind line along Sixth avenue which would serve the people in the evening, and that a very circuitous route would be a paying proposition neither to the city nor the property owners.

Both the Mayor spoke in favor of the plan, and Mayor Davies asserting that he had nothing more to say about the deal. "If any man says that the whole city is not now waiting for the truth is not in him. I think we have a square deal." The motion was carried unanimously, and was followed by the first demonstration of feeling that has marked the proceedings of the committees.

Solicitors to Revise. The only difference of opinion that marked the evening was as to the manner in which the clauses were to be revised. Mayor Davies thought that the committees should hold another meeting to go over the clauses and give them a final polish. Mr. Biggar thought that this was a matter for the committees had done their work as accurately as circumstances permitted and the final act of revision should be taken up by the council.

Board Still Sitting. Banff, June 23.—The miners' convention board still continues behind closed doors, the main question under discussion being the matter of wages. Progress in this direction of a settlement is slow, and until the attitude of the miners regarding the wage proposals of the operators is fully ascertained nothing can be done to bring the cessation of hostilities. Palling the accomplishment of a settlement of the wage question the only thing left for the board to do will be to digest the evidence and render its findings.

WINNIPEG'S EXHIBITION. The Canadian Industrial Exhibition to be held in Winnipeg from July 22 to 22 promises to be one of more than ordinary interest, airplanes, automobiles and motor cars are to be much in evidence. Daily flights will be made by Wright Brothers of Dayton, Ohio, and a unique race is to take place between a motor-car and an automobile and an airplane for which a purse of \$1,000 is to be given. A special display of automobiles will be made by thirty different manufacturers from all over America.

HOPE TO SETTLE DISPUTE. The coalition board of which his Honor Judge Taylor is chairman, dealing with the wages dispute between the city and its employees in the electric light and telephone departments, is holding its meetings behind closed doors. The members of the board state that the negotiations are proceeding in a most satisfactory manner. Up to the present it has not been found necessary to call witnesses and the hope is expressed that a satisfactory settlement may be reached by the efforts of the board without calling a single witness.

IS AFTER INFORMATION. The Rev. Manfred Griesbach of Wisconsin, Germany, manager of the Evangelical Main Society for German settlers and emigrants, is now paying a visit to the Edmonton district and is a guest at the Albert Hotel. Mr. Griesbach is touring Canada to gather first-hand information for the direction to this country of German emigrants of the best class. Under the laws of Germany, emigration propaganda is prohibited and no agents of foreign governments are permitted to induce Germans to emigrate, but no resistance is offered to those who make up their minds of their own accord to seek their fortune in another land. When Mr. Griesbach returns to Germany he will deliver a number of lectures on Canada and furnish advice and information to people of this class.

COMPLAINT FROM CITY RETAILERS

Say That City Sweeper Is Used During Hours Stores Are Open and Damage Their Goods. Complaint Against Power House Superintendent.

A complaint against the use of the street sweeper on Jasper avenue and the C.N.R. in Alberta, arrived in Edmonton Thursday, having spent several days circling through the country north of the line of the Canadian Northern between Lloydminster and Verreille. Greatly pleased with the country inspected, the party has taken up a large tract of farm land north of Verreille, from two to ten miles from the C.N.R. About 65,000 acres of land will be purchased in this tract at from \$10 to \$15 per acre.

T. F. Nield, of Meaford, who is conducting the party, stated to the Bulletin Friday that practically all the land would be improved, and from three to four crops taken off before the land would be offered for sale again. Steam plows are now being put on the land to do the breaking. A number of experienced young farmers are being brought out to Alberta by the capitalists and syndicates represented to do the improvement work.

Mr. Nield has made arrangements to bring another party out to Alberta, leaving Toronto July 16th. In this party there will be from 70 to 100 men, acting for eastern syndicates, chiefly barristers, who have arranged with their clients to take up blocks of land on their recommendation and have improvements made. The party will travel in two private cars.

A party brought out by Mr. Nield in May took up 35,000 acres of land north of Verreille, and a party which came out in April took up 15,000 acres. A party will be brought out each month till November, and in all it is expected will purchase over a quarter of a million acres of land, investing over two million dollars.

The leading members of the party now visiting Edmonton are: J. M. Walton, banker, Aurora; H. A. Nicols, banker, Richmond Hill; Dr. W. A. Keer, Elora; Dr. Philip, Toronto; W. E. Broley, Manufacturing, Montreal; J. P. McLaughlin, merchant, Elgin Mills, Ont.; Thos. Hulse, merchant, Aurora; Alderman Mac Thornberry, Andrew Noble, grain merchant, Meaford; D. Hill, Richmond Hill.

ONE KILLED, TWENTY-FIVE INJURED—James Madill of Toronto, a commercial traveller, the only person to lose his life on the ill-fated International Limited wreck near Newcastle.

TWENTY-FOUR YEARS AGO. Taken From the Files of the Edmonton Bulletin for Saturday, June 25th 1887.

Captain Bell and party left for the Mackenzie river on Friday. Chief Factor MacFarlane, late of the H.B. Co. of Alberta's district, is now stationed at Kamloops, B.C.

One of Mr. McCauley's pigs fell from the top of a building yesterday, one of 65 lbs. on Thursday, and was fished out from the water. A half-breed child, which for five months old weighs only 3 1/2 pounds. It is in a normal proportion and is quite healthy.

GIRL LEAPS TO DEATH TO SAVE HER BROTHER

Little Fellow Was Topping Backward into Lachine Canal When She Jumped In. Her Brother Held With Outstretched Arms Trailing Him to Safety.

Montreal, June 24.—In a brave effort to save her little brother, Edna Charpentier, of the St. Charles district, yesterday afternoon. The two children, while spending the summer in town started to bathe in the Lachine canal. The little boy's feet just reached the bank when he slipped and fell into the water. The body never reappeared, and has not yet been found.

IMPROVEMENT OF MAIL SERVICE TO THE WEST

Daily Service Authorized on G.T.P. as Far West as Edson and Tri-weekly to Hickerdike—Weekly Service for Grande Prairie Country. A daily mail service has been authorized on the Calgary and Edmonton lines west of Edmonton as far as Edson, to commence July 1st. Up to the present the service has been tri-weekly. The mail service to Hickerdike and Prairie Creek will also be improved to a tri-weekly service. The mail service to Grande Prairie will be improved to a daily service.

HOPE TO SETTLE DISPUTE. The coalition board of which his Honor Judge Taylor is chairman, dealing with the wages dispute between the city and its employees in the electric light and telephone departments, is holding its meetings behind closed doors. The members of the board state that the negotiations are proceeding in a most satisfactory manner. Party of Ontario Capitalists in the City; Have Purchased 65,000 Acres of Farm Land.

The party of 22 Ontario capitalists and Representatives of eastern syndicates which left Toronto on June 14th to inspect farm lands along the C.N.R. in Alberta, arrived in Edmonton Thursday, having spent several days circling through the country north of the line of the Canadian Northern between Lloydminster and Verreille. Greatly pleased with the country inspected, the party has taken up a large tract of farm land north of Verreille, from two to ten miles from the C.N.R. About 65,000 acres of land will be purchased in this tract at from \$10 to \$15 per acre.

Boy Scouts Engage in a Battle With Pillows on Train En Route to Montreal.

Shores from every corner. The next morning we got up at seven o'clock and cooked our own breakfast. The rest of the journey was rather uneventful, barring the scenery, until we arrived in Montreal. We pulled into Montreal about ten in the morning. The Y.M.C.A. let us have the plunge for a bath, and it certainly felt luxurious. After the bath we went outside for half an hour. When dinner was ready we went in and did justice to the fine repast generously furnished us by the Y.M.C.A.

After dinner a Montreal acquaintance turned up and took us up the mountain by the incline railway, and we enjoyed ice cream sodas and a view of the island at the same time. The incline railway up the mountain is about twice as steep, much higher and goes about three times as fast as the one in Edmonton.

After the trip on the incline railway we went uptown and had dinner at one of the small Montreal cafes. The Montreal scoutmasters had a fine treat waiting for us after dinner. They took us down to Dominion Park, which is the Congo Island of Montreal, and we certainly had a splendid time of it there. In one place there was a table on the floor, and we sat down to eat. The table tells of the experiences of the scouts up to the time of sailing for England in the ocean.

S.S. Empress of Britain. Friday, June 16, 1911. Dear Sir.—We arrived in Montreal yesterday, and are now sailing down the St. Lawrence in the steamer Empress of Britain. I am writing to tell of our trip up to the time of embarkation and will send this letter off by pilot.

We were given a grand send-off in Calgary by the citizens on Sunday night and some of the Calgary scouts marched to the train with us. We were given our berths in the sleeper and set to bed, but not to sleep. The train did not start until about two o'clock in the morning. Every time the scoutmaster went out of the car, out of the bunk, and the pillows were flung around and pyramidal figures scamper from berth to berth.

CELEBRATION IN MEXICO. Mexico City, June 25.—The coronation of King George was celebrated here with a religious service which was described as the most impressive ever held in a religious service in this city. President De La Barra with his staff and members of the cabinet, and the diplomatic corps attended. The day was made the occasion for the dedication of the new cathedral, which was completed at a cost of \$50,000.

MAKING GOOD PROGRESS. Daily sessions are being held by the special committee, composed of Commissioner Houston, City Solicitor Brown and O. J. Giesbach, representing the International Heating and Lighting Co. for the purpose of drafting an agreement with this company covering a gas franchise. The members of the committee state that they have good reason to believe that a satisfactory agreement may be drafted in the time for the city council for approval at the meeting to be held on Tuesday next.

HOPE TO SETTLE DISPUTE. The coalition board of which his Honor Judge Taylor is chairman, dealing with the wages dispute between the city and its employees in the electric light and telephone departments, is holding its meetings behind closed doors. The members of the board state that the negotiations are proceeding in a most satisfactory manner. GOOD PRICE FOR HORSES.

At yesterday's sale of stock belonging to Mc Lewis of Kitchener, \$8,000 was realized on 47 horses sold. They were a mixed lot, yearlings, two-year-olds, and three-year-olds. Mr. Stimmel, the auctioneer, states that he considers the sale one of the best in the district for some time.

WILL ADVERTISE EDMONTON.

The moving pictures of Coronation Day taken by Manager Wm. Card of the Orpheum, are now developed and will be shown for the first time tomorrow at a private exhibition before the mayor and aldermen.

There are 800 feet of film altogether, representing the business of the flag at 6.25 a.m., the salute that accompanied the parade from start to finish, the firing of the salute at the Diamond Park, Lieut. Governor Bulaya leaving the grounds, the military manoeuvres at the Exhibition Grounds and most of the important events in connection with the sports. Mr. Card states that despite the dull day the films have turned out remarkably strong and he thinks they will give an accurate idea of the whole celebration.

These pictures will be exhibited at different places in Western Canada and a part of the film will be sent to England to be exhibited to the King.

Million Dollars for Sand.

Ottawa, June 23.—The Dominion Government is richer by something over a million dollars by reason of a sale of part of the Blackfoot Indian reservation at Glacier, Alta. Some 112,000 acres of this reserve were surrendered for sale and 60,000 to 60,000 acres have been disposed of at \$17 to \$18 per acre. Part of the proceeds go back to the Indians in the form of implements and equipment.

Electrical Association Elects Officers.

Niagara Falls, Ont., June 24.—The Canadian Electrical Association today elected the following officers: President, A. A. Dien, Ottawa; vice-presidents, C. E. Pack, Toronto; W. L. Adams, Ontario Power Co.; W. L. Bird, Kaministiquia; Power Co.; secretary, treasurer, T. S. Young, Toronto. The management committee includes Phillips, Winnipeg; and R. H. Spurling, Vancouver.

White Rose Flour

Tastes Better! Goes Further! Has all the essential qualities for Good Bread Baking. Made in Edmonton by CITY FLOUR MILLS, CAMPBELL & OTTOWELL.

THE ORIGINAL AND ONLY GENUINE. BEWARE OF IMITATIONS SOLD ON THE MERITS OF MINARD'S LINIMENT.

Minard's Liniment. One hundred and thirty years ago the Hon. John A. Macdonald, M.P. was taken ill with a severe attack of rheumatism. He was unable to get up and his condition was such that he was expected to die. He was cured by the use of Minard's Liniment.

Your Profit Doubled. By preserving Eggs that bring only 20c a dozen at present time, until fall. When kept under a solution of our Water Glass Eggs remain fresh for months. One 25c will make 1-2 Tin at 25c galls. of Solution. No trouble to make, simply Mix with Water.

GEO. H. GRAYDON. 200 JASPER AVE. EAST. The King Edward Pharmacy.

Body of Unknown Leithbridge, June 23.—The body of an unknown man, who was found several miles from Leithbridge, was taken to the coroner's office. The man was found in a field and was apparently dead for some time. The coroner is holding an inquest into the cause of death.

FAMINE IN NOW. Washington, June 23.—In the light of reports that the people of the Red Cross have announced that no distributions are to be made to Chinese famine victims, the total amount of the Red Cross fund was \$80,000, which was expected to be \$100,000.

GRAND SIGN COVENT

Scene was one Present Will member

London, June 26.—A magnificent spectacle in the coronation was tonight in Coventry, which was transacted at a public exhibition before the mayor and aldermen.

These pictures will be exhibited at different places in Western Canada and a part of the film will be sent to England to be exhibited to the King.

Million Dollars for Sand.

Ottawa, June 23.—The Dominion Government is richer by something over a million dollars by reason of a sale of part of the Blackfoot Indian reservation at Glacier, Alta. Some 112,000 acres of this reserve were surrendered for sale and 60,000 to 60,000 acres have been disposed of at \$17 to \$18 per acre. Part of the proceeds go back to the Indians in the form of implements and equipment.
