THE ROYAL STORES LIMITED

Hr. Grace Notes.

Mr. Selby Garland, cooper, has purchased the house owned by Mr. James Garland, on Garland Street.

Constable Grouchy has just removed to Victoria Street, where he has rented the fine residence owned by the Kean's estate, John Trappell, Esq., agent.

Mr. James Alyward is again to the front with his gardening. He has some splendid potatoes that are just now coming out in blossom.

Mr. and Mrs. George Parsons and their little boy spent some time last week in town the guests of Mr. and Mrs. E. E. Parsons. Mr. P. left for

home, but Mrs. Parsons will remain a few days longer.

What came near being a serious affair for Mr. John Lynch, and in fact other residents of Harvey Street, occurred on Saturday afternoon. It appears that a few minutes after the train passed at 2.30 on Saturday afternoon Mrs. Lynch noticed fire at the rear of their house; sparks from the train falling on a broom standing in the corner started the blaze, which was only discovered in the nick of time. Had the fire not been discovered so quickly serious consequences would have resulted, as in a store close by were two casks of kerosene oil. Mr. Lynch carries no insurance, and as his house is only about 15 feet from the track he is uneasy, especially at night. The place is on an up

grade for the train and when taking that everything is "opened out." This would have been poor consolation for Mr. Lynch had his house, shop full of goods, and the savings of a life time been destroyed. He desires us to call the attention of the Messrs. Reid to this, in the hope that great care will be taken in future.

"Save me from my friends" can truly be said by the owners of the small business places in town on reading the New's correspondent's item referring to them as hucksters, and claiming that their shops will be the only ones open on Wednesdays during the summer. His idea of hucksters is not the same as that of most people, as one of our largest provision and grocery dealers, whose Labrador interests are away up in the thousands of dollars, will also have his business place open on Wednesdays. This business man was satisfied to keep one whole holiday and three halves each month, but that not being satisfactory he will keep his shop open. Outport people will therefore not be inconvenienced in coming to Harbor Grace any Wednesday during the summer. CORRESPONDENT.

Sad Drowning Fatality.

Mr. R. C. Smith, Supt. Anglo-Telegraph Company had a message last evening acquainting him of a double drowning accident in which Mr. James J. Thomey, operator at Bay du Nord, and his son, were the victims. Particulars of the sad happening are not yet to hand. Deceased was a native of Harbor Grace and well liked and esteemed. His wife predeceased him 4 years ago.

He intended to go to Pushthrough to reside in future and it is believed that he was on his way there in a boat when he and his son were lost. Both bodies have been recovered. Four daughters and three sons are left to mourn.

LABORERS BUSY.—Yesterday being so fine on all the wharves along the harbor front big "batches" of fish were spread out to-day. Much labour was afforded as a result of this.

The Candidate.

BY H. L. RANN.

The candidate is a lowly and ingratiating individual who earns a living by running for some office and putting the odds under the present incumbent. He is always fired with zeal during a primary election and is frequently fired with a loud report a few months later, with the aid of the Australian ballot. As soon as a man becomes a candidate for anything, from justice of the peace up, the neighbors pull out a few tablets of memory and begin to remind each other of the time when he circulated a mulct petition and chewed the deceptive clove. Let a man bob up for congress and he will be pursued from one end of the district to another by outlawed shoe bills and the still, small voice of the chattel mortgage. The candidate is the original and unspoiled optimist. He is never disturbed by anything except the election returns, and flutters about among an unpurchasable citizenship accompanied by pale cigars and the clarion voice of reform. Some candidates never know when they have had enough and come up every two years with a new half-tone cut and a platform which is guaranteed to cure all the carbuncles on the body politic. Others run once around the track without getting back their entrance fee, and then retire hastily to some secluded spot where they can commune with their expense account and swear off in language which would choke a fire extinguisher. After a defeated candidate picks himself out from under a pile of scratched ballots and returns home so that the neighbors may view the remains, he becomes a desperate character and bolts the ticket with bloodshot eyes. Many a man has deserted a 160-acre farm to become a candidate for some county office that destroyed his appetite for work to such an extent that whittling a toothpick left him completely fagged. The father who persuades his son to run for an elective office ought to be prepared to pension him when the voters have got through expressing their opinion of his qualifications.

The Nickel.

The Nickel Theatre, in its present position, cannot be improved upon. It stands for something away above the ordinary picture show; it is an entertainment for the masses, as well as the masses, for unquestionably, it is a superior style of show. The vitagraph monthly magazine of current events was the outstanding attraction last night. This is a most interesting and highly diverting innovation, showing President Taft witnessing the Lacrosse game at Chicago, just previous to the famous Presidential Convention. Aviation at Long Island and other topical subjects. The picture of the head-on collision between two locomotives, specially arranged, was particularly thrilling and was greatly admired. With Miss MacKenzie, Messrs. LeRoy, McCarthy and Duprez, the Nickel has a most superior show and to-night it should bring another large attendance.

Wedding Bells.

The marriage of Mr. John M. Brown and Miss Lillian Grace Irving took place last evening at the residence of the bride's parents, Rev. F. S. Coffin of St. Andrew's Church officiating. The bride was handsomely costumed and was given away by her father. The groom was supported by Mr. R. Montgomerie while the bride was attended by her sister, Miss S. M. Irving. After the ceremony supper was served and the health of the bride and groom honoured, after which Mr. and Mrs. Brown left by motor car for Holyrood to spend their honeymoon.

Arrests Made.

The police doing duty in the west end yesterday afternoon had some tough customers to deal with. One burly sailor was arrested and handcuffed by Const. Humber alone and driven to the station. Another drunk who was stopped from getting more drink "sassed" Const. Purlong and was quickly given a berth in No. 4. A couple of others were also arrested.

FROM LAMALINE.—The Schr. J.J. Nolan, arrived here yesterday with 300 qts. fish caught last fall for A. Goodridge and Sons Ltd. She reports no fish in that section for traps or hook and line. Last week a big forest fire raged for 3 days, away in the country from Lamaline and burned a thickly wooded and wide tract of land. Rain which fell quenched the fire.
