Firemen's Pay.

Editor Evening Telegram.

Dear Sir,—The firemen are certainly getting a full share of hardship during the present extremely frosty snap. Pope's fire, on Waldegrave Street, threatened to wipe out that whole neighborhood on Tuesday morning, but as at the Cochrane St. Church conflagration, the gallant firemen were there to "do or die," as usual, and once more proved their efficiency in coping with fires when assailed by difficulties that call for sound judgment, cool-headedness and bravery combined. Loud were the words of praise sent out by the hundreds who witnessed Pope's fire, and very pronounced were the expressions of those standing around, that the firemen certainly deserved better pay than \$38 a month. But I understand that it is only a matter of a few days when the firemen will be made happy by a substantial raise of salary, then every true citizen will

feel delighted, for, none of us like to be using the word "gallant" now, when we know from experience that it is hard to keep "gallant" if the "where-withal" is not forthcoming. This raise of pay for the firemen will mean more than dollars and cents to them. It will be an acknowledgment of their worth and will be a testimony of the high esteem in which we the people hold them. It will put new life in the Brigade, for no men work better than those who are treated kindly, and no class of men in the community can appreciate square treatment more than those whose rights I have been advocating for the past two weeks.

Yours sincerely,
VOLUNTEER.

Big Hockey Match.

CITY vs. BELL ISLAND.

Visitors Go Down to Defeat—Home Team Play Superior Hockey—A Good Exhibition, But at Intervals Very One-Sided—Score: City 13 Goals; Islanders 5 Goals—Visitors and Local Hockeyists Dined at Wood's Restaurant.

The big hockey match which was eagerly looked forward to between the City and Bell Island teams, was pulled off at the Prince's Rink last night on a decided victory for the home team. Long before the match started hundreds of people, particularly members of the sporting fraternity, wended their way to the rink and when the appointed hour arrived, the building was practically filled. All around the boards of the arena spectators were four deep while the galleries were also well filled. Prominent among the large gathering was His Excellency Governor Davidson, who greatly enjoyed the game.

Precisely at eight o'clock the players were called together, and when they appeared on the ice were given an ovation. The personnel of the teams were:

Bell Island	Goal	City
Burnham	point	Hunter
Cavanagh	cover	Herder
Archibald	cover	Parson
Pearce	cover	Higgins
Gorman	cover	Hutchings
Thompson	cover	Wint
Proudfoot	cover	Stic

The Wabanas looked an active and clever bunch of hockeyists, but this was to be judged later. The local had a sort of spectacular appearance and were pronounced to be the finer aggregation that ever represented the city.

THE GAME.

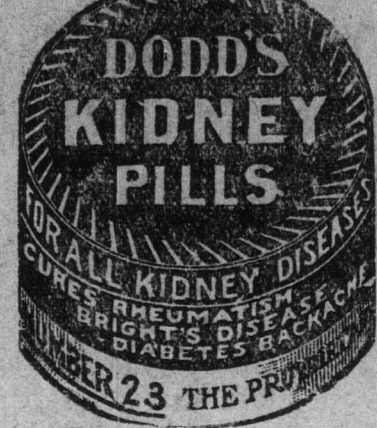

As soon as the puck was put in motion, both teams began to test another's strength for a minute or so. The locals set a fast pace, invaded the Wabanas territory. Repeatedly Burnham was called upon to say which he did admirably. The forward line of the home team were never seen in better form, and displayed good combination. Len Stic took control of the puck, and when he left his stick landed in the net, drawing first blood for the City, five minutes from the opening, amid thunderous applause.

On resuming, the locals put it a- over their opponents. Higgins and Stic were getting in some effective work, when Pearce infringed and we went to adorn the fence. Continuing the attack, the City bombarded Bell Island goal. Wint and Stic served out some hot stuff to the spectators, and after a pretty bit of combination play Wint found the net.

The visitors grew a little determined then and broke through the rank of the city. Pearce again misbehaved and was penalized. Archibald and Thompson swept the ice and notched their first goal. Scarcely had the puck been centred when Hutchings sent a scorcher to Burnham which proved unequal for and before the Wabana goal keeper had time to change his mind, Wint had the rubber again in the meshes, followed soon after by Higgins, who scored the fifth goal. After this the Wabanas seemed to be discouraged and the City had it all their own way. Parsons, in particular, acquitted himself creditably. Shots were rained on Burnham, who gave one of the finest exhibitions of goal saving ever witnessed in the city. Pearce captured the disc, got in some good individual work, and landed the second goal for the Islanders. Soon after the home team became aggressive, stopped all dashes of their opponents and had matters to their own liking, as Stic, Herder and Wint each scored a goal in quick succession, and when the half time whistle sounded the score stood: City, 8 goals; Bell Island, 2.

SECOND HALF.

After having a ten minutes' rest the players appeared to be in better form. The Islanders began the attack. Gorman, their left wing man, made several rushes but was frequently driven back. Eventually he secured an opening and beat Hunter. The game then became very fast and exciting. The locals, who had shown a let-up, resumed their former vigor. Herder captured the disc, brought it just beyond centre ice, and sent a scorcher to Burnham who failed to save, and the ninth goal was registered for the City. The fastest bit of play for the night was then exhibited. The visitors kept the back division of the home team busy. Gorman and Thompson combined nicely and the

former added another goal to the credit of his team. Again the City team opened out and brought the puck into the Island territory at will. Wint, Hutchings, Stic and Higgins made combined rushes that their opponents were unable to frustrate. Burnham won the admiration of all for the many difficult shots that he saved. The visitors made an occasional run, but nothing resulted, as Parsons and Herder in the back division were impregnable. The City team put on another sport and Wint off a pass from Hutchings, did the needful, while Higgins, in conjunction with Stic added another goal to the credit of the City. The Islanders quickly continued the fight and Archibald controlling the puck made a splendid run and succeeded in notching up the 5th and final goal for his side. There was only four minutes of play left, out of which Wint scored two goals, making a total of 13 for the locals.

Mr. W. J. Higgins refereed; Messrs. W. J. Marth, J. Vincombe and C. Mills were timekeepers.

SUMMARY OF GOALS.

1. Pearce (B.I.) 2 min.; 2. Pearce (B.I.) 3 min.; 3. Hutchings (C) 2 min.; 4. Archibald (B.I.) 2 min.; 5. Pearce (B.I.) 5 min.; 6. Cavanagh (B.I.) 2 min.; 7. Wint (C) 2 min.
2nd Half.
1. Higgins (C) 2 min.

NOTES ON THE GAME.

To the visitors belonging the spoils and we heartily congratulate them. The City team played a grand game. The combination of the forward line was excellent.

Parsons and Herder, particularly the former, was not seen to such advantage for many years. Nix Hunter, in goal, had very little to do.

HOCKEYISTS DINED.

After the match the visitors and City team, together with a few guests were entertained by the League at Wood's West End Restaurant. President Higgins occupied the chair with his usual tact and all sat down to an appetizing menu. After the inner man was satisfied, the following toast was taken up:

"The King"—Prop. The Chairman.
"The Visitors"—Prop. G. Herder; Resp. R. Proudfoot.

"The City Team"—Prop. R. Proudfoot; Resp. G. Herder.

"The Press"—Prop. J. M. Tobin; Resp. Representatives.

"The Ladies"—Prop. W. Hutchings; Resp. C. B. Archibald.

"The Referee"—Prop. G. Herder; Resp. W. J. Higgins.

The speeches, though brief, were interesting and the best of good fellowship prevailed. Songs were given by Messrs. R. Burnham and S. Pearce, and a most enjoyable time was brought to a conclusion with Auld Lang Syne and the National Anthem.

**First Steps in Home Making!**

Home Making really begins with the procuring for the Home of desirable and suitable Furniture. This interesting beginning is of necessity always attended by considerable outlay (more or less) of dollars and cents. The first question therefore confronting young home makers is: How much will we invest in Furniture to begin with? How many rooms, and what will be needed for each? Then naturally the all-important question: Where can we get the very best value for our money?

READ AND LEARN.

On Saturday, February 7th, we began to answer these questions in the most practical manner by the offering of Furniture Values that will surely assist you in the art of home making at small cost.
