### Robert Templeton.

MR. CUSTOMER,— Probably you've economised by doing without your usual suit and overcoat during Fall of 1914. Are you going to have that down-and-out look in Spring 1915? The Allies have millions of men on the firing line, each requiring thirteen pounds of wool every six or eight weeks. The British Government are keeping British Mills turning out army contracts.  
Spring quotations for woollens are sky high. We have on hand a particularly fine range of Serges, Tweed Suitings and Overcoatings. Order now as you will have to pay considerably higher in the Spring.

### Public Notice!

The Municipal Board is endeavoring to establish a system for the collection of Water and Sewerage Rates and Arrears, and trusts that it will receive the co-operation of the citizens.

It is intended to notify the public by advertisement in the newspaper when the Collectors will call at each street or locality, and the Board trusts that citizens will be ready to pay when called upon.
