EDINBURGH.

John Swan & Sons. Edinburgh, in their weekly report of Nov. 22, say: The supplies of fat cattle have been fairly large all over this week. Trade was slightly better at an average advance of 10s a head. Fat sheep have been shown in smaller numbers, and they have met a better demand at rather improved prices. Fat calves have been shown in large numbert, and they sold dear, while pigs, which were also plentiful, made rather more money. There are now few store ca tle and sheep coming to market. Those on offer are generally of a very middling class, and they met a very slow trade, maltsters, but bids from the States buyers are too low to stimulate any of No. 2, and better, sold east today at 42c, and 3,000 bu of extra bright sold east at 48c; No. 1 is quoted outside Buckwheat is steady; cars sold east Buckwheat is steady; cars soid east today at 33c.

Beans.

Chatham, Ont., Dec. 3.—All the bean dealers have the same report—utter stagnation. Glenn & Son shipped one car to Quebec last week, and that is the only car that has gone out in ten days. Eastern Canada seems to be fully supplied, and, according to the quotations in New York and other American markets there are no openings there for our crop as yet. Inquiries among the dealers as to the prospect of opening a trade for our beans in England el cit but little hope of relief from the congestion in that quarter. Receipts are very limited, and dealers are not asked to load up. There is no appearance of better demand or higher prices for some time to come, and the few straggling loads that come in bring from 70c to 80c, 75c being the average. Beans.

-At Osgoode Hall yesterday: Williams vs. Leonard-Moss, Q.C., and McEvoy (London), for plaintiff, appealed from order of Queen's Bench Divisional Court (16 P. R. 544), reversing judgment of Rose, J., at the trial, and dismissing the action, which was brought to recover possession of a machine called a bolt cutter, and \$500 damages for its conversion. The court below held (agreeing with Rose, J.) that the bolt cutter was not sufficiently described and identified in the plaintiff's chattel mortgage so as to pass by it as against subsequent purchasers, it being made wide enough in terms to cover all the tools and property of the mortgagor anywhere in the city of London, no matter in whose possession they might be; but held that Rose, J., was wrong in refusing to defendants leave to amend their defense by setting up the Act Respecting Bills of Sale and Chattel Mortgages, and ordered that as the amendment called for no additional evidence the amendment should then be made, and the action dismissed. Gibbons, Q.C., for defendants, contra. Reserved. STREET RAILWAY MATTERS.

It is stated that the contract for the Ridout street bridge will be awarded this afternoon by the Street Railway Company to the Central Bridge Company, Peterboro. Yesterday the London South street cars commenced using the Ridout street loop, the cars passing at the corner of York and Ridout street instead of at the Tecumseh House corner. This will enable the cars to make the round trip in less time by two or three minutes than formerly. The snow plow has had a busy time today trying to keep the tracks clear of snow. Three motors are engaged with the plow.

AN AWFUL PROSPECT

For the Pillaged Armenians - The Patriarch Appeals to the World.

Constantinople, Dec. 4.-The Armenian Patriarch has issued an appeal to the Armenians throughout the world, and to all Christian nations, asking them to send help to relieve the misery resulting from the recent massacres and pillaging in Armenia. There is no doubt that great distress already exists, but the misery existing is as nothing to the terrible sufferings which will fall to the lot of the homeless thousands when the bitter bast of winter sweeps over the mountains and plains upon which the devastated villages stood.

TUPPER COMING QUICK. Liverpool, Dec. 4 .- The Cunard Line

Steamship Campania, which sails for New York on Saturday next will take among her passengers Sir Charles Tupper, the Canadian High Commissioner.

A Question.

How can we raise more corn to the acher? Why, of course, by using Put-nam's Corn Extractor. Putnam's Painless Corn Extractor has given universal satisfaction, for it is sure, sate and painless. Like every other article of real merit, it has a host of imitators, and we would specially warn the public to guard against those dangerous substitutes offered for the genuine Putnam's Corn Extractor.
