LOSS \$20,000.

#### Domile Ladies' College at Oshawa Destroyed by Fire.

Oshawa, Ont., April 7.—About 7 o'clock last evening fire broke out in the cupola of the Domile Ladies' College, on the hill at the southwest corner of the town. The alarm was promptly given, but owing to the distance from the fire hall and to the lack of any water tanks in the section nothing could be done to check the spread of the flames. The whole roof was soon ablaze, and the flames rapidly extended to the lower stories, destroying the whole building. Most of the portable contents, however, were removed from the lower flats.

It is impossible at present to make an accurate list of the total loss, but it will probably reach \$20,000. Many of the students and faculty were at home enjoying their Easter holidays.

**The Time for Building**  
Up the system is at this season. The cold weather has made unusual drains upon the vital forces. The blood has become impoverished and impure, and all the functions of the body suffer in consequence. Hood's Sarsaparilla is the great builder, because it is the One True Blood Purifier and nerve tonic.

HOOD'S PILLS become the favorite cathartic with all who use them. All druggists, etc.  
The smallest Prime Minister on record is M. Stojiloff, of Bulgaria. He is only four feet six inches high.

THERE IS NOT a more dangerous class of disorders than those which affect the breathing organs. Nothing is so dangerous with Dr. Thomas' Electric Oil—a pulmonary of acknowledged efficacy. It cures soreness and lameness when applied externally, as well as swollen neck and crick in the back; and, as an internal specific, possesses most substantial claims to public confidence.

#### STARTLING SCENE.

#### A Blazing Brand Creates a Panic in a Chicago Church.

The following telegram has a local interest from the fact that some of the Londoners are now, or were, active members of the church referred to, while its pastor, Rev. Dr. Lawrence, is the gentleman who so ably filled the pulpit of Talbot Street Baptist Church on the occasion of that body's recent jubilee services. The dispatch reads: "Chicago, April 7.—Eighteen hundred people were in the Second Baptist Church on Sunday night, and Rev. Dr. W. M. Lawrence, pastor of the church, was in the midst of an eloquent sermon when a blazing brand fell from the ceiling among the flowers which surrounded the pulpit. Instantly there was a rush for the doors. Above the roar of the stamped worshippers came the reassuring voice of Pastor Lawrence in some instances calling and crying. But the worshippers, distracted beyond control, did not pause. Again the pastor cried out: 'If you will remain your seats I will finish my sermon.' But as he uttered the last words the hyacinth at his side caught another blazing brand, and then the great chandelier, with the 150 lights, tottered to one side, and a sheet of flame rolled over the pastor's head. The terrified worshippers waited for no further counsel. They stormed through the aisles, over the pews, and were wedged in a struggling mass at the doors. Organist Howard Wells now attempted to quell the panic. The voice of the pastor was lost in the tumult, but the great roar of the organ could still be heard. Its melody, however, had no effect. A woman who lay upon the threshold was being trampled upon, when Fathermost Wolesley dragged her up the steps. She was taken away bleeding and in a swoon by friends who were summoned. Using force in some instances and calling to the people to take their time, the policeman fought his way to the auditorium, where he picked up the three other women who had fainted. Station Allison, with several others, made their way to the attic and had nearly extinguished the flames when the firemen arrived. The section was severely burned while fighting the flames. The damage to the church is nominal. The injuries of those hurt in the rush for the street are not fatal."

#### MANY APPLICANTS.

The people at large have evidently got the idea that there are a great many vacant positions around the City Hall. James Warren wants to be assistant city engineer, and C. F. Barnett wishes to be appointed engineer of the steam roller. The names of the applicants for the vacant street commission are John Walters, Robert Summers, John Ingram and George J. O'Connor. Murray R. Anderson, Robert Kirkpatrick, J. W. Fred. Hallam, John C. Jones, Wm. Hayman, T. H. Taylor, Thomas Skinner, George W. Taylor, O'Connor and R. Ironsides. M. O'Leary and Thomas Fitzgerald applied for the position of the fire department.

Mrs. L. W. Owen's application for a grant in addition to balance of salary due her late husband, No. 1.  
**THE STREET ENGINEERS.**  
There were the usual tax and other minor petitions. The city engineer had several communications before the council of chief interest referred to the No. 2 committee. In one he drew attention to the fact that he had written the great chandelier, with the 150 lights, tottered to one side, and a sheet of flame rolled over the pastor's head. The terrified worshippers waited for no further counsel. They stormed through the aisles, over the pews, and were wedged in a struggling mass at the doors. Organist Howard Wells now attempted to quell the panic. The voice of the pastor was lost in the tumult, but the great roar of the organ could still be heard. Its melody, however, had no effect. A woman who lay upon the threshold was being trampled upon, when Fathermost Wolesley dragged her up the steps. She was taken away bleeding and in a swoon by friends who were summoned. Using force in some instances and calling to the people to take their time, the policeman fought his way to the auditorium, where he picked up the three other women who had fainted. Station Allison, with several others, made their way to the attic and had nearly extinguished the flames when the firemen arrived. The section was severely burned while fighting the flames. The damage to the church is nominal. The injuries of those hurt in the rush for the street are not fatal."

#### UNTIL PAINE'S CELERY COMPOUND WAS USED.

#### Mrs. Irvine Cured by the Great Medicine.

#### An Important Letter.

At death's door owing to kidney troubles, nervousness, sleeplessness, and run-down system, Mrs. Irvine realized the fact that she was nearing the grave, and did not hesitate to express her fears. Doctors and their prescriptions could not break the power of the disease, and the ordinary advertised medicines of the day proved useless.  
A resolve was at last made to give Paine's Celery Compound a fair and honest trial. On the glorious results, ye doubters and sceptics! Four bottles of Paine's Celery Compound effected a cure, and saved from death a wife and mother who was thought to be incurable. A forcible reason why every sick man and woman should use Paine's Celery Compound.  
Mrs. Wm. Irvine, who resides in St. John, N. B., writes thus:  
"I have been troubled for the past ten years with kidney complaint, and have tried a great many preparations and doctors' prescriptions with little or no benefit. For the last six months I have had a great strain upon my system from night-sweating and 5 per cent. work. I was breaking down, and my friends said 'I was going fast to death.' I resolved to try Paine's Celery Compound, and used four bottles. My kidney trouble disappeared; nervousness and sleeplessness are troubles of the past, and my general health is greatly improved. In a word, I am cured, and I wish you to publish this for the benefit of others."
