MOVEMENTS OF ROYALTY.
Windsor was deserted by royalty yesterday, the King of Portugal starting for
Lord Amherst's country house, King Edward for Lord Farquhar's, and the Queen
for Sandringham. Royal trains are constantly in use during the present reign,
and each leading railway company has
constructed, at its own expense, a special
train, which is reserved for the exclusive
use of royalty. The trains are paid for
by the King's or Queen's treasurer on
the following plan: First class fare is
charged for every member of the royal
party, and a shilling is added for each
mile traveled. The companies hardly
need the royal advertisement, and are not need the royal advertisement, and are not adequately compensated for the service rendered and the suspension and disturbance of traffic

Presbytery. Thomas Maitland said that it was the earnest wish of the congregation that Mr. Wilson should remain. Mr. John Robinson commented on the very excellent work that Mr. Wilson had accomplished in his six years here. When he first came, he said, the church was very small, and going behind all the time, while now, it was in the very height of prosperity. Everybody wanted Mr. Wilson to say. True, he said, there might have arisen little differ ences, but he felt sure that they would be gotten over. He trusted the presbytery would take the view of the congregation, or King Street Church would

surely find itself in a very awkward position. In replying to the members of the committee, Mr. Wilson said that he hoped the presbytery had known him ong enough to know that he would not take so important a step as he had, without long and serious consid- vote so. He would like to hear Mr. Wileration. He felt that he had gone through a good deal of trouble some ears ago, and the feeling that had exted since was hurting his work. He not care to go back, and asked that the years ago, and the feeling that had exfelt that another man could take hold of the work and do it better than he would ever be able to. He was certain that what had been said about fully 99 per cent of the church being at his back, was correct. There was not a man who dared stand up and say anything against him publicly. But he that with that a great deel might be said to be careful to Mr. Wilson's wishes, his resignation be accepted. The motion was seconded by Rev. Mr. Henderson and carried. Rev. Mr. Little did not think it wise to ask a minister to go back to a congregation after resigning. His own feelings should be consulted in the matter. It was not kind to ask him to go back. Horse Fell Through Bridge While Running Away.

Crew of Springbank Car Found It This Morning.

ing, a man named John Legg hired one of Liveryman Dyer's best horses last night and after visiting a turkey raffle at the Odell House, made a tour of the township hotels. While driving CAN EASILY RAISE THE MONEY along the fourth concession, the lines became entangled, and the horse overturned the buggy, throwing Legg out. The buggy righted itself and the house ran like the wind up the Proof Line road into the city. It ran through the city until it reached the street railway tracks at Railway street. Here, it turned towards Springbank and ran down the track. It came to a sudden stop, however, at the culvert built over the Cove, through which it fell, breaking two of its ribs and otherwise badly injuring itself. The crew of the first Sprinkbank car found the animal struggling in the bridge early this morning. It was removed to the O'Neil House, where the owner claimed The horse was a beautiful one and the owner feels justly aggravated over the matter.

Coal Operators and Mitchell Come to Terms.

Washington, Nov. 25. - President John Mitchell, of the United Mine Workers of America, arrived here this

morning. Mr. Mitchell admitted that the abject of his visit here at this time was

to hold a conference with Wayne Mac-Veagh in furtherance of the suggestion of the anthracite coal strike commission that the parties to the controversy get together if possible and adjust their differences among themselves. Washington, Nov. 25 .- President Mit-

chell, of the Miners' Union, and Hon. Wayne MacVeagh, representing the mine owners, were in secret conference for several hours today. After the conference had been in progress for an hour and a half, Mr. Darrow, Mr. Mitchell's attorney, came out of the con-ference room and intimated that an agreement had been reached. NOT ENTIRELY SETTLED.

A later dispatch says: The conference of President Mitchell and his counsel with Wayne MacVeagh, over the proposition for an adjustment of the differences between the miners and operators, was adjourned at 1 o'clock. Mr. Darrow announced that little was done this morning and that another conference would be held at 2 o'clock. He said there were a number of differences which would have to be adjusted.

Mr. Darrow had expected that an agreement would be reached this morning, but he found that a further conference this afternoon was neces-

London, Nov. 25 .- So sanguine has lucky ones on it, and also the number the widespread prosperity of Canada made the average Englishman that Genevieve Walker, 678 Colborne street, the most generally heard comment on the Grand Trunk Railway's new Pacific enterprise is that there is plenty of room for all, especially if the Grand Trunk proposes to open up new | the most successful one he ever had northern districts of the Northwest and British Columbia. manent. The press makes no comment

Montreal, Nov. 24. - Sir Thomas Shaughnessy, on being interviewed with reference to the Grand Trunk extension to Pacific coast. said: "Yes, our Grand Trunk friends are undertaking a very big contract. There is nothing in the announcement that need cause the Canadian Pacific the slightest concern. In this vast country of ours there is room for a great many miles of railway. Twenty years ago, when the Canadian Pacific enterprise was inaugurated, the entire country from Pembroke to the Pacific coast, a distance of upwards of 2,500 miles, was a bleak barren waste, practically uninhabitated. Today the Canadian Pacific operates in that territory over 6,000 miles of railway, main line and branches, and this mileage is being increased year by year. The construction of a line north of us will involve years of labor and millions upon millions of capital.

"A gratifying feature of the announcement is the absence of any reference to Government bonuses or subventions. The Grand Trunk Company has declared its determination to build so that any aid toward the enterprise from either the Dominion or Provincial Governments is not asked or required, and this is just as it should be. As Mr. Hays says, the conditions have changed enormously since the pioneer road was constructed, and circumstances that made Government co-operation absolutely essentia to the carrying out of the original Canadian Pacific enterprise no longer

A Stratford Story Denied. Montreal, Nov. 25.—The statement that the G. T. R. intends enlarging its Stratford shops, with the view to making that place the chief one for locor repairs, is denied at headquarters.

WITH HIS LITTLE HATCHET. The city engineer, speaking of treecutting today, said that a few days ago Mr. W. E. Saunders marked 30 trees on Maple street for destruction. and when notices were sent to the residents objections to the removal of 29 trees were raised. Only one tree of the lot was cut and when it fell it broke a plate glass window in the house

IT IS GOOD FOR MAN AND BEAST.— Not only is Dr. Thomas' Eclectric Oil of incomparable value in the household, but the farmer and stockman will find it very serviceable in the farmward and on the cattle range, often saving the services of a veterinary surgeon. In injuries to stock and in cases of cough and pains can be used with good effect. Stuart, a son of the aged counterfeiter convicted at Toronto a few days days ago, has been committed for trial for a similar offense at Ottawa.

Toronto plumbers have decided to raise their prices.
