GOLD WATCH AND CHAIN FOR EACH

Presentations to Mr. and Mrs. George F. Dean by Their Lobo Friends.

Mr. George F. Dean, brother of Weigh Scales Clerk James Dean, of this city, is removing from Lobo village to London. He has kept a general store at Lobo for the past four years, and a testimony to the popularity of himself and wife was given Friday night when a surprise party of about 200 farmers arrived at his house and surprised him. After a supper on the lawn all adjourned to the Masonic Hall, where a concert by Prof. McLeod, of Seaforth, and the Lobo quartet, was given. Ex-Reeve Campbell was chairman. Mr. Dean was presented with a handsome gold watch and chain, and Mrs. Dean received gifts of a similar kind. The address was read by Mr. N. Graham and the presentations were made by Miss Rose Mc Arthur and Mrs. George Branton, The address was as follows:

'About four years ago you first settled in our midst, and opened up a trade in general merchandise. You were then strangers to us and we strangers to you. Since that time, however, we have come to know each other better and we deem that we have gained in making your acquaintance. In business we have found you always honest and upright in your dealings and ready to accommodate your customers in every possible way. Although twice during your sojourn in our midst your suffered severe losses you showed your fortitude, and confidence in your friends by starting business again. Those of us who have lived nearest you and who know you best have ever found you good neighbors, always ready to oblige and lend any assistance in your power. Your help in church work has also been greatly appreciated. So, now, on the eve of your departure from our circle we realize the loss we shall feel, and desire to show our esteem for you in some tangible form. For that reason we beg you to accept this little token, which, although in itself of no great value, may serve to remind you of your many friends in Lobo and the surrounding neighborhood. You will always hold a high position of esteem and respect in our memory, and we hope that you will not forget your many friends here, who all sincerely hope that the future may hold for you a full measure of prospe ity and happiness.'

A QUIET WEDDING

Marriage of Mr. Wm. Clark and Mis DATES OF FAIL FAIRS Murlel Weaver.

A quiet wedding took place at 272 Talbot street last evening when Miss Muriel Weaver, daughter of the late Mrs. R. N. Curry, was married to Mr. William Clark, druggist, with Messrs. Cairncross and Lawrence. The cere-mony was witnessed by only a few of the nearest friends and relatives, and was performed by Rev. Canon Dann, rector of St. Paul's Cathedral. The wedding took place at 7 o'clock, and the bride and groom left on the Grand Trunk flyer for St. Louis. The bride was gowned in a dainty goingaway costume of pearl gray. The young couple, who have wishes of a large circle of friends, will be at home at 272 Talbot street, after the 1st of October.

GOOD SHOW AT SPRINGBANK

The Attractions This Week Are Bright and Novel.

That Londoners appreciate highclass vaudeville has been demonstrated for the past few weeks. Almost every night when the weather was favorable the theater at Springbank has been filled to overcrowding and if this is to keep on, next seasor will doubtless see the seating accommodation added to. Last night the crowd was so large that all could no be seated and the attendance will be the best advertisement the show could have. The feature of the bill is the Brobst family father, mother and son who do a clever novelty act on rolle skates. The younger member of the trio is a bright entertainer as well, and the act, as the saying goes, "wen big." It was unfortunate that Mis Ray Cox, the comedienne, who won her way into the hearts of Londoners last year, was suffering from a sever-She was not seen to her best advantage, but her efforts were appre ciated just the same. "I had tried so many remedies and spent much money, deriving no bene-fit, I had absolutely given up all hope of making any cure. But as a last re-sort I was persuaded to try a set of the Cuticura remedies, and to my great delight a marked change was manifested from the first application. I gave the child a bath with Cuticura Soap, using a soft piece of muslin cloth. This I did twice a day, each time following with the Cuticura Ointment. and at the same time gave the Resolvent, according to directions. One box of the Ointment and two bottles of the Resolvent, together with the Soap, effected a permanent cure. I submit this for publication if you desire, hoping it will add to your success and assist so many thousands of sufferers in cur-ing themselves." Mrs. I. B. JONES. ADDINGTON, IND. T.

The first step in the treatment of the chronic forms is to remove the scales and crusts and soften the skin, by warm baths with Cuticura Soap. The scalp, ears, elbows, hands, ankles and feet will require frequently a thorough soaking in order to penetrate the thickened skin and crusts with which these parts are often covered. Dry carefully, and apply Cuticura Ointment, lightly at first, and where advisable spread it on pieces of soft cloth and bind in place. Take the Resolvent, pills or liquid, in medium doses. Do not use cold water in bathing, and avoid cold, raw winds.
