Gave an Address.
Sarnia Observer: The inaugural
meeting of the Sarnia Women's Morn-
ing Music Club was held in the Alex-
andra Concert Hall Tuesday morning.
About seventy-five members were
present and the enthusiasm displayed
augurs well for the Club's future. Miss
Graydon, president of the London
Women's Morning Music Club, gave
an address full of splendid advice for
the new organization.
Phone Rates.

The Bell Telephone Company of the
United States has decided to raise its
rates for long distance night messages.
In future the charge will be the same
as for day rates. This applies to
American points only, the other night
rates remaining half the day rate as
formerly in Canada. The Canadian
company has made no change in its
rates.

Ward Two Voters.
The voters' list of ward 2 has been
posted up by City Clerk Baker, and he
will be ready to receive corrections for
the next 21 days. All persons who
have moved either into ward 2 or out
of it, should call and see if their
names are on the list, and see to it
that they are put on. Fifteen persons
called on had their names put on for
ward 1 who would have been left off
had they not called.
To Stop a Nuisance.
A summons was issued yesterday
against Edward Street, a Grand Trunk
conductor, running out of Sarnia tun-

nel, charging him with blocking the
crossing at Richmond street yester-
day morning, when Richmond street
was blocked for more than twenty
minutes owing to a draw bar on one
of the cars of a freight train breaking.
The police say that they will prose-
cute all railroad men in the future
who are found obstructing crossings
either while switching or in any other
manner.

Complimentary Dinner.
Hamilton Spectator of Wednesday:
An enjoyable time in an informal way
was spent last evening at the Jockey
Club, the occasion being a complimen-
tary dinner tendered to John
Leith, Counsel in honor of his ap-
proaching marriage to Miss Gibbons,
of London, which takes place on Sat-
urday next. This evening the Hamilton
Riding Club is entertaining Mr.
Counsell, and tomorrow night his To-
ronto friends are giving him a din-
ner.

Laid at Rest.
The funeral of the late Harry Row-
land, formerly of this city, took place
at 2 o'clock yesterday afternoon from
his late residence, corner of Ann and
Oxford streets, to the Ingersoll Rural
cemetery, under Masonic Auspices.
The Rev. R. J. Perkins officiated,
while the Masonic service at the
house and at the grave was conducted
by W. M. Bro. Dr. J. B. Coleridge. A
large number of the friends of the
deceased followed the remains to their
last resting place. The pallbearers
were: Messrs. Thos. Wells, C. C. L.
Wilson, M. Walsh, W. B. Nelles, Dr.
Canfield, and D. G. Cuthbertson, all
brother Masons.

Looking Over Ground.
Stratford Herald: Mr. A. E. Welch,
of the Southwestern Traction Com-
pany, is in the city today, quietly
looking over the electric railway situa-
tion. His company owns the new
electric railway running from London
South to St. Thomas and Port Stan-
ley, and he is identified with the pro-
posed North Midland Railway, in-
tended to run from London to Strat-
ford via St. Marys. He is informally
looking into the subject of entrance
into the city. When his plans are
farther matured he will have a propo-
sition to make to the city council.

Gard-Howe.
A quiet but very pretty wedding
was solemnized at the home of Mr.
Robert Howe, Orient Heights, London
Township, when the daughter,
Ethel Marie, was united in marriage
to Mr. F. G. Gard, both of London
Township. The ceremony was per-
formed by the Rev. J. C. Nethercott,
of Morpeth. After a delectable wed-
ding breakfast and later the happy
couple left on a trip to Hamilton and
other points. The bride's going-away
gift was a new pair of shoes. The
bride and groom returned to their re-
sidence at Beachmont, Oxford street west
and will be at home to their friends
after Dec. 8.

Good Dogs.
Col. Savage's pack of genuine Siberian
bloodhounds are beyond question
the finest lot of canines of that strain
ever found in this country. They are
somewhat larger than our Rocky
Mountain lions. These hounds are
touring with Downie's "Tiger" Toys
Cabin Company, and will appear with
this organization in the Grand Opera
House, Friday, Nov. 8, matinee and
night.

Hackett's First Visit.
The announcement of the first pro-
duction in this city by James K.
Hackett, of the Grand and Grand
Theatres, will be produced at the Grand
Theatre on Monday evening. "The Time,
the Place and the Girl" was taken from
an actual occurrence, the scenes being re-
produced from photographs around
which the story was written. The
chorus comes from the Grand school
long noted for its "brollers" having a
reputation of being the greatest train-
ing school for choristers in America.
The cast in its entirety has been care-
fully selected, the equipment is com-
plete in detail, the stage being
stripped of everything before the ar-
rival of the company to make room for
the massive scenic effects.

MOUNT BRIDGES.
Mount Bridges, Nov. 6.—The funeral
of the late Mr. Samuel Tull took place on
Monday afternoon from his residence on
the Longwoods road. Rev. Mr. Reid, as-
sisted by Rev. Mr. Mason, conducted the
service in the Methodist Church, of which
the deceased had been a consistent member
for many years. Interment took place in
the village cemetery. The bereaved family
have the sympathy of the community, by
whom deep and sincere sympathy was
expressed.
Rev. Mr. Reid is conducting revival ser-
vices at Mount Carmel.

Safe Return.
Miss Mary West returned on Monday
evening from a few days with Mrs. (Rev.)
J. E. Holmes, of London.
Mrs. Minner, of London, is visiting her
friends in this vicinity.
Mrs. M. Cullen spent the Thanksgiving
holidays with friends in St. Thomas.
Mrs. Simpson has returned from visit-
ing her daughter, Mrs. Burgess, of London.
Mrs. J. Cairns spent a few days
with friends in London last week.

Sale of Fast Horses.
If you attend the sale of Johnstone
Bros.' complete racing and breeding
establishment to be held at the West-
ern Fair barns, London, Nov. 14, 1907,
you should be able to get just about
what you want. If it's a game and
consistent racing pacer, what's the
matter with Gary, 2:06 3/4? He has
gone quarters this season in his races
in 29 seconds, and halves in 1:02. He
has worked a fifth heat in 2:07 1/4, a
sixth in 2:06 1/4, and a seventh in
2:06 1/4. He can stay and he has the
speed, too. If you don't wish to race
he can take the measure of most of
them on the speedway.

**BANK OF ENGLAND
HALTS GOLD DRAIN**
Advances Rate to Seven Per Cent,
and Germany and U. S. Will
Feel the Squeeze.

London, Nov. 7.—The directors of
the Bank of England this morning put
up the minimum discount rate from
6 to 7 per cent. The only thing which
could have averted this heavy rate
would have been assurances from re-
sponsible quarters in New York that
the situation which it is recognized
is due to the exceptional demands up-
on the capital in consequence of the
great commercial activity in Ameri-
ca is sufficiently well in hand to war-
rant the expectation that there would
be an early cessation of the gold
drain on the market. In the absence
of such an assurance the Bank of
England withdrew the only weapon at
hand to protect its reserves. It is
realized, however, that even this high
rate may not prevent shipments of
gold to New York, but it is hoped that
it may attract the metal from abroad
in sufficient quantities to restore the
equilibrium.

The step was doubly necessary as
the bank must nurse its supplies just
at present for the autumn country
cash requirements have to be met, as
well as the usual Egyptian demands,
and there is a possibility of demands
for gold from Argentina. The last
occasion when a 7 per cent was en-
forced by the Bank of England was in
1873, and was due to financial troubles
on the continent and in America. On
that occasion the rate eventually
reached 9 per cent, but it quickly fell
to 4 1/2 per cent.

The local business community is
bound to feel the pinch, only the in-
fluencers anticipate that the drastic rate
will cause an even greater squeeze in
Germany, with a consequent increase
of the discount rate of the Imperial
Bank and selling orders from Berlin.
The announcement had a strong effect
on the stock exchange here. Consols,
which opened 3-16th higher, owing to
the settlement of the railway dispute,
immediately fell half a point. Home
rails started one to four points dear-
er, but lost most of its advance with-
in a few minutes. American rails had
similar experiences. The opening
prices ruled around parity, but a drop
of a point followed immediately after
the publication of the bank rate, and
selling orders throughout the noon
down to one to three points lower than
yesterday. It was not until the bank
statement was issued that the market
fully realized how heavy had been
the drain on the gold reserve. The
figures showed the weekly decrease to
be £1,338,807, the total reserve being
£17,694,795 against £20,823,602 last
week, and £19,076,395 at this time last
year. There were inquiries in the
market this morning for another £1-
250,000 in gold for America.

**KAISER TO REST
ON ISLE OF WIGHT**

Berlin, Nov. 7.—The decision of
Emperor William not to visit Holland
and to rest on the Isle of Wight after
his visit to King Edward, was taken
last Tuesday morning, after his maj-
esty's physicians had perceived that
the cold which he had taken Oct. 25,
while watching the shipyard experi-
ments at Tegel had left an inflamma-
tion around the palate and the neigh-
bouring channels leading to the ears.
As his majesty suffered much in
earlier life from a similar inflamma-
tion extending to these ducts, he read-
ily accepted their advice to go to the
Isle of Wight after fulfilling his Eng-
lish engagements, which were too
near to cancelling. The climate of the
Isle of Wight is regarded as being
mild and equitable and less in con-
trast with the German climate than
that of the southern latitudes, so
which the Emperor will have to go at
the beginning of winter.
