QUEEN ALEXANDRA'S LETTER.

We have just received 100 copies of Queen Alexandra's letter written to her subjects in reply to the condolences received at the time of King Edward's death. The letter is an exact fac-simile of the original, and has a beautiful border, specially designed by Sir Edward J. Poynter, President Royal Academy of Art, for the occasion. It makes a handsome work of art, and being 22x30 makes an ideal size for framing. The issue is limited, and we offer our supply while it lasts at 50c per copy.

SIX THOUSAND AT BIG PICNIC

East End Businessmen Held a Grand Outing in Queen's Park.

SPORTS A BIG FEATURE

Baby Show, Pie-Eating Contest, High Jumping by Thoroughbred Horses, Etc., Pleased the People.

The East London businessmen scored once more with the residents of the East End yesterday, when a crowd estimated at between five and six thousand attended the third annual picnic at Queen's Park.

The main grand stand was well filled and the officials kept the enthusiasm at the "peak load" all afternoon. A programme of sports was run off, which included many new and decidedly entertaining numbers.

Hon. Adam Beck's famous jumping horses, Sir Edward, Sir James and Sir Thomas, ridden by Thomas Smith and Robert Emery, gave a splendid exhibition, Sir Edward clearing the bars at 6 feet 8 inches. His stable mates, both fine horses, made the jumps easily at 5 feet 8 inches.

Sir Edward came into prominence at the International Show in London, England, when he took first honors by making 7 feet 4 inches.

Y. M. C. A. Drill Corps. An exhibition by the Y. M. C. A. drill corps, under Physical Director Sovereign, also pleased immensely. The boys going through some turns that would show up favorable with the "strong men" acts of vaudeville. The team was composed of Mr. Sovereign, Roy Burridge, Gordon Thompson, Fraser Elliott, Clyde Nicholson and George McKewen.

The band of the Seventh Regiment and Sergt. McDonald's pipers were on hand, and provided a very fine musical programme. In fact, the pipers brought all the Scotch of the pipers to the surface, and a number of them danced on the platform to the strains of Piper McDonald's pipes. Mr. Robert Rowan and the Riddell children were among those who performed.

The largest family contest brought out two contestants, or, rather, two sets of contestants, Mr. and Mrs. Burt, of Campbell street, winning easily from Mr. and Mrs. F. P. Moulton, of Laura street. The winners took the platform with eight children, the second exhibiting five.

Motorcycle Race. The motorcycle race created a great deal of excitement. Mr. Will Tite and Mr. Johnston finishing three miles in what was practically a dead heat. Mr. Johnston was given a hair-line decision. He crossed the wire in six minutes and twenty seconds.

The race was a close one from start to finish. Tite, who ran into the fence with a two-cylinder machine in making the turn at the south end of the stretch in last year's race, hugged the sole and saved a great deal of ground, while Johnston, who appeared to have a faster machine, lost a great deal in making sweeping turns.

Each contestant had a one-cylinder motor.

Pie-Eating Contest. Perhaps the greatest fun of the afternoon was caused by the pie-eating contest. About three hundred leather-stomached East London youths went into the scramble, about thirty coming out with leather-covered pies.

These aids to digestion were stowed away in remarkably short order, the boys remodelling their faces with plen-

tiful coats of blueberries in the struggle to get on the outside of the pastry. A burlesque baseball match by pick-a-team members of the association was another fun-maker.

A Ball Match. The real ball match, however, was more interesting to the merchants, as on the result depended whether or not the team composed of players of the north side of Dundas street would annex the trophy for all time. They have won the championship games at the last two picnics, but yesterday they were "short-circuited," the south side making four round trips on the diamond to one of the hitherto unbeaten champions. However, as this has been a rough week on unbeaten champions, the losers took their defeat well, and are waiting till next summer to bring home the silverware.

Scribe for Umpire. Mr. J. H. Fowler, of The Advertiser, umpired, and he was some "kink of the diamond" at that. In the opening round he had his eye on one "Clucker" Dunn, who attempted to score without touching the third sack. The offender was called out and was threatened with indefinite suspension or a heavy fine if he talked back.

Ernie Shaw was the only north side man to make the full trip, while Bert Simmons covered the course twice, and Brooks and Vincent scored one each on behalf of the winners.

The teams lined up as follows: North Side—Palkner, catcher; Pow-ers, pitcher; Richards, first base; Nash, second base; Wanless, shortstop; Quick, third base; Shaw, left field; Simmons, centre field, and Arthur, right field.

South Side—Craig, catcher; Brooks, pitcher; Simmons, first base; Chadwick, third base; Dunn, second base; Vincent, shortstop; Tupholme, left field; Pestell, right field; Inglis, centre field.

The winners scored once in the first, twice in the third and once in the seventh, while the losers' only tally was chalked up in the sixth round.

The Baby Show. The baby show, also, there, 40 lusty infants representative of the stock of a lusty section of the city, being entered.

Margaret, the daughter of Mr. and Mrs. Charles Ross, of 480 English street, was named the winner by a set of competent judges, little Ina Jermyn, daughter of Mrs. A. Jermyn, of 874 Dundas street, being given second money.

After the completion of the sport programme the merchants entertained about three hundred in one of the large dining halls beneath the grand stand.

Many of the members expressed regret at the absence of Mr. and Mrs. John Fawkes, two prominent members, who are now visiting in England.

The Committees. The success of the whole affair was due to a great extent to the good work of the president of the association, Mr. Thomas Shaw, and the secretary, Dr. A. J. Wyckoff. They were assisted by a number of strong committees. They were:

Executive—T. Shaw (president), Dr. Wyckoff (secretary), Fred Simmons, James Childs.

Special Attractions—Norval Wanless (chairman), J. C. McDonald, Chas. Ross, James Ferguson.

Sports Committee—George Burdick (chairman), J. Youngs, Ab. Somerville, W. Crocker.

Refreshment Committee—Wesley Harrison, Gordon Drake, James Falkner.

Judges of Baby Show—H. Dreaney, Charles Maker, Jack Youngs.

Sports Winners. The various events in the programme and the winners were as follows: Baby Show—1, Margaret, daughter of Mr. and Mrs. Charles Ross, 480 English street; 2, Ina, daughter of Mrs. A. German, 874 Dundas street; 3, Donald, son of Mrs. James Melbenny, 555 Grey street; 4, Culey, son of Mrs. Edward Ford, 651 Central avenue; 5, Ross,

son of Mrs. Percy Owlt, 592 Dufferin avenue. Largest Family on the Grounds—1, Mr. and Mrs. Burt, Campbell street, eight children; 2, Mrs. F. P. Moulton, 1095 Laura street, five children.

Boys' race, 8 years and under—1, Willie Hill, 2 Alfonso Austin, 3 Stanley Arubuck.

Girls' race, 8 years and under—1, Helen Mitchell, 2 Mary Vincent, 3 Madeline Oldridge.

Fat men's race—Ed. Stein, George Burdick, Charles Maker.

Single men's race—Summers, Brooks, J. Mills.

Married men's race—Bert Simmons, Jack Nash, Fred Simmons.

ATTEMPT TO DISCREDIT MEDICAL COUNCIL. Charged That Bad Influence Is at Work Amongst the Students.

Toronto, July 6.—At this morning's session of the Ontario Medical Council on motion of Dr. Hardy, seconded by Dr. Temple, a special committee was appointed "to report forthwith on all financial matters pertaining to the college, and report any reforms and changes that may be thought advisable, and modify and enlarge the duties of any official in connection therewith. This committee includes Dr. Merritt, Griffin, McColl, Boscom, Hardy and Temple.

Mr. A. C. Neff, chartered accountant, was nominated by Dr. King to fill the office of auditor of the council's books for the ensuing year. Several of the doctors thought that Dr. J. C. Patton, the previous auditor, should be re-engaged. Dr. Ryan, of Kingston, in supporting Dr. King's motion, stated that there need be no reflection on Dr. Patton, but that the auditor of the council's finances should be a man who devoted himself exclusively to such work.

Dr. Temple favored the appointment of an officially chartered accountant. A number of unfounded charges of graft made in the medical press had been most unfair to this body, he said. The financial statement, he admitted, was unsatisfactory in its present form, and should be broader. Consequently he thought that Mr. Neff should be appointed.

FIVE MURDERERS HAVE GONE UNPUNISHED

Murder Mysteries of Ontario That Have Never Been Solved.

Toronto, July 7.—The first half-yearly report of the Ontario Provincial Police was handed to the Hon. J. J. Fox this morning.

The report covers from January to June. In that time, 770 persons were prosecuted, 531 convicted, 100 discharged, and 105 cases have still to be disposed of.

The total amount of fines imposed was \$35,194.95.

Under the Liquor License Act, 161 persons were prosecuted, 125 convicted, and 19 discharged, 113 were fined, and 25 were sentenced to terms of imprisonment. Total fines, \$8,323.

Members of the force seized 4,749 bottles of whiskey, and much other liquor.

During the six months 223 persons have been deported from frontier points. As a result the railway companies report that very few trains are moving throughout the province.

Since the beginning of the year the department has located fifteen missing persons.

The most startling part of the report is that relating to murders. Since the beginning of the year warrants have been issued for the arrest of thirteen persons on charges of murder, three have been convicted, two hanged, one is now under sentence, two are awaiting trial, and five persons are still at large.

It is pointed out in the report that in one case the two men suspected of murdering a Chinaman escaped, owing to the delay in notifying the police. In all the other cases, the criminals are foreigners of the laboring class, and it has been found almost impossible to obtain information with regard to them from their fellow-countrymen.

"In view of the number of crimes of violence, it is to be regretted that the sale of weapons is not more under control. While under certain conditions the police have the right to search and disarm foreigners, yet the facilities for procuring cheap revolvers, guns, and

other weapons are so great that the efforts of the police are of little avail."

BABY WINS HIS BATTLE

Can Stay With His Mother Despite the Czar's Officers.

St. Petersburg, July 6.—Whether a Jewish baby, aged 4, should be allowed to live in Moscow or not is a question which has been engaging the attention of the Russian Government, and of the highest legal authorities in the Russian Empire.

The mother of the child is a poor woman, who has the right to live in Moscow, and she desires to earn a living by nursing. In the view of the ministry of the interior her baby did not enjoy the same right. An order therefore was sent to Moscow to have it dispatched to some spot within the Jewish pale.

The mother sent an appeal to the Senate, and the case came up for consideration. The assistant minister of the interior, representing M. Stolypin, the premier, argued that the mother's rights did not pass to the child. Finally the Senate laid down the principle that "the presence of young children with their parents

depends not on the rights of the first, but in the obligations of the second." Hence the baby for the present is to be allowed to remain at Moscow.

TO KEEP LAKE LEV. Detroit, Mich., July 6.—To prevent a possible reduction of levels in the upper lakes and rivers, resulting from enlarging the outlet of the Detroit River by the construction of the new Livingstone channel, the United States Government proposes building a dam nearly a mile long from Bois Blanc Island to a point near the edge of the new rock-cut channel. Permission has been asked from the Canadian Government for the erection of the dam.

Teething children have more or less diarrhoea, which can be controlled by giving Chamberlain's Colic, Cholera and Diarrhoea Remedy. All that is necessary is to give the prescribed dose after each operation of the bowels more than natural and then castor oil to cleanse the system. It is safe and sure. Sold by all dealers.

One week's trial in Edison, Victor and Columbia phonographs from Williams Piano Company, Limited, 194 Dundas street.
