## ALUMNAE ASSOCIATION OF THE SACRED HEART

Organization Effected at Meeting  
of Former Pupils of the  
Academy.

An event of considerable importance, especially to the former pupils of the Sacred Heart Academy of this city, took place at that institution last week, when a meeting was held to form an alumnae. All were received in the most kindly manner by reverend mother and the other members of the community.

The work of forming an alumnae was entered into with utmost enthusiasm, each one entertaining a strong desire to keep in close touch with her alma mater. They feel that the beneficial influence forming part of their lives which they imbibed during their school days in the Sacred Heart Convent prompts them to return by affectionate regard for its welfare and for the extension of its noble work in the education of young ladies.

When the meeting opened, the reverend mother addressed those present in warmest words of greeting, explaining the object of forming the association, and her remarks served to re-awaken those feelings which made their younger days so joyous and full of the highest ideals. The ladies present, about one hundred in number, then voted for their officers. The result of which was as follows:

Honorary President—Reverend Mother.  
President—Mrs. R. M. Burns.  
Vice-President—Miss J. Wright.  
Secretary—Miss Dromgole.  
Sub-Secretary—Miss A. Forristal.  
Treasurer—Mrs. M. F. McDonagh.  
Directors—Mrs. Thos. Coffey, Mrs. T. J. Murphy, Mrs. Kent Campbell, Mrs. Thos. Wright, Mrs. Chas. Nixon, Mrs. (Dr.) Muggan, Miss Manley.

Following this, Rev. Father Aylward gave benediction of the Most Blessed Sacrament, and immediately after the happy gathering was served afternoon tea by the young ladies at the present time pupils in the convent.

It was with great reluctance that all were forced to say au revoir, but each looked forward to the next meeting with pleasant anticipation, which will be held one year hence.

## SUDDEN DEATH.

Galt, Ont., Oct. 22.—Mr. Robert C. Hunter, of St. Marys, died very unexpectedly here.

## ACCEPTS CALL.

Walkerton, Oct. 24.—Rev. M. J. Warner, pastor of the Baptist Church here, has accepted a call to the First Baptist Church at Woodstock to succeed Rev. W. H. McLeod.

## GAS, INDIGESTION, DYSPEPSIA AND ALL MISERY FROM AN UPSET STOMACH GOES

Indigestion and all other Stomach distress goes after taking a little Diapiesin.

You can eat anything your stomach craves without fear of indigestion or dyspepsia, or that your food will ferment or sour on your stomach, if you will take a little Diapiesin occasionally.

Your meals will taste good; and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes belching, dizziness, a feeling of fullness after eating, Nausea, Indigestion (like a lump of lead in stomach), Bilioussness, Heartburn, Water Brash, Pain in the stomach and intestines or other symptoms. Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapiesin really does all the work of a healthy stomach. It digests your meals when your stomach can't. A single dose will digest all the food you eat and leave nothing to ferment or sour and upset the stomach.

Get a large 50-cent case of Pape's Diapiesin from your druggist and start taking now, and in a little while you will actually brag about your healthy, strong stomach, for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and Gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Should you at this moment be suffering from indigestion or any stomach disorder, you can get relief within five minutes.

## "LEPROUS SORE UPON OUR SOCIAL SYSTEM"

Rev. J. V. Smith, D. D., Preached  
Strong Sermons at the First  
Methodist Church.

"The unconcern of many of the rich, no less than the wretched condition of the poor, is a leprous sore upon our social system."

So declared Rev. J. V. Smith, D. D., of Hamilton, in his morning sermon in the First Methodist Church yesterday. "We grow good by doing good, but the terrible hell of retribution follows close upon the transgressor. Faith and love are kept alive by activity. The way to the higher life is through sympathy with fallen and ignorant life." Only when we lose our life in service and self-sacrifice do we really find our life. The modern church aims at having eloquent preachers, fine choirs, and expensive edifices, but fails to practice the devotion and self-sacrifice in assisting the poor and unfortunate, which Christ taught and practiced himself.

"Shall the church be wrapped in an everlasting lullaby," the speaker asked, "while the blood and anguish of the wounded cry aloud from the battlefield of life? The world does not rest. The Christ-love is the one indispensable. The path of love is marked by the footprints of the world's Redeemer. Will you feed the starving, instruct the ignorant, and save the lost?"

"Ultimately humanity will live under the law of love. Love will break the last bonds of tyranny, and make all men brothers. Vice and sin will disappear before the light of love. To find this light of love is the end of all Christian teaching."

Referring to talent and opportunity, Rev. Dr. Smith declared that every man can be his own sexton. When we bury or neglect our talents, we bury our own selves. "Use or lose" was the keynote of his address.

Rev. Richard Whiting, B. A., occupied Dr. Smith's pulpit in Hamilton, referring to the holding of anniversary services in their respective parishes.

## BIG HAUL.

Chicago, Oct. 24.—Three hundred thousand dollars in counterfeit Nicaraguan 5-peos notes (\$2 each American money), freshly printed, were seized, and the printer who made them, the engraver who made the plates, and the man charged with securing their manufacture, were arrested Saturday by Captain Porter, of the United States secret service, and his operatives.

## EVANGELIST ABERBERLY ON THE MANLY MAN

Splendid Address Delivered in  
the Auditorium Sunday  
Afternoon.

Evangelist R. W. Aberberly, formerly of Liverpool, England, but more recently of Indiana, who is conducting evangelistic services in the Dundas Street Christian Church, spoke to a crowded audience of men in the Auditorium Sunday afternoon. His subject was "The Ideal Man," and whom, he declared, to be in the perfect sense, the Christ-man.

"We are what our ideals make us," said Rev. Mr. Aberberly. "No man can be great without a great ideal." "Humility and service were taught by Christ, and the manly man, is the man who is willing to be humble, and to help others. No more splendid example of self-sacrifice and self-denial can be given than that of Christ. The life of Jesus of Nazareth was a life of splendid service."

"The Manliest Man."

"The man who is ready to sacrifice his own desires in order to bear his share of the world's burdens is the ideal man. The spirit which is willing, and ready to help others is the spirit of real genuine, high-toned manhood," declared the speaker. "History has no better example of moral courage to offer us, than that of Christ. Jesus was beyond doubt the manliest man that ever lived. Never was there a greater exhibition of real moral heroism than that of Jesus before Pilate in the Jewish Sanhedrin."

"The ideal man bears up under the hardest tests that may come to him. It is not always the fellow who sings the most vociferously, or makes the longest prayer, who manifests his courage and character when the real test comes."

"The ideal man is not afraid of honest toil. Here the speaker dwelt on the nobility of labor. The loafer and the idler are not leading an honorable life. There should be 'no loaf for the loafer.'"

## Refrain From Vices.

"The man who refrains from vices and bad habits is also manifesting the truest manhood. The man who keeps from swearing, from drinking, from gambling, from impurity; the man, in short, who controls his own spirit, is greater than he who takes a city. It is men like Gladstone who make a nation great and lay the foundations of life and society on a safe and sound basis."

Evangelist Aberberly said in closing that "the greatest plea we can make before God is the plea of our own need."

Music was provided by the choir of the First Methodist Church, including a special number by the Male Chorus, and a solo, "Nearer, My God, to Thee," by Mr. Charles Cunningham.

## ALL ARE RECOVERING

Victims of Recent Accidents Are Doing Well in the Hospital.

The victims of the accident at Perrin's over two weeks ago are rapidly recovering and will soon be out of the hospital.

Alexander Russell has made the best progress, and he will be taken to his home this week. His broken leg is all that keeps him in the hospital, and it is healing rapidly.

Samuel Govier and John R. Welles, who suffered from serious fractures of the skull, are now on a good way to recovery, and it is thought they will soon be about. They are both very weak yet, but are getting better.

Patrick Hyland, who was struck by a street car, is also doing well, and will be around in a short time.

"The Midnight Sons." So large is the scenic and mechanical equipment of "The Midnight Sons" that it is necessary to transport the paraphernalia by special train. "The Midnight Sons," which will be seen at the Grand next Friday, Oct. 28, ran for 36 weeks at the Broadway Theatre, New York. When it was first produced there Lew Fields and the Shuberts had no idea of sending the mammoth production on tour.

The piece is described as a "Musical moving picture in eight films," their being eight scenes and two acts. Apart from the largeness of the production, one of the most striking features of the play is the tremendous "theatre scene," which shows the inside of a real opera house with an audience of 500 people. Another shows a Pullman train in motion, with a bridal party of a dozen men and women in the roof of the train. Seats, Tuesday, Oct. 25.

## Holiday Attraction.

"The Arcadians," which is ending a two years' run at the New York Theatre, is said to be the most talked of musical comedy play since the "Merry Widow." This musical comedy appears at the Grand Thanksgiving Day Oct. 31, matinee and evening.

"The Arcadians" is in a setting of three elaborate scenes, the grassy glen of Arcady, a hillside at Ascot track and Smith's restaurant in London. The piece is notable for many numbers of lovely music, sung by a large company, beautifully costumed and highly trained, and by the same strong cast which appeared at the New York Theatre. Seats, Oct. 27, Guaranteed attraction. Mail orders accepted now when accompanied by marked check or money order.

## NEW COMPANIES

Many Western Ontario Firms Are Incorporated.

Toronto, Oct. 24.—Announcement is made in the Ontario Gazette of the incorporation of the Pacific Burt Company, Limited, Toronto, with a capital of \$1,300,000.

Other new companies are: The Ottawa Choral Society, without share capital. Beta Theta Pi, Ltd., Toronto, capital \$40,000; provisional directors: N. D. McLean, A. F. Wells, D. L. C. Raymond, W. G. Bartlett and J. D. Simpson.

Windsor Superior Manufacturing Company, Limited, Windsor; capital \$100,000.

The National Carburettor Company, Limited, Ottawa; capital \$25,000.

The Pergola Sulphur Mining Company, Limited, Hamilton; capital \$400,000.

The Embroidery and Textile Works of Canada, Limited, Toronto; capital \$50,000.

Essex Golf and Country Club, Limited, Windsor; capital \$40,000.

Permission is given the Union Pacific Coal Mines, Limited, to issue 500,000 shares as preference stock, and to the Durham Furnace Company, Limited, to increase its capital stock from \$100,000 to \$100,000. The Ridgeway Fuel Supply Company, Limited, to increase its capital from \$60,000 to \$100,000. The Leaska Mining Company, Limited, may increase from \$750,000 to \$1,000,000, and the Suspense Mining Company, Limited, from \$150,000 to \$150,000.

Licenses to do business in Ontario have been issued to the following extra provincial companies: Cobalt Reduction and Refining Company, Limited, A. C. Lester & Co., Limited, and Canada Machinery Corporation, Limited.

## THEY ACTUALLY DO THE WORK

Food Eaten Is Worthless Unless Digested—Some Stomachs Must Have Help.

Food taken into the stomach which, from the nature of the food or the condition of the stomach, is not digested, is worse than no food at all. This is a true statement, and it is true, and a great many dyspeptics go on this far with their reasoning. They think their stomachs do the work for them; in other words, they must be starved. It would be just as sensible for a business man to say that he will do all his own work to cut down his business to his own capacity, as it is for a man to starve himself to relieve his stomach. The sensible business man employs help and goes forward with his business. Likewise the sensible dyspeptic will employ help for his stomach and give his body proper nourishment.

Stuart's Dyspeptic Tablets actually do the work assigned to them. They relieve weak, acid, overburdened stomachs of a great portion of digestive action. Their component parts are identical with those of the digestive fluids and secretions of the stomach, and they simply take up the grind and carry on the work just the same as a good, strong, healthy stomach would do. Stuart's Tablets are perfectly natural in their action and effects. They do not cause any unnatural or violent disturbance in the stomach or bowels. They themselves digest the food and supply the system with all the nourishment contained in what is eaten, and carry out Nature's plans for the sustenance and maintenance of the body.

How much more sensible is this method than that employed by many sufferers from weak stomachs. By this means the body and brain get all the good, nutritious food they need, and the man is properly nourished and equipped to carry on his work and perform his duties. He could not possibly be in proper working condition by starving himself or employing some new-fangled, insufficient food that does not contain enough nutriment for a year-old baby. A strong man doing strong work must be properly fed, and this applies to the brain as well as the body.

Stuart's Dyspeptic Tablets, by relieving the stomach of its work, enable it to recuperate and regain its normal health and strength. Nature repairs the worn and wasted tissues just as she heals and knits the bone of a broken limb, which is, of course, not used during the process of repair. Stuart's Dyspeptic Tablets are for sale by all druggists at 50 cents a box, and they are the one article that the druggist does not try to sell something in the place of that "just as good." Their unqualified merit and success and the universal demand for them has placed them within reach of everyone.

Smallman & Ingram, Limited WEATHER PROBS: FINE. Smallman & Ingram, Limited

# The New Fur Fashions

Weather has been a little warm, but a change is promised, and real fur weather will soon be here. All the foxes, minks, marmots, sable, thibet, and other little furs, are eager to get out into the brisk air and have the pleasure of keeping their new owners' hands and necks warm. The ranks are well filled in all the wanted furs, so that you can depend on finding a great many styles and prices. Some people do not know that good Persian lamb neckpieces can be bought for \$8.50, or a large muff for \$13.50, or a pretty marmot set, muff and neckscarf for \$8.50.

At, per yard, \$1.50

Black Dress Goods—Centre Aisle.

New Black Diagonal Suitings, a yard, \$1.00 to \$1.50.

## PETER GENDRON DEAD

Canadian Inventor Passes in Toledo After Long Illness.

Toledo, Ohio, Oct. 24.—Peter Gendron, the noted inventor, died Sunday afternoon at his home in this city. He suffered with tuberculosis of the throat and a complication of troubles of long standing.

Mr. Gendron was the inventor and patentee of the iron wheel, having obtained 72 patents on the same. At first he manufactured the iron wheel in the attic of his home. Later, he

moved into a basement on Summit street, where the necessity of such an invention was recognized by George Fisher, a wealthy merchant, who, together with Mr. Gendron established and built the present plant of the Gendron Wheel Company. From time to time larger additions have been made to the original building, until today it is one of the largest manufacturing plants in the city. A branch house is also located at Montreal, Canada. The wheel was first used on baby carriages and go-carts.

Mr. Gendron was born in Coaticook, Province of Quebec, Canada, 66 years ago. He leaves a widow and one son, Adolph, and one grandchild, Leon

Gendron. Mr. Gendron was vice-president of numerous banks in this city, and trustee of the Toledo Yacht Club.

TO CURE A COLD IN ONE DAY. Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.
