

Toronto Tragedy

Sensational Murder in Streets That Reads Like Dime Novel

Handcuffed Desperadoes in Hack Have Revolvers Thrown to Them.

They Kill an Officer and Try to Escape in Electric Car. But Fail.

From Our Own Correspondent. Toronto, June 4.—(Special)—A thrilling character occurred in Toronto this evening. Three men, Rice, Rutledge and Jones, Chicago criminals, who have been undergoing trial at the sessions for robbing a bank at Toronto, were being driven in a hack to jail about 6 o'clock this evening. County Constable Boyd and one prisoner sat on one seat, and the other two prisoners sat opposite. All the prisoners were handcuffed, and the two seated together were also handcuffed together. County Constable Stewart sat outside beside the hack driver.

As the hack passed the corner of St. James and Gerrard streets, a strange man appeared suddenly, and threw one after another, three revolvers into the hack window. The prisoners succeeded in picking them up and immediately began firing. Constable Boyd was almost instantly shot through the head. The hack was stopped, the prisoners jumped out and sprang on a passing street car, ordering the motorman to ahead. The car men, however, showed fight. The conductor, with great presence of mind, pulled the trolley pole off the wire and, while the trolley pole was being unstrung, the motorman struggled with the ruffians and the conductor came quickly to his assistance.

Meanwhile Constable Stewart and the hackman had also come quickly up and the whole three were captured. A neighboring grocery store had seen the man throw the revolvers into the hack, chased him for several blocks, but finally lost this unknown accomplice.

Constable Boyd, who had been left in the cab, was attended by citizens, who took him into the general hospital. Boyd had hardly time to reach the hospital.

The trial of the three men would probably have been concluded tomorrow morning, and this was almost the last chance of escape they would have. They had evidently been carefully planned and had counted on over-awing the car officials and rushing off in the car.

Jones, one of the desperadoes, was wounded in the arm and it will have to be amputated. It is uncertain who fired the fatal shot at Boyd, but all three now doubtless will have to stand trial for murder.

ALEXANDRA MINES TO OPEN

Mines Received to Resume Operations at Once—Men Are Pleased.

From Our Own Correspondent. Nanaimo, B. C., June 4.—The miners at Alexandra are jubilant over the news that Manager Alexander Faulds has received orders by telegram from Hon. James Dunsinuir this morning, directing him to re-open the Alexandra mines at once. The miners are getting their tools ready, and a mass meeting of the Alexandra miners union is called for 11 o'clock tomorrow forenoon. The shut-down has lasted since last December. H. M. S. Egerton passed down to Victoria this afternoon under sail before a spanking northerly breeze. A private letter to the Free Press says: The representative of a Chicago syndicate is low on Thurford Island to negotiate a preliminary arrangement for a company to work the coal field there. Some years ago an attempt was made, but abandoned. A number of borings have been put down and good prospects found. The island is halfway between Nanaimo and Victoria.

CHINESE INDEMNITY.

Washington, D. C., June 4.—The plan of a modus vivendi on the subject of Chinese indemnity is receiving the consideration of those interested in the Chinese negotiations. The purpose being to prevent this indemnity from causing any interruption in the conduct of the powers, and at the same time to remove the indemnity issue itself so that progress can be made on the remaining subjects of negotiations, chief of which is the conclusion of permanent treaties between China and the several powers. The question over the indemnity arose during the president's visit to the coast, and the return of the president and Secretary Hay. It has been taken up anew and thoroughly gone over with the foreign representatives chiefly concerned, including the British, Russian and French ambassadors and the Japanese minister. It is because of the importance attached to these negotiations, that several of the ambassadors who had intended to leave for Europe have now deferred their departure for a month.

TRUNK BLEW UP.

Internal Machine Explodes in New Jersey City—One Man Injured. New York, June 4.—A trunk which was being transferred from a truck to a baggage car on the Central railway of New Jersey at Atlantic Highlands, N. J., today blew up with a terrible report. One man was badly burned and several hundred people were much frightened. The injured man is Andrew Keavey, baggage-master on the Central. He was burned almost from head to foot, and taken in a semi-conscious condition to the Long Branch hospital. From the few fragments of the trunk which were picked up, it is believed an "infernal machine" was the cause of the explosion.

OUT OF SEASON.

New York, June 4.—The search for game birds in the storage hots of the Arctic Freezing company has ended, and the warrent under which the search was made was returned today. It is reported that about 5,000 B. V. out of season were back to be. Immediate relief was given by wearing one of Carrer's Smart Veils and being free from pain. Price 75c.

PAN-AMERICAN SPORTS.

Intercollegiate Athletics Take Part in Field Events.

Buffalo, June 4.—Clear skies, bright sunshine, tempered by cooling breeze, made an ideal day for the first athletic contests to be held in the stadium at the Pan-American Exposition grounds. Sixteen of the colleges and universities in the east and west sent their representatives to participate in today's intercollegiate track and field events, which marked the real opening of the stadium to sports. The quarter mile track and the 140-yard straight-away located inside the oval, were in fine condition. The athletes were enthusiastic in praise of the stadium.

Big Review At Toronto

Ten Thousand Troops to Pass in Review Before Duke of Cornwall.

Government Organ Admits That the Census Has Been Badly Taken.

From Our Own Correspondent. Ottawa, June 4.—The greatest gathering of Canadian troops since confederation is to take place in Toronto during the visit of the Duke of Cornwall and York. The government, instead of having a number of reviews in different places, will make the military feature of the trip an attraction at one point only, and Toronto is the chosen city.

Not less than 10,000 men will be assembled in the Queen City. They will be brought from every part of the province, and include all arms of the service. Transportation, pay, and subsistence will be furnished by the Dominion government. The cost for the two or three days the men are away from their homes will be not less than \$40,000.

There is practically no change in the strike situation in Ottawa. The greater majority of the men are still idle. Ten percent of the men have accepted the terms of the union, but the majority of bosses still hold back.

Counsel for Mr. Birckett has entered an appeal to the Supreme Court against the recent decision of Chancellor Boyd on primary objections. The appeal will be argued on October 2.

The Free Press, a government organ, practically admits the census to have been imperfectly taken. The returns are not as satisfactory as was supposed they would be. The Free Press says the country will not begrudge the money for taking the census again.

HORIZON CLEARING.

Russia on More Friendly Terms With Other Nations Than Formerly.

St. Petersburg, June 4.—Contrary to certain reports, Russia has never favored the notion of all the constitutional powers remaining in Chinese hands. She replied in terms similar to those of the United States, that the executive could not guarantee without the consent of the legislative body. The Russian offers a speedy settlement to a guarantee. It is not true that Russia is bitter against the British. The Russian plan now discussed, her relations with Great Britain are declared at the foreign office by the officials with whom the correspondent of the Associated Press had a long talk, to be more satisfactory than for a long time. It is also not true that Russian officials are harboring a grudge against Germany. The irritation which arose from German punitive expeditions, naturally ceased when those expeditions were stopped. Russo-German relations have resumed the normal cordiality which they should always be.

It is not believed that France intends to annex the island of Hainan, and Russian officials see no occasion for excitement over the subject of the French-Korean loan. It is pointed out the French-Korean concession for a railroad from Seoul to the Chinese frontier is several years old. Russia anticipates that the road will ultimately be constructed.

The Macedonian question is not expected to occasion anxiety this summer. The Russian ambassador, M. Zvonovitch, returns to Constantinople because his leave has expired.

The informant of the correspondent of the Associated Press says that the official horizon as clear as for years past.

DUE TO "SOONERS."

Indians Alarmed at Whites Trying to Enter Their Reserves.

Denver, Colo., June 4.—General Merriam, commander of the department of Colorado, today received the following telegram from Lieutenant-Colonel Lee, in command at Fort Washkie, Wyoming: It is reported that an Arapahoe sheep herder was killed last Friday on the reservation thirty miles north of the agency, by a white sheep herder. This, if true, has a connection with reported disturbances, though it might increase some of the Arapahoes. The agent of the reservation has heard nothing of the matter, and everything is apparently quiet.

Troop "B" first cavalry, stationed at Fort Washkie, and General Merriam believes it will be sufficient to meet any emergency. He added that the ill-feeling among the Indians was due to the presence of the "sooners."

CUBAN ELECTIONS.

Reports Vary as to the Success of the Parties.

Santiago de Cuba, June 1.—The reports from outside municipalities show a general victory for the nationalists in the elections, but in the city both parties claim to have won. The returns showed unexpected strength though probably not enough to elect their candidates. The nationalists made charges of illegal voting. A large number of Spaniards voted by 9 o'clock. One-fourth of the vote has been counted, showing nearly an even number. Lots for the opposing candidates. Over 100 arrests were made during the day, but there was no serious disorder.

Improvement By-Law Passed

Influential Petitions Presented Asking for a Bridge at Point Ellice.

B. C. Electric Co. Make an Offer to Light Municipal Buildings.

(From Tuesday's Colonist.) The aldermen are, to their honor be it said, working overtime these days. Last week they held three meetings, and they have begun the present week with a regular meeting last night and a special tonight. The object of tonight's meeting is to consider plans, cost, etc., of the Point Ellice bridge, and it is felt that no time should be lost in taking definite action in this momentous matter. One of the most influential petitions ever presented to the city authorities was before the council last night, and it was read and referred to the committee, and will be presented to the council to be replaced by the present wooden structure with a permanent one.

The council last night considered the by-law relating to the Point Ellice bridge, and the High School, James Bay flats and Menzies street improvements. The council last night considered the by-law relating to the Point Ellice bridge, and the High School, James Bay flats and Menzies street improvements.

After some more discussion it was decided to consider the question at a special meeting to be held on Monday. A petition asking for the extension of the water main on Lansdowne road, referred to water commissioner.

MAY ACCOUNTS. The finance committee recommended the payment of accounts aggregating \$3,802.

BY-LAWS. The Government street paving by-law, which was passed, read a third time and passed.

The High school, the James Bay flats and Menzies street improvements, which were passed, read a third time and passed.

The council then adjourned.
