WOMEN AS CLERKS.

Why They are not Employed in Retail Shoe Stores.

"The reason that so few women are employed as clerks in retail shoe stores," said a shoe merchant to a reporter of the New York Mail and Express, "is that they will not, with any degree of politeness, try a pair of shoes on a lady customer. Every lady who buys a pair of shoes now desires them tried on, and custom within the last few years imposes upon the clerks the task of kneeling down and fitting them to the feet. Male clerks do not mind it, but one woman never likes to put a shoe on another. If they do bring themselves to do it they exhibit such utter repugnance to the customer that she rarely comes back again. If she does she will not let a female clerk wait upon her. I know some ladies who will wait an hour for a male clerk to become disengaged rather than have one of their own sex wait upon them. Yet I keep several women in my store to wait upon a certain class who are exceedingly modest and will not permit a man to try a pair of shoes on their feet. The female clerks all say they prefer waiting on men, that they are not as exacting and particular as women, and either take an article immediately or refuse it. On the contrary, a lady is very particular and takes a long time to decide upon what she desires to purchase. Nothing flatters a woman more than to have a polite clerk try on a pair of shoes and make some remark about the beautiful shape of her feet. A female clerk never indulges in such compliments to her own sex. My experience is that men alone are best fitted to sell ladies' shoes."

—"What we learn with pleasure we never forget."—*Alfred Mercier.* The following is a case in point. "I paid out hundreds of dollars without receiving any benefit," says Mrs. Henry Rhoads, of McBrides, Mich. "I had female complaints, especially 'dragging-down,' for over six years. Dr. R. V. Pierce's 'Favorite Prescription' did me more good than any other medicine I ever took. I advise every sick lady to take it." And so do we. It never disappoints its patrons. Druggists sell it.

What is Catarrh?

From the Mail (Can.) Dec. 15.

Catarrh is a muco-purulent discharge caused by the presence and development of the vegetable parasite amœba in the internal lining membrane of the nose. This parasite is the simplest living form known that lives upon organs and is only developed under favorable circumstances, and these are: Morbid state of the blood, as the highest approach of tubercle, the germ poison of syphilis, mercury, toxomœa, from the retention of the effete matter of the skin, suppression, perspiration, badly ventilated sleeping apartments, and other poisons that are germinated in the blood. These poisons keep the internal lining membrane of the nose in a constant state of irritation, ever ready for the deposit of the seeds of these germs, which spread up the nostrils and down the fauces, or back of the throat causing ulceration of the throat; up the eustachian tubes, causing deafness; burrowing in the vocal cords, causing hoarseness; usurping the proper structure of the bronchial tubes, ending in pulmonary consumption and death.

Many attempts have been made to discover a cure for this distressing disease by the use of inhalents and other ingenious devices, but none of these treatments can do a particle of good until the parasites are either destroyed or removed from the mucus tissue.

Some time since a well known physician of forty years' standing, after much experimenting, succeeded in discovering the necessary combination of ingredients which never fail in absolutely and permanently eradicating this horrible disease, whether standing for one or forty years. Those who may be suffering from the above disease, should without delay, communicate with the business managers, Messrs. A. H. DIXON & SON, 305 King street west, Toronto, Canada, and enclose stamp for their treatise on Catarrh.

No preacher need preach to empty pews these days. Let him just proclaim from his pulpit that the moral of the Bible is a fable, and that those passages which aren't fable don't mean what the wisest and best men in the past nineteen centuries have agreed that they do mean, and that there isn't any hell, or if there is one it isn't very hot, and all those people who have the most to gain by such being the case will flock to hear him, his sermons will be published in the newspapers, and he will gain a notoriety which the plain preaching of the Word could never bestow upon him.

—C. L. Easton, of Hamilton, Ont., speaks in terms of gratitude and praise of the great benefit he derived from Burdock Blood Bitters, taken for dyspepsia. 246

A London paper lays it down editorially that "the man who would not kiss a woman when she tells him with her eyes that her lips are yearning is an idiot." This, we think, depends upon the woman.

—Ask for Ayer's Sarsaparilla, and do not be persuaded to take any other. Sold by all druggists.

Chicago, with miles of lake front, offers no opportunity for any one of her 600,00 people to take a bath.

—Disease gathers strength as it advances. Annihilate it at its birth. When the bowels become sluggish, digestion feeble, or the liver torpid, they should be aroused and stimulated with Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, a medicine foremost in usefulness among alteratives. It should not be abandoned if an immediate cure is not effected, but be used as it deserves, systematically and with persistence. It will then prove that it is thorough.

—Worms cause feverishness, moaning and restlessness during sleep. Mother Graves' Worm Exterminator is pleasant, sure, and effectual. If your druggist has none in stock got him to procure it for you.

—Perhaps the most wonderful discovery of modern science was made in the early part of the year 1812, by the eminent French doctor, Louis Perrault, M.D. Dr. Perrault was born in the year 1762, and from boyhood received a most liberal education, and when he was scarcely 25 years of age graduated as a physician, and after years of careful experimenting, discovered a preparation which will cause healthy hair to grow. This preparation is called Dr. Perrault's Moustache and Whisker Grower. See advertisement.

A Cure For Drunkenness.

—Opium, morphine and kindred habits. Recipe and valuable treatise sent free. The medicine can be given in a cup of tea or coffee and without the knowledge of the person taking it if so desired. Send 3c. stamp for full particulars and testimonials. Address M. V. LUBON, agency 47 Wellington st. east, Toronto, Canada. ed

—A field of corns.—Thomas Sabin of Eglington, says: "I have used Holloway's Corn Cure with the best results, having removed ten corns from my feet. It is not a half way cure or reliever, but a complete extinguisher, leaving the skin smooth and clear from the least appearance of the corns."

—West Toronto Junction is within a few minutes walk of the Union station by the trains of either the Ontario and Quebec and the Grand Trunk or the Northern. Real estate in the neighborhood has steadily risen in value and promises to advance still more rapidly. Some of the best lots in West Toronto are to be had from Geo. Clarke, 296 Yonge street.

—"A constantly increasing sale with the same satisfactory results for which it was first noted," writes W. W. Branscombe, druggist, of Picton, of the noted blood and liver remedy—Burdock Blood Bitters. 246

A passenger from Nebraska was on the train that was demolished by the cyclone near Sioux City, Iowa, Thursday. As he emerged from the debris he was heard to mutter: "Well, this is something like. The first mouthful of fresh air since I left my native state."

"O, LOR', HIT 'IM AGAIN."

In the early days of Methodism in Scotland, a certain congregation, where there was but one rich man, desired to build a new chapel. A church meeting was held. The old rich Scotchman rose and said: "Brethren, we dinna need a new chapel: I'll give £5 for repairs."

Just then a bit of plaster falling from the ceiling hit him on the head.

Looking up and seeing how bad it was, he said: "Brethren, it's worse than I thought; I'll make it 50 pun'."

"Oh, Lord," exclaimed a devoted brother on a back seat, "hit 'im again!"

There are many human tabernacles which are in sore need of radical building over, but we putter and fuss and repair in spots without satisfactory results. It is only when we are personally alarmed at the real danger that we act independently and do the right thing. Then it is that we most keenly regret because we did not sooner use our judgment, follow the advice born of the experience of others and jump away from our perils.

Thousands of persons who will read this paragraph are in abject misery to-day when they might be in a satisfactory condition. They are weak, lifeless, full of odd aches and pains, and every year they know they are getting worse, even though the best doctors are patching them in spots. The origin of these aches and pains is the kidneys and liver, and if they would build these all over new with Warner's safe cure as millions have done, and cease investing their money in miserably unsuccessful patchwork, they would be well and happy and would bless the day when the Lord "hit 'em" and indicated the common sense course for them to pursue. —London Press.

Call a girl a chick, and she smiles; call a woman a hen, and she howls. Call a young woman a witch, and she is pleased; call an old woman a witch, and she is indignant. Call a girl a kitten and she rather likes it; call a woman a cat and she'll hate you. Queer sex, isn't it?

—Mr. H. B. McKinnon, painter, Mount Albert, says: "Last summer my system got impregnated with the lead and turpentine used in painting; my body was covered with scarlet spots as large as a 25-cent piece, and I was in such a state that I could scarcely walk. I got a bottle of Northrop & Lyman's Vegetable Discovery, and at once commenced taking it in large doses, and before one-half of the bottle was used there was not a spot to be seen, and I never felt better in my life."

—Whether to dye or not is a mere matter of taste: it is good taste to use Buckingham's Dye for the Whiskers.

—C. C. Jacobs, Buffalo, N.Y., says: "Dr. Thomas' Eclectric Oil cured him of a bad case of piles of 8 years' standing, having tried almost every known remedy, besides two Buffalo physicians, without relief; but the Oil cured him; he thinks it cannot be recommended too highly." There being imitations on the market of Dr. Thomas' Eclectric Oil, customers will see that they get the genuine.

—Sore Throat.—The best cure we know of for sore throat is a gargle of Pain-Killer and water—it acts like magic. 36

—Mrs. D. Morrison, Farnham Centre, P.Q., writing about Dr. Thomas' Eclectric Oil, says: George Bell used it on his son, and it cured him of rheumatism with only a few applications. The balance of the bottle was used by an old gentleman for asthma, with the best results. It acts like a charm.

—Mr. Richard Birks, a prominent Montreal druggist, writes: I take pleasure in testifying to the general satisfaction the new perfume the "Lotus of the Nile" is giving. My lady customers are delighted with it, and where a delicate and truly elegant perfume is desired I unhesitatingly recommend the "Lotus of the Nile." 36

BRIGHT'S DISEASE OF THE KIDNEYS.

The above symptoms are not developed in any order, but appear, disappear and reappear until the disease gradually gets a firm grasp on the constitution, the kidney-poisoned blood breaks down the nervous system, and finally pneumonia, diarrhœa, bloodlessness, heart disease, apoplexy, paralysis or convulsions ensue, and then death is inevitable. This fearful disease is not a rare one—it is an every day disorder, and claims more victims than any other complaint.

It must be treated in time or it will gain the mastery. Don't neglect it. WARNER'S SAFE cure has cured the sands of cases of the worst type, and it will cure you if you will use it promptly and as directed. It is the only specific for the universal
