Speculation in wheat on the long side is being transferred from this side of the Atlantic to Liverpool. The view taken by dealers is that the United States and Canada having sufficient wheat for home consumption with some own of the consumption with some own of the consumption with some own of the considered, wheat is selling at no more than it is in Port Arrhur, at not so much as in Duluth or Minneapolis, and up to you considered, wheat is selling at no more than it is in Port Arrhur, at not so much as in Duluth or Minneapolis, and up to you considered, wheat is selling at momental at it is a purchase of all it is a purchase in Liverpool. A number of buying orders have been sent across the ocean from Toronto and Montreal during the past few gays.

A sharp decline in wheat took place in the Calcago market, yesterday. All of the options recorded and closed weak. October opened at \$1.17 and closed at \$1.12. Cash wheat is sill too high to meet export prices.

CHICAGO, Oct. 9.—There was fair trading in wheat on speculative account at lower and irregular prices. The sentiment tosome extent has changed to the bear side and there was more general disposition to sell. Local traders sold freely, and the buying was credited to a considerable extent to outsiders and to parties who had sold yesterday or early this morning, and who had profits in their transactions. But the feeling was unsattled and fluctuations again covered a wide range. The decline from yesterday's outside point was 10. Every doding on the early down turn was met with "stop orders" which helped to depress prices.

FOR OLD PEOPLE!

In old people the nervous system is weakened, and that must be strengthened. One of the most prominent medical writers of the day, in speaking of the writers of the day, in speaking of the prevalence of rheumatic troubles among the aged, says: "The various pains, rheumatic or other, which old people often complain of, and which materially disturb their comfort, result from disordered nerves." There it is in a nutshell—the medicine for old people must be nerve tonic. Old people are beset with constipation, flatulency, drowsiness, diar-shoes, indigestion, rheumatism, neuralgia,

These diseases are of nervous origin. Paine's Celery Compound, that great nerve tonic, is almost a specific in these disorders, and by its regulating influence on the liver, bowels, and kidneys, removes the disorders peculiar to old age. Old people find it stimulating to the vital powers, productive of appetite, and a promoter of digestion.

Sold by druggists. \$1.00. Size for \$6.00. Send for eight-page paper, with many testimonials from nervous, debilitated, and aged people, who bless Paine's Celery Compound.
