John J. Dixon & Co. received the following despatch over their private wire from Counselman & Day of Chicago: Opening feeling in wheat was a shade firmer, in sympatny with stronger corn and provisions markets and light receipts. After a period of moderate activity there was a sharp rally on big shipments from St. Louis (187,000 bushels), but this proved to be only a flurry. Long wheat sold freely on the bulge. Foreign markets show an easier tendency. Closing cables came lower and this started heavy local seiling, which, with outside orders, broke the market. The market is undoubtedly feeling the effect of heavy unloading yesterday and the outlook is not especially favorable for taking back their wheat, except on further decline. Corn was rather-wild during the first hour on the bulge. However, there was heavy selling and declining tendency in wheat and provisions finally manifested itself in corn and the deal flattened out, closing at about bottom. Provisions opened excited on outside buying, notwithstanding hogs were in good supply and prices much lower, but the big operators sold steadily, feeding the market with all it would take without breaking it, until the smaller holders commenced to weaken and sell out. There was only a moderate rally from the bottom and it looks as if the deal had been overstrained and got into weaker hands.

GRATEFUL-COMFORTING. EPPS'S COCOA

BREAKFAST. "By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a week point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.
