Charles Frohman's brilliant comedy success "Jane" will occupy the boards of the Grand Opera House next Monday evening and entire week, and at the Wednesday and Saturday matinees. "Jane" met with grand success on its presentation here last season. The company presenting "Jane" is one of great merit, as the name of "Frohman" would suggest. Mr. Frohman has an enviable reputation for handling only the most legitimate attractions, and "Jane" is no exception to this rule. Adapted from the French, "Jane" possesses all the elements of bright, sparkling wit and refined humor always found in those successes produced in the ways found in the ways bright, sparking wit and reined dution as ways found in those successes produced in the gay capital of the sister republic, and "Jane" has the advantage over the original that there are no risque situations or anything in the way of douole entendres, "Chums," The N.Y. Herald prize play in one act will precede "Jane" as a curtain raiser.

Nordica Concert Company. Franz Rummel's advent to Toronto will be one of the great musical events of the season. To all lovers and students of the A Lecture by REV. JOSEPH WILD, D.D., in the piano he will prove of specially great interest. As a piano virtuoso he is without a rival, his playing being faultless and brilliant beyond any doubt.

Rummel will appear with the Nordica Concert Company, as will also the eminent basso, Emil Fischer.

Auditorium, on THURSDAY, MARCH 23, 1893, AT 8 P.M.

Tickets 25c. May be obtained at Auditorium, Claxton's Music Store or at the door on the night of the lecture.

The gigantic couple are known from the Atlantic to the Pacific as the married couple whose combined weight is about 1400 pounds. Prof. Stendell, who has been astonishing our patrons this week with the beautiful electrical effects produced by his wonderful thaumascope, will remain another week and will produce for the first time in America his great electrical experiment entitled "The Queen of Sheba." Charles P. Tripp, said to be the greatest pedal artist extant, will also appear in the same hall.

Jacobs & Sparrow's Opera House.
Jacobs & Sparrow's Opera House presents
on next Monday evening and for the balance on next Monday evening and for the balance of the week the ever-popular "Shadows of a Great City," one of the best melodramas ever produced. Mr. L. R. Shewell, the author, who will be ramembered as the latest the state of the ever produced. Mr. L. R. Shewell, the author, who will be remembered as the leading man of the once famous Boston Theatre Company; has proved himself almost as great a playwright as actor. He has given the stage a melodrama that is consistent throughout, a marvel in point of construction, and with characters that seem to be drawn from life and not the supernatural. From a literary standpoint—and melodramas have literary standpoint—and melodramas have literary standpoint—it is head and shoulders above any other piece of the same class now being played.

Notes.

The opposition of the farming interests of the United Kingdom, excepting part of Scotland, precluded the immediate rescinding of the schedule.

It was, therefore, decided by Mr. Gardner that arrangements should be made for a systematic inspection of the lungs of all Canadian cattle landed during the first few weeks of the season. It is the belief that a very short period of this treatment will remove every reasonable doubt of Canada's freedom from the disease. However, Mr. Gardner refuses to name a specific date for the removal of the restrictions, but he says the more healthy the cattle that arrive the sooner the embargo will be removed.

Canada's policy, therefore, is to hurry along all the healthy eathle there are the sex of the season and the healthy eathle the sex of the season and the more healthy the removed.
