

Help for Weak Eyes

The wonderful new method of eye-examination used by the Tait-Brown Optical Co., of London, are relieving the eye troubles of hundreds of people. In some cases of long standing that have never been successfully corrected, the results are marvelous.

Our science is the practical demonstration of the wonderful discoveries made at the world's optical centers of Berlin, Paris, London and New York.

A Railroad Experiment.

The results of the innovation of twelve gasoline motor cars on the Union Pacific will be watched with considerable interest by the engineering public. These cars will be placed upon branch lines, where fast service is not required. They have the advantage of starting and stopping quickly, and the speed attainable enables the company to give a much more frequent service than would otherwise be possible. The latest type will be a 200 horse-power engine capable of attaining a speed of sixty miles an hour. —Toronto Canadian Engineer.

Almost Dead of Bronchitis.

Few people have suffered more than Jno. P. Taylor, of Dymont, P. O., Ont. To-day he is well and writes,—"I must tell you how much Catarrh has been to me. I was so bad with bronchitis sometimes I thought it would soon be over with me. A spell of choking would come on that left me prostrated and weak. Since using Catarrh-ozone I have had no trouble at all. It strengthened my throat, stopped the cough, gave me free breathing and entirely cured." Just the free experience. Catarrh-ozone invariably cures whether bronchitis, Asthma or Catarrh. Two sizes, 35c and \$1.00 at all dealers.

Here's A Record.

Montreal, Sept. 14.—Nine hundred passengers were landed in Montreal, yesterday from three vessels, which creates a record for a Friday this season. Three passenger boats arrived, the Ottawa from Liverpool, the Mongolian from Glasgow, and the Parisian from London and Havre. In addition these boats landed a large number of steerage passengers at Quebec. The customs officials were kept busy as all three boats arrived within four hours of each other.

Scalp Torn From Head.

Chatham, Sept. 12.—Ada Shaw, 15 years of age, met with a terrible accident while at work at the Kent Canning Works today.

While passing close to a belt her hair was caught in a rapidly revolving wheel, which tore her scalp completely from her head.

She was at once taken to the office of a surgeon, where the scalp was thoroughly cleansed and placed on the head again, though it is thought unlikely it will grow again.

A Suggestion of Rare Value.

A diseased condition of the surfaces of the air passages causes bad breath, but more commonly emanates from indigestion or an impure condition of the blood. Thousands of cases prove that Dr. Hamilton's Pills through their specific action on the secretory and eliminative organs, not only cure bad breath, but so thoroughly purify the system that anything suggestive of blood or digestive troubles is impossible. Through Dr. Hamilton's Pills the skin grows rosy and clear, activity of the body and mind increases, and bounding health is established, sold everywhere in 25c. boxes.

Dearth of Male Teachers.

Toronto, Sept. 17.—There is a dearth of male teachers in training at the provincial normal schools, which opened another term this morning. At Toronto there are 180 female and 5 male teachers; at London 150 females and 13 males, and at Ottawa 115 females and 7 males.

A CURE FOR COSTIVENESS.—Costiveness comes from the refusal of the excretory organs to perform their duties regularly from contributing causes usually disordered digestion. Parmenter's Vegetable Pills, prepared on scientific principles, are so compounded that certain ingredients in them pass through the stomach and act upon the bowels so as to remove their torpor and arouse them to proper action. Many thousands are prepared to bear testimony to their power in this respect.

Large Sum Unclaimed.

London, Sept. 15.—The annual report of the Postmaster-General shows that last year 11,120,695 letters were undelivered, owing to their being wrongly or insufficiently addressed. They contained £687,000 in cheques, notes or postal orders, which were never claimed.

About fifty blacksmiths, representing the Blacksmiths' Association of Western Ontario, met at Woodstock and held an informal conference on the subject of raising the standard of the trade and the prices. While no action was taken, it is likely that the schedule of prices now in existence will be increased.

ENGLISH LINIMENT removes all hard, soft or calloused lumps and blemishes from horses, blood spavin, curbs, splints, ringbone, sweeney, stifles, sprains, sore and swollen throat, coughs, etc. Save \$50 by use of one bottle. Warranted the most wonderful blemish cure ever known.

Successful Fall Fair.

Forest, Sept. 18.—The Forest Fair, as usual, was a grand success. Forest always boasts of having the banner show for Lambton County, and this year was up to the standard.

The first day saw the main building crowded with exhibitors, especially ladies who had for exhibition one of the finest collections of ladies' work ever seen at a country fair.

The fruit, considering the late season is excellent, especially the apples. The peaches and pears are very fine and the grapes of excellent quality. The roots and vegetables would do credit to the Western Fair, and the potatoes are especially of good quality. The horses were better than usual this year. Some very excellent teams of heavy horses were shown.

One of the interesting features of the afternoon was a girl's basket ball game between Parkhill and Forest for a prize of \$10. The score was 13 to 11 in favor of the Forest girls, who have never been beaten since their organization.

The gate receipts amounted to \$425. The concert in the evening was well attended and the program much enjoyed, as the list of artists will show, such as Bert Harvey, LeRoy Kenney, John Kelly, the Strathcona orchestra and others. Prof. Buckley, of Sarnia, acted as accompanist.

Cattle were in good numbers. Sheep and hogs were in good numbers. The poultry is a special feature of the Forest fair, there being a single bird entry and liberal prizes. Forest can probably produce more chicken fanciers than any other town of its size in the province. There were over 300 entries in this department, and of the highest quality.

Overtaken by Nausea.

You don't know whether it's going to stay down or come up. You feel like thirty cents and look even worse. It one thing is quicker than another, it's "Nervine." Ten drops in sweetened water gives relief instantly. Almost like magic is the change you experience. The cause of the nausea is removed, every symptom of vomiting and indigestion is cured within ten minutes. When Polson's Nervine is so trustworthy and economical, a bottle at home would not be amiss. Large ones for a quarter at all dealers.

Pierce Fight With Bear.

Peterboro, Sept. 18.—While paddling across little Bob Le, William Coons of Kilmount had an exciting tussle with a bear that was swimming in the water. The bear, with one stroke of his paw, upset the canoe, and the next moment Coons and the bear were struggling in the water. Coons reached shore after half an hour, with his clothes badly torn and his body scratched.

These two desirable qualifications, pleasant to the taste and at the same time effective are to be found in Mother Graves' Worm Exterminator. Children like it.

London citizens are circulating a petition for Sunday street cars. It is said that nearly every citizen is signing the petition. The manager of the road states, however, that the company are not anxious for Sunday cars, as the change would mean increased expense. It is understood the Lord's Day Alliance will strongly oppose Sunday cars.

WORTH TAKING

One ounce Fluid Extract Dandelion;
One ounce Compound Salatone;
Four ounces Compound Syrup
Sarsaparilla;
Mixed and taken in teaspoonful doses after each meal and at bedtime, is pronounced by a prominent physician to be the best mixture for the cure of the kidney, bladder, and all urinary troubles.

This says the doctor, is the most simple though remarkable prescription ever written to cleanse the system of impurities and waste matter. It acts as a powerful tonic to the kidneys, forcing them to filter out the acids and poisons, overcoming rheumatism, lame back, sciatica and other afflictions arising from sour, impure blood.

The ingredients can be procured at any good drug store, and being purely vegetable and entirely harmless, can easily be mixed at home.

If you have a suffering friend show this to him, as he will undoubtedly be pleased to learn of so simple and highly recommended a remedy.

PANDORA

RANGE

A convenience much appreciated by every owner of a Pandora is the towel rod attached to the range. As one-third of the rod is made of emery, it makes a splendid knife sharpener, too.

It's always there handy for you. You need waste no time hunting around for the easily misplaced "steel." Bright idea, eh?

An accurate thermometer is a reliable guide to successful baking, while an inaccurate one is a "cheat" of the worst kind.

Every Pandora thermometer is carefully adjusted and undergoes a practical test by heat—is proven correct before being sent out.

The figures, which show the required degree of heat necessary for the successful baking of bread, cakes, pies, etc., are plainly inscribed in black on a white enamel surface, so that they are easily readable, even when the day is dull.

If your local dealer does not sell the Pandora, write direct for free booklet.
