> Save the food and help the fighter fight

Now is THE TIME TO INCREASE Nova Scotia Flocks. KEEP YOUR EWE LAMBS.

The Nova Scotia Department of Agriculture in co-operation with the Live Stock Division of the Dominion Department of Agriculture, announce the following policies :

High Prices for Wool and Mutton are Assured for Some Years AFTER THE WAR.

Several hundred selected grade ewe lambs have been purchased and will be sold at cost to bona fide sheep breeders wishing to secure them.

2. The Departments will pay transportation on these ewe lambs from place of purchase to destination.

3. If parties wishing to secure ewe lambs for breed. ing purposes will write the Nova Scotia Department of Agriculture, Truro, they will get advice relative to price and other particulars. If all lambs already secured are disposed of, an effort will be made to purchase more. Get orders in early, as later prices may be higher.

4. The Live Stock Division of the Federal Departnent of Agriculture will assist as heretofore in the dis tribution of pure bred rams.

5. To supplement the distribution of pure breed rams, the Provincial Department of Agriculture will secure and ship at cost, high class unregistered ram lambs at slightly higher than butcher prices.

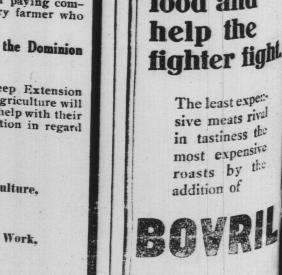

6. Mr. S. A. Logan, in charge of Sheep Extension Work of the Nova Scotia Department of Agriculture will as far as possible, call on parties wishing help with their sheep flocks or requiring further information in regard to the increasing of their flocks.

For further particulars write

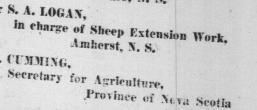

SHEEP DIVISION. Nova Scotia Dept. of Agriculture, Truro, N. S.

in charge of Sheep Extension Work,

M. CUMMING.

or S. A. LOGAN,

If you have more than you need induce your neighbors to purchase them for breeding purposes. Do not sell them to the butcher unless you cannot help it. 1918 legislation requires the compulsory taxation of every dog in Nova Scotia and provides for paying com-pensation to owners of sheep destroyed by dogs, the owners of which are not known. Now let every farmer who
