We hope that Agents will not fail to collect and forward the several sums due on the Record in their respective localities with little delay as possible.

We would once more request that all matter intended for insertion in the Record, may be forwarded so as to be in the hands of the editor on or before the 15th current. Many articles of interest and importance have frequently had to be delayed in consequence of neglect of this arrangement. Some complaints have been made that this is too early, but as we are obliged to go to press, early in the month, in order to be out in time, it cannot at present be avoided. We would also feel obliged, if such clergymen belonging to our Synod or that of New Brunswick as have not yet supplied us with a sermon, for publication in the Record, would do so at their earliest convenience, as our stock has now been exhausted. We would also very thankfully receive any item of information, from any quarter which may be deemed useful or interesting, connected in any way with our Church. We cannot make information, and we would earnestly appeal to our numerous friends to assist us in this particular.
