

man face; and a friend of mine, who has the honor of his acquaintance, corroborates the newspaper accounts, so that if I have sinned against Mr. Smith, I have sinned in the company of parties well informed.

Having already bestowed more time and attention upon the letter of "Verax" than it deserves, I dismiss the subject now and for ever.

I remain, Sir,
With great respect,
Your very obedt. servt.
A COUNTRY PRACTITIONER.

NOTICE TO CORRESPONDENTS.

Letters have been received from the following:—

Mr. David Clapp, Publisher, Boston Medical Journal. The remarks on Medical Education will appear in our next issue: they were received too late for insertion in the present one.—From Dr. Beck, Albany: request attended to.—Dr. Ranking: no demand made.—Dr. R. will understand.—Dr. Robertson, Edinburgh: a

private letter will be sent by next mail: but the Northern Journal may be sent by post.—Dr. Watts, New York: request complied with.—Mr. H. N. Scobie, Toronto, will be immediately attended to.—Dr. Jarron, Dunnville.

Papers for this Journal are on hand, having been received from Dr. Marsden, Quebec; Dr. Jarron, Dunnville; and Mr. Turner, V. S. They will appear in our next issue. We regret to say that we are unable, after the most diligent search, to find among our papers, that of Dr. Bergin, Cornwall. It has, unquestionably been mislaid. We will write Dr. Bergin in the course of a few days.

In consequence of the amount of local medical intelligence, and our desire to give the parliamentary debate on the Medical Bill for Upper Canada entire, we have decided upon adding a couple of additional pages to this number, in the form of a single leaf.

METEOROLOGICAL REGISTER at MONTREAL, for the Month of JUNE, 1850.
