Week-End Journeys

The crowning feature of the lunch should be Libby's Preserves and Pickles. They taste just right and are sold in most convenient packages.

Libby's Individuals—Dainty portions of famous Libby's preserves—just enough for the week-end journey.

Libby's Mammoth Olives—Large, meaty, perfect—imported direct from the most celebrated Spanish olive groves.

Libby's Sweet Midgets—Little green pickles—crisp and fresh—prepared with purest spices, granulated sugar and high-grade vinegar.
