"Beware the pine tree's withered branch,
Beware the awful avalanche!"
was the peasant's warning to the aspiring
Alpine youth. Dangers greater than these
lurk in the pathway of the young man or
young woman of the present as they journey
up the rugged sidehill of Time. But they may
all be met and overcome by a judicious and
timely use of Dr. Pierce's Golden Medical
Discovery, the celebrated cure for colds,
coughs, catarrh, and consumption. Better
than hypophosphites or cod liver oil; unrival-
led and unapproachable in all diseases arising
from a scrofulous or enfeebled condition of the
system. Send for a free book. Address

HAVERGAL HALL,

OPENED SEPTEMBER, 1894.

The Board having determined to make this School
equal to the best Ladies' School in England, was most
fortunate in procuring as Lady Principal, Miss Knox, who
has taken a full course in the University of Oxford, passing
the final examinations in the two Honor Schools of Modern
History and English. Miss Knox, until she came to Haver-
gal Hall, held an important position in "Cheltenham,"
one of the largest and best appointed Ladies' Colleges in
England.

The Board has determined to have a staff of assistants
fully competent to sustain the Lady Principal in her work.
Mr. H. M. Field, late pupil of Martin Krause of the Royal
Conservatory of Music, Leipzig, is the head of the Musical
Department. Mr. E. Wylie Grier, R.C.A., the well-known
Painter, is head of the Art Department.

The School is open for both day pupils and boarders.

tion to Havergal Hall, or to
