EXPORT CONTACT

Mr. Lawrence Klein Vice President

Thought Technology was founded in 1974 to produce an inexpensive instrument which incorporated new technology in order to assist individuals in learning stress management. Since then, they have progressed from a one-product company to a leading biofeedback manufacturer with a complete line of psychophysiological monitoring instrumentation which includes EMG, Temperature, Heart Rate, Skin Conductance, Skin Resistance, Blood Volume Pulse and Respiration monitors. The company exports its products to Japan, Taiwan, Germany, Italy, Sweden, Spain, Hong Kong, Netherlands, England, Denmark, Australia, Austria, Belgium, India, Korea, Thailand and the United Kingdom.
