

The program of... planning for modern
cities are... the... of new residential areas
and the... of... areas to... areas
either in... for new population... of to...
traffic congestion in... areas, have produced conditions
of... in... areas, gradual deterioration of other
residential... areas, a... new cities, has
also... for the... and conservation.
Although... for development is made available
by the... of... and citizens
like the... of... for their
initiative and... and development,
The... of... by the...
that during the... growth is... to
accelerate... of the country.
