

11. And how easy do you think it would be to gain access to provincial government adjustment programs that would ease your transition back to work...very easy, somewhat easy, not very easy, not easy at all?
12. Some people say that if Canadians had stronger job skills along with access to world markets, We would prosper and the problem of unemployment would decline on its own. Other people say that we will always have high unemployment in Canada because of the weaknesses in some of our regional economies. Which statement is closest to your own point of view?
