GUELPH, Dec. 12.—The provincial
winter fair, which has been in progress since Tuesday, closed this af-

ternoon at 5 o'clock. This year's was the most successful fair since 1883,

and according to a large number who ought to know it was the best agri-

in Canada, and it is doubtful if any-thing in the world could compare with it, with the exception of the

International Live Stock Show at

The manner in which things were

run opened the eyes of many of those present, who had visited shows in much larger cities than Guelph. The judging of all the various classes in

the different departments was done in

a most commendable manner, and a

good deal of credit for the success of

management and the secretary cannot be given too much praise for their

vincial Winter Fair the biggest of its

kind in the Dominion.
The object of the management was

not only to bring to the fair the best live stock possible, but also to make

it of an educational value to the farmers. In this they were success-

ful to a large degree.
