DEN BUILDING

MONTREAL, April 7 .- Announce-

ent of changes in the steel tariff and outcome of the municipal elections esulted in a brief display of fireworks at the opening of the local stock market today. Iron opened strong at 331-2, an overnight gain of 3-4, and was rushed up to 34 in the first few minutes of the trading. Stock was plentifully supplied on the rise, and the price fell back to 32 1-2, rallied back to 33 and finally closed at 32 3-4 at noon or unchanged from the pre-vious day. In the afternoon it sagged steadily at 32 1-4 and closed at the low of the day with an advance of 1 1-4 converted into a loss of 1-4 on the day. Upwards of 3300 shares were traded in. There was no doubt as to the inter-pretation placed by the street on the pretation placed by the street on the municipal election result with reference to the franchise outlook of the Montreal Tramways Company. In an erratic market at the opening. Trampower, which closed 38 1-2 on Monday, was bid up to 42 before a share of stock came out, and rose another point in the first few minutes. It closed back at the opening level of 42, with a net gain of 3 1-2 as the day's change. The balance of the market was dull and price fluctuations were narrow. C.P.R. recovered 1-2 to 207, but finished 206 3-4.
