RECRUITING APPEAL STIRS UP HAMILTON

Hon. T. W. McGarry and N. W. Rowell, K.C., Make Pleas.

DO DUTY TO EMPIRE

Canadians Cannot Repay Sacrifices of Mother Country for Dominion.

By a Staff Reporter.

HAMILTON, Saturday, Oct. 30.—N. W. Rowell, K.C., and Hon. T. W. McGarry, provincial treasurer, delivered stirring addresses last night before a large audience in the I.O.O.F. Temple, under the auspices of the Hamilton Recruiting League.

addresses last night before a large audience in the I.O.O.F. Temple, under the auspices of the Hamilton Recruiting League.

Never before has the great necessity for greater recruiting been emphasized aince the war started than last evening, and, judging from the enthusiasm shown by those present, the rate of enlisting from now out is expected to be greatly accelerated in Hamilton.

Major Hatch, who presided, in introducing the speakers, referred to them as political enemies working in unison in the interests of the empire. He said that the war should not be utilized as a money-making scheme, as is being done in many cases. He explained that the people can make money at any time, but that the empire can be saved only once, and now is that time.

In opening his address, Hon. Mr. Mc-Garry paid tribute to the fine manner in which Hamilton citizens had responded to the many calls for financial assistance, and the way in which the men had enlisted willingly and in great numbers. He said the people of Hamilton and of all Canada are today realizing more and more the great necessity of making sacrifices in order to assist the empire in its enormous struggle for freedom, righteousness, honor and the overthrowing of Prussian militarism. He explained that despite the fact that Hritain had not yet made amy appeal to any of the Dominions, they had all galiantly offered their assistance, both with men and money, and he hoped that when an appeal is made the same response will be forthcoming.

Owes Billions to Mother Country. Referring to Canada, the speaker stated that the country was indebted to the motheriand to the extent of billions of olding their duty by assisting her now in this great time of need. "No matter what we do we cannot repay the great sacrifices which the people of the old land have made in order that this young country could become one of the most successful of her dominions," said he.

In his opinion Canada has se far done nobly, having sent \$5,000 men into send another 100,000 and then more it necessive. H

VORK POLICE COMMISSIONERS.

Hearing of McMullin Case Adjourned and Appointments Confirmed

Judge Coatsworth, T. H. Brunton and Warden Nigh, police commissioners for York County, met yesterday to consider the charge preferred against County Considered and McMullin, said to have used offensive language to a party of motorists a sport time ago on Spadina road. The officer asked and was granted an adjournment of the case. The appointment of two men, J. O'Connor and H. Lee, to the permanent staff, was confirmed. The county constabulary from Mt. Dennis was laid over.

Mr. Rowell's Tribute.

Mr. Rowell also paid tribute to the splendid work of the various recruiting leagues thruout the Dominion, and the manner in which the call for men has been responded dto. The press was also praised for pressenting to the public the necessity of assisting the empire in order to protect their own future laterests.

"If we are to win, and in order to obtain the best results, it is only by unity, which we must have," said Hon. Mr. Rowell, "and if we are prepared to make the season fear the ultimate outcome, but if we are not prepared to make these sacrifices, we are unworthy of our forefather's heritage."

In referring to the armies, the speaker explained that in also every case the

not prepared to make these sacrifices, we are unworthy of our forefather's herit age."

In referring to the armies, the speaker explained that in also every case the casualities have amounted to one-half of the entire number of men sent to the battle lines. He spoke of the gallantry of Belgium. Serbia. Russia, France, Britain and Italy, and said that, according to information he had obtained from men in close touch with the Russian situation, the Russians are now satisfied that they have stopped the onrush of the Teutons.

Splendid Response of U. K.

He explained that estimates of war experts place the number of men who can be placed in actual fighting as ten per cent, of the total population, and emphasized the splendid response which men of the United Kingdom have made, it now being estimated that already eight per cent, of the population have emisted. To the last of September Canada had recruited 160,000 men, of which number 15,000 are doing guard duty in Canada, and a similar number have met with casualties, so that, up to that time, Canada sill had 130,000 ready to enter the lighting. Mr. Rowell said that this was a splendid showing; but, as it was only two per cent, of the population, it was very small compared with the United Kingdom, and in the consideration that our obligations are even greater. He said that Canada, if required, could raise another 150,000 in a short time.

New Time to oD Duty.

"The people now realize this need, are willing to do their duty, and all that is needed is for the government to take the lead, and the people will follow," he said. "If we had to respond by compulsion, as is the case in Russia, and did not do so, we would not be worthy of the flag that gives us the freedom to choose. Now is the time, and now is the hour, for every Canadian to do his duty, and I hope the people of Hamilton will live up to their past record," said Mr. Rowell.

Addressed Women.

Now is the time, and now is the hour, for every Canadian to do his duty, and I hope the people of Hamilton will live up to their past record," said Mr. Rowell.

In the afternoon Mr. Rowell addressed a meeting of the Women's Liberal Association. He praised the action of the soldiers in uniform, but he thought that the citizens should be placed on the same level as the soldiers and said that steps would shorely be taken along those lines. He also addressed representatives of the Wentworth Liberal Federation, which met here to discuss the future work of the federation in connection with patriotic work.
