The mover said he had no doubt such a committee had been omitted through over-sight. He thought it not out of place to say here that it would be well if the commit-tees would take more interest in their func-tions. Joshua Davies seconded the resolution which was adopted. THE TABLEF INQUIRY.

THE TARIFF INQUIRY.

SOUTHBOUND PASSENGERS.

THE TARIPF INQUIRY. E. G. Prior, M. P., called the attention of the board to the fact that in a little time two Dominion Ministers, Hon. Messrs. Fos-ter and Angers, would pay a visit to Vic-toris, the special object of the Minister of Finance's visit being to collect information bearing upon the tariff. Not as a political effort in the interest of the Minister, but as a matter of duty in the interest of the soon-munity, he wished to urge upon the board the advisability of taking steps to present the evidence called for. He thought it would be a good thing for the board to appoint a committee to look into the matter and pre-pare a report, and he had no doubt that Mr. Foster would be glad to meet the board. Thomas B. Hall said it appeared that there was only one board of trade in Canads taking up the matter of tariff inquiry, that be better to leave the business to individual effort than for the board to interfers. F. H. Worlock thought that after the muning of the board to interfers.

tions to offer. T. B. Hall said the board were not all of one mind, and the trouble was that any-thing promulgated by such a committee as
