

## INDEX OF SUBJECTS.

403

s, a cause of  
36.  
ermentations  
cause of N.,  
  
faulty meta-  
and note.  
4, 35, 53, 93,  
139, due  
physical than  
, 102; treat-  
  
sis, the, 101.  
cause of N.,  
6, 101, 102,  
of enterop-  
  
ations and  
ns for, 335-  
  
hotherepeu-  
ic, 209, hy-  
308; cli-  
by exercise,  
women, 346;  
363; symp-  
  
; of tongue  
ysis, 112.  
  
and N., xx;  
ause of N.,  
, a predis-  
, 16.  
  
al, differen-  
om N., 113  
  
nics, 39-42.  
e of N., 32.  
  
N. in, 7, 8,  
  
e ideas of,  
119.  
rogen of, to  
urine, 222,

**223**: the chief end product  
of nitrogenous food cata-  
bolism, 223 (note); excre-  
tion of, increased slightly  
by massage, 363  
**Urethra**, affections of, as  
causes of N., 33, 97; feel-  
ing of burning in, 99.  
**Uric acid**, 222, 223 (note);  
diathesis, predisposes to N.,  
256; diuresis and elimina-  
tion of, 259.  
**Urinary disorders**; in N., 88,  
89 and note; in locomotor  
ataxy, 111; in general pa-  
ralysis, 112.  
**Urine**; history of nocturnal  
incontinence of, in genital  
N., 98; analysis of, 216,  
222, 223, 224, 295, 296;  
diminished acidity of, 233;  
signs of perverted cata-  
bolism in, xvii, 88, 89.  
**Uselessness**, a cause of N., 28.  
**Uterine appendages**, lesions  
of, a cause of muco-mem-  
branous colitis, 292.  
**Uterine displacements**, xxii.  
**Utero-ovarian affections**, as a  
cause of N., 35, 36, 94, 97, 132.  
**Utilisation of food**, coeffi-  
cient of, 219, 220.  
  
**VALERIAN**, extract of, 307.  
**Valerianic acid**, a product of  
carbohydrate fermentation,  
295.  
**Vanity**; efforts to realise whims  
of, a cause of N., 28; a source  
of self-involvement, 167.  
**Varicocele**, xxiii.

weakness of, xvii, xviii, xx  
(note), xxvi, 83, 84, 85,  
133, 134; effect of food  
and fasting on, 134.  
  
**Vaso-motor theory**; of N., 80,  
81, 133, 134; of transient  
albuminuria, 89 (note).  
**Vegetables**; the best source of  
phosphorus, 232, 233; in  
atonic dyspepsia, 241, 248,  
261, 262, 263, 264; in gout,  
257, 259; in constipation,  
277; in muco-membranous  
colitis, 301, 306; in Ley-  
den's diet, 360; in Bins-  
wanger's, 361. See also  
generic names.  
**Vegetarianism** in gouty N.,  
not advisable, 257.  
**Venereal diseases**, as causes  
of N., 33, 97, 132.  
**Vermicelli**, 261, 303.  
**Vertebral column**, see Spine.  
**Vertex**, headache localised in,  
46.  
**Vertigo**; a frequent symptom,  
75; accompanying head-  
ache, 47; characters of, 76,  
77; rotatory, rarely obser-  
ved, 76; sometimes resem-  
bles Ménière's, 76; some-  
times cerebellar vertigo, 77;  
accompanied (rarely) by  
narrowing of field of vision,  
87; usually of central ori-  
gin, 75, 76; probably some-  
times due to vaso-motor  
disturbances in brain, 85,  
134; sometimes to consti-  
pation, 265; gastric theory  
of, 75, 127, 128; in cerebro-  
spinal N., 93; little marked  
in spinal N., 94; in N. of  
women, 95; in traumatic  
N., 103; causing fear of  
locomotor ataxy, 111; in-  
creased by excessive smok-  
ing, 281; in muco-mem-  
branous colitis, 297; hydro-  
therapeutic treatment of,
