DENTALS WIN THE CUP HONORS AGAIN

Granites Down Five Goals in
S.P.A. Fixture—
Started Well.

Dentals are S.P.A. senior champions again. The series was ended with the Granites' effort to lift the silverware last night, but the Church street club were not up to the job. Dentals won, 3 to 0, and were always the better team. Any time the tooth-artist attempted to play they went thru and netted the rubber. The mystery is why they don't use it all the time.

Granites are a good team. They opened like winners, and carried the fight right to the Dentals. The curling club boys passed pretty, tore in about the rebounds, and checked like fiends. It was only a first-period effort. They faded badly after the opening twenty minutes, and it was mostly individual effort from here.

The checking was of the strenuous order all thru the heat, and this put life into a game that was dragging in spots. Bill Fox, the Dental manager, was the bright, shining light. His defensive work was excellent, and his puns dazzling. Box scored the first goal of many seasons in the opening period. Box tore up the side alone, worked in thru the whole Granite team, and closed fast from the side and beat a guard with a hard shot from close quarters. Box had the last's defence worried all thru the heat with his sizzling dashes for the net. Box went all the way every time.

Charlie Stewart had considerable on his opponent in the nets. The Dental goalie turned aside dozens of hard shots, and was at his top form all thru the game. Sheldon played a strong game on the defence and rushed well. Hudson was hardly as bright as usual. Stephenson was in rare form, and his checking was a tower of strength. Smylie played his usual good article.

For Granites, Harry Watson was the best performer. He was dangerous at all times and bored well in the net. He showed a great burst of speed in the early part of the game. Harry was not used much, but showed a lot while on the ice. Aird was flashy in spots, but shot from too far out.

Hughie Fox was a prime favorite with the fans. He unwrapped a nice turn of speed on the offensive and was not afraid to tackle the huskiest of the Dentals when they were attacking. Dunc Munro played useful hockey and the rest were up to the average. If Granites stick to their team play and get condition, they will be heard from.

The game opened like a red-hot argument, but Granites put their best effort in the first period and was only afraid to after the first rest. Granites started with a rush, carried the play to Dental and nearly caught the up-holders off their stride. Watson was the leader in the attack and was in with the puck from the face-off. Tantalus, who never left the puck-carrier and it surely had the Dentals worried. The first goal went to Dental. Fox, who was only afraid to press, rushed up and when well in passed over to Smylie, who closed fast from the side to net it.

Three minutes later Aird got a pass out of the corner and scored, when Stewart's view was so good that he was not afraid to lift. Box got the next one with a pretty individual play, as described above. This left it two to one at the first breathing spell.

Granites were not as good when they stepped out again. Dental had a good margin in the second period and rang up three goals. Box continued to shine and the Dentals showed some real crowd-pleasing team play. Another brilliant rush by Box scored a goal. Stephenson found the net from outside the circle, and he got the prize one of the game by lifting a long one from the boards near centre that fooled the Dental goalie.

The third period had a few bright spots. Granites made two or three real efforts, but their only encounter with the referee over-ruled the goal-umpire, claimed it was just inside the line. Dentals were suited with two and Smylie was the result of good passing. The lone effort failed.

Stan Brown was absentee and Bill Box was Sheldon's partner on the defence. Box lifted the bill to perfection.

OTTAWA SHUT OUT THE TORONTO PROS

Great Crowd, Including Admiral Jellicoe and the Governor's Party at Game.

Ottawa, Dec. 23.—In the presence of one of the largest crowds that have ever attended a hockey match in the Capital, the championship season of the National Hockey League was inaugurated in the Capital tonight when the Ottawa and St. Patricks met.

The brilliant hockey match was served up and Ottawa registered a brilliant victory, shutting out the Toronto pros by a score of 3 to 0. It was a hotly contested match from start to finish, and until a few minutes from the end of the game, when Darragh slipped around the Toronto nets and scored the third goal, the result was in doubt. Toronto gave the home team a much closer argument than many expected. Indeed, they outplayed Ottawa at times in the first and second periods, and had it not been for the remarkable work of Cliff Benedict in the Ottawa nets, the green-shirted visitors would likely have carried off the honors.

Play took place in the presence of Their Excellencies the Duke and Duchess of Devonshire, Viscount Jellicoe, admiral of the grand fleet, together with the members of his staff and a party from government house.

At the commencement of the game Admiral Jellicoe, accompanied Referee Pulver, went to the centre of the ice and spoke a few words to the players. Admiral Jellicoe then faced the puck between the sticks of Nighthawk and Corbett Denney and returned to the governor-general's box, while the band of the Governor-General's Foot Guards struck up Rule Britannia and the crowd gave the famous sea fighter a vociferous reception, which Admiral Jellicoe acknowledged by saluting in typical naval style.

The match witnessed the professional introduction of several amateur luminaries, who have been famous for years among the simon purer players. The men of the match, Frank Hefferman, who formerly attended Ottawa College, was called to the centre of the ice and presented with a beautiful floral inscription. To Frank Hefferman, Ottawa friends and admirers, wishing the best of luck, Dec. 23, 1919.

In addition to the amateur players, several new players on the Toronto team, which was called to the centre of the ice and presented with a beautiful floral inscription. To Frank Hefferman, Ottawa friends and admirers, wishing the best of luck, Dec. 23, 1919.

Both defences appeared strong and both goals seemed able to get thru, and neither side made some close calls. The Ottawa defence was in front of his nets, and he took the puck out in front of his nets. Cully Wilson and the rest were up to the average. If Granites stick to their team play and get condition, they will be heard from.

Baseball Ban Johnson Still in Court

English Promoter Says There's
a Surprise in Store
for Dempsey.

New York, Dec. 23.—Georges Carpentier, heavyweight boxing champion of Europe, will surprise Jack Dempsey, world's titlist, when the two come together in a bout for the world's title for which American and European promoters are now frantically bidding. This was the inference to be gained from the remarks of Georges McDonald, British promoter and manager of boxer, who arrived here on the Baltic.

Carpentier will beat any man he can hit, said Mr. McDonald, when asked as to the prospects of the French idol against Dempsey, if they should come together. "The French boxer has tremendous punching ability and is wonderfully skilful and clever. Mind, I don't say he will beat Dempsey. I couldn't very well commit myself to that extent, for I haven't seen your champion in action. I understand Dempsey will say without hesitation that any boxer who feels the full impact of his blows must experience defeat."

"I've seen many great fighters, including Dempsey, whom I helped prepare for his memorable bout at Chantilly, France, against Charley Mitchell. In his fight against Beckett, Carpentier convinced me that he ranked with the best of them. He didn't make an unnecessary move. He worked like a master, and made every move count. Beckett hadn't a chance to get started before he stood up under his club in the bout that ended Beckett's interest in the fight must not travel more than a foot, when I took back that match, I must confess I saw more real, interesting action in the short space of time than I had seen in twenty previous bouts."

When asked as to Carpentier's ability to finish a fight, McDonald expressed the opinion that the French idol's ability in this regard was not fully appreciated. The British promoter pointed out that in many of his bouts Carpentier had been forced to assimilate considerable punishment, and he specifically the bouts against Joe Jeannette and Frank Klaus, in both of which he was the loser. Mr. McDonald declared that, while the French boxer lost these matches, he nevertheless showed hard punching and showed his courage.

International Matches.
Mr. McDonald is interested in the efforts to clinch a Dempsey-Carpentier bout, but to what extent he refused to say. The visiting promoter preferred to await the action of H. P. Cochrane, leading European promoter, who is now on his way to this country. Plans to box, however, he expects primarily for the purpose of disposing of the American rights to a British interest in the American steel industry. Hamilton, Dec. 23.—With a final score of 11 to 6, the Allan Cup holders took to the ice in New York. They played championship hockey and both teams made their initial appearance. The home team made a good start, but the attendance was decreased considerably. The Tigers easily beat McGill's one. They were the first to score and used a number of their substitutes. The game was much faster than the previous one. In the first period nearly every one of the Tigers' shots counted, while Reame hurled the puck into the net. The second period was marked by improvement on the part of the visitors and they scored two goals. The home team notching but two. They were the first to score and used a number of their substitutes.
