## FIGHT FOR THE VIADUCT WILL BEGIN ON THURSDAY

Railway Commission to Hear Arguments of the City and the Companies.

The waterfront and viaduct problem will be placed before the Dominion Railway Commission on Thursday by J. S. Fullerton, corporation counsel, on behalf of a united city. The mayor and city council, board of trade, Canadian Manufacturers' Association, Retail Merchants' Association, Riverdale Business Men's Association, Trade and Labor Council, the Public Ownership League and other bodies representing the commerce and intelligence of the city will support the demand for the abolition of the Esplanade level crossings. Experts engaged by both sides will give evidence. It is understood that the railway companies will put up a strenuous fight to preserve their present status, but may attempt to compromise matters by offering to build a bridge at Yonge-street and withdraw all litigation now pending with the city.

The C.M.A. and the Riverdale Business Men's Association will ask for the extension of the viaduct with all tracks north of the Queen-street crossing.

Other matters that will come up for consideration before the board are the proposed bridges or subways at Sunny-side and at the Don on Queen-street. It will be noted that only one day is given the city to present its case, as the matter is so vast and important an adjournment may be necessary. The following is the agenda for each day of the commission's proceedings:

**To-Day's Program.**

Complaint of the C.M.A., the Huntsville Lumber Company, Leak & Co., Booth Lumber Co., Boske Manufacturing Co., W. J. Levering against the G.T.R. in re inter-switching charges at Toronto.

In connection with the last complaint, a report of E. D. Smith, Winona, against joint circular of the Brandon, Saskatchewan and Hudson Bay Railway, the Canadian Northern Railway, the Canadian Pacific Railway, and the Midland Railway of Manitoba, issued Oct. 7, re handling of apples.

## ANOTHER TIMBER SUIT.

Gillies Limit Owners Now Suing for \$24,000.

Before Justice MacMahon, in the non-jury assizes yesterday, the owners of the Gillies' timber limits commenced another action against the Temiskaming and Northern Ontario Railway Commission, for damages amounting to \$24,000, for loss from fires caused, it is alleged, by sparks from engines running on the T. & N. O. line.

On the grounds that the Gillies people were not owners, the defendants claim they are entitled to pay no damages.

The commission also put in a bill for \$447.25 on the grounds that in 1905 and 1907 the Gillies people used timber cut from the town site of Latchford.

J. S. Gillies, J. A. Gillies, Oscar King and Alex. King were examined yesterday.

The action goes on to-day.

### JUNCTION COUNCIL TALKS ABOUT MANY MATTERS

Big Grist of News From Different Parts of York County—East Toronto Items.

TORONTO JUNCTION, Nov. 4.—The little son of Sam Thomas, 84 years of age, while returning from the Junction town-night, was knocked down so forcibly by a bigger lad from the high school that his hand was severed cut near the artery, necessitating the putting in of three stitches by a local doctor.

Vital statistics at the Junction for October are: Births 35, marriages 11, deaths 14.

A public meeting will be held in the council chamber on Wednesday evening at 8 o'clock, for the purpose of organizing a curling club. All interested are requested to attend.

Mrs. Charles Ennis, 84 years old, of Madoc Township, mother-in-law of Town Clerk Conroy, 139 Pacific-avenue, died this morning.

At its regular meeting to-night the town council instructed the solicitor to notify the G. T. R. to restore the sidewalk on the south side of St. Clair-avenue, which had been torn up last year (while tracks were being laid), with authority from the railway commissioner.

When the motion to accept the tender, \$2500, of Bruce Irwin, for the excavating, masonry work, etc., on the new fire hall, was brought before the council, Mayor Baird said there was no use in letting the contract till the lane between the proposed site to the east of the new hall.

Several citizens objected to the plans, and the matter will have to go before the county judge. The committee therefore, referred back the motion till the solicitor can confer with the judge and get permission to have the work changed so as not to interfere with the new hall.

Sewer Cost too Much.

A deputation of citizens complained to the council that a sewer recently laid in the town had cost the ratepayers \$80, although the total cost was \$60, half of which expense was to be borne by the town. Councillor Heath inquired into the matter and looked into and discussed at the next meeting of council.

Mayor Baird brought up a discussion as to the advisability of allowing the division court to continue holding its meetings in the council chamber. The mayor stated that Judge Morgan had been asked to hold one in the council chamber, but the judge had even refused to do so. He said that the council chamber door is now locked by the police, and the court was in session. "I don't think," said the mayor, "that the council should allow the legal or moral, to supply the living, holding its meetings in the council chamber, with a place to meet in."

Town Solicitor Anderson took exception to this statement, and said that the statute book a clause which indicates that the judge has a right to choose the municipality which he deemed most favorable to the convenience of the parties, should provide accommodation for the sitting of the court.

## Gives Weston the Go-Bye.

Councilman Whetter said that only a few years ago several local business men had tried to purchase the town, but they were defeated. Judge Morgan to hold court in the town instead of at Weston, and he had flatly refused to report upon the matter to the council. "I prefer to stay in the Junction," he said, "only a whim of the judge, and you can't force me to go."

The mayor suggested that the council should refer to the division court and that the police cells be renovated. "The constables are complaining," said Mr. Whetter, "that we have annexation or not, we should provide better accommodation for the police." A motion of the mayor that the division court be held only one more meeting in the council chamber was defeated.

During the evening Councillor Hain objected to the practice of monthly councillors in asking the town solicitor to state his position on cert. in municipal cases, while the public was admitted to the council chamber. In this way, he said, the solicitor was exposing the defence he might be called on to make on behalf of the town, were the disputes to be settled by law.

## Lots of Damage Suits.

Town Solicitor Anderson said the council should deal severely with those citizens who are always complaining about the damage being done to property by the paving of Dundas-street. "There are already three suits against the town for damages," said Anderson, "and yet the town is doing its best to accommodate the public with a better road."

Councillor White reported that a number of citizens had complained to him that their water rates had been raised without any additional water service being granted. The complaint was referred to the next meeting of the works committee.

A petition was presented to the council, signed by all the storekeepers on Dundas-street, west of Keele, asking that the crossings be made at least passable. The contractor had torn up the pavement and now the condition of the streets was deplorable, and several citizens had fallen in the mud in attempting to cross the street.

## HOME-MADE MEDICINE

Said to Relieve Kidney Trouble and Rheumatism.

One ounce Fluid Extract Dandelion; One ounce Compound Sassafras; Four ounces Compound Syrup Sarsaparilla.

Mixed and taken in teaspoonful doses after meals and at bedtime, is stated by a prominent physician to give most excellent results in kidney or urinary affections, and also in rheumatism and eczema. The mixture opens the clogged pores of the kidneys, thus assisting them in their work of filtering out waste and poison from the blood, and expels these from the system. To allow this poisonous matter to remain means that it will settle in the muscles, tissues or joints, and cause the untold misery known as rheumatism.

The mixture is composed of harmless vegetable ingredients which can be purchased at any good drug store, and mixed at home.

Anyone suffering from any of these afflictions will no doubt be pleased to learn of so simple and highly recommended a remedy.

## YORK TOWNSHIP COUNCIL.

Local Option Advocates Present Great Big Petition.

COUNCIL CHAMBERS, Nov. 4.—Continuing to expect that to-day's council meeting would be an extra lively one, it was rather a quiet affair, the considerable business was transacted. Messrs. John Wainless, A. G. Hirst, Moffatt and Perry formally presented the petition signed by 168 ratepayers in support of a bylaw for the introduction of a local option bylaw in the Township of York.

Rev. Mr. Ferguson is absent in Cartwright Township, where he is in attendance at the funeral of his mother. Excellent progress is being made with the new "memorial" parsonage in conjunction with the Hope Methodist Church. The work is in charge of George M. Miller & Co., architects, and the plans show that when completed the new structure will be one of the most modern and handsomely appointed structures in the province.

The local option petition placed in the town clerk's hands a few days ago, according to the views of Chairman Brown, properly signed and numbered, over and above the 25 per cent. requirement, the whole question will come up at the next meeting of council, when Mr. Clay will be in a position to speak officially concerning the matter.

No action has so far, it is said, been taken with respect to the cutting of the Toronto Electric Light wire passing over the street, and the petition of council No. 70. At the last meeting of council the petition was referred to the next meeting of council.

The petition shows the following from the northern limits of the city to 2000. The village of Deer Park, which is annexed to the city in all near future, will be in the place North Toronto will be an immediate suburb of Toronto. Should legislation pass to annex Deer Park to North Toronto, the town would benefit from such a consideration would far more than counterbalance the expense involved.

A break in the feed wire on the Metropolitan line at Davisville this morning caused tedious delays to the travelling public.

At a meeting of the North Toronto citizens, held in the Eglinton Methodist Church to-night, and which was presided over by Grant, a general representative, interest generally centered around the local option question, as according to the report presented, the law being systematically enforced, complaint was made that five houses liquor was being sold. ## SECRETARY PATERSON OBJECTS

Says That Mr. Clarke Was Misinformed.

Editor World: In your issue of Friday last a letter appears, signed by J. C. Clark of Agincourt, in which the latter takes exception to the presence of W. Wallace Thompson, license inspector of East York, at the recent Conservative convention in Markham, when Alex. McCowan was re-nominated for the local legislature. Mr. Clarke further states that Mr. Thompson was a delegate at that convention. As secretary of the East York Liberal-Conservative Association, I would advise Mr. Clarke to acquaint himself with the facts of the case before passing such statements. Mr. Thompson was present at the meeting, as was his name an individual member of the Conservative party, but he was not a delegate, neither did The World say he was, as charged by Mr. Clarke.
