# Carpet and Curtain Sale!

Easter decides the need of new things to wear and housecleaning decides the need of new things for the home. After the perennial show of Easter finery we emphasize more and more the Housefurnishing side of the business. It's been that way for years, but this spring will introduce values that never

In such sales generally, old and inferior goods constitute the bulk of the stock. We're able to do different from the fact that we have the largest outlet of any store in Canada. Goods here are never allowed to grow old, and the best qualities are none too good for the trade we're after. Importing in extra large quantities direct from the makers and taking quick advantage of all cash discounts make lower prices possible and bring us face to face with such values as these:

Specials in Carpets:

Special Line of Best Five Frame Brussale price per yard ...... 1 special Line of Heavy Tapestry Carets, with stairs to match, for halls ors, dining-rooms and bed-wide, in 1896 patterns and colors,

all the latest floral patterns, sale in all new eastern colors, sale price

## Specials in Curtains:

Fine Art Drapery Muslins, 40 inches wide, latest designs and colors, new effects, sale price per yard ......

full range of colors, sale price per 54 inches wide, 31/4 yards long, new

Swiss Lace Curtains (Irish Point), 52 inches wide, 31/2 yards long, new efecru, sale price per pair ...... Fine All-wool Felt Cloths, 72 inches wide, full range colors, per yard .... 6 x 12 ft., hinged and adjustable

Similar prices all over the second floor representing a perfect avalanche of trade. There are thousands of people who won't need to be told twice, and hotelkeepers will be among them. Making home beautiful nowadays isn't a question of much money, and those who buy just when we say can count on big surprises and unbounded satisfaction.

# A Big Venture!

The Glove man can't understand why he shouldn't supply all Canada with Gloves. Instead of buying for an ordinary trade this Spring, goods were purchased in enormous quantities until we have now a vast stock in excess of the regular demand. The audacity of buying so brought prices way down, along entertained a strong suspicion that the interests of the Manitoba minand the greatly enlarged distribution will widen our circle of

Put in any way you please, it's a big venture. No other dealer in Toronto, wholesale or retail, would dare buy as we have bought. On the surface it looks like rashness, but we don't think it is. We neither want to be rash nor timid, and no one ever accuses us of timidity.

It's time now to rush things. The goods are all in and we don't know where to put them, unless you begin carrying them away. That's the meaning of these sensational pricesto make you come or send to us for your Gloves:

Ladies' 7-hook Lacing Kid Gloves, in tan, brown and black, regular price 75c a pair; Tuesday at	.45
Ladies' 4-button Kid Gloves, with gusset fingers and embroidered backs, regular price \$1 a pair; Tuesday	.65

and black, regular price \$1 a pair; Tuesday..... well as private life. There was also

Ladies' 4 large Pearl Button Kid Gloves, pique sewn, gusset fingers, in all the new colors, regular price \$1.50; Tuesday.....

Ladies' Fine Silk Gloves, in all the new shades, all sizes, regular price 35c a pair;

Ladies' Heavy Silk Gloves, in tan, fawn, beige, black and brown, regular price 40c a pair; Tuesday.....

It isn't a bankrupt stock or a shop-worn sale, and we're not begging for customers. It means nothing more or less than this-that we're going to more than double our Glove trade this month and next. We bought with that object in view, and whether we make or lose we're bound to carry out our plans. The advantage is yours now in decidedly lower prices. The advantage will be ours later on in a vastly increased trade.

A Youth at Fort Wayne, Ind., Under the Spell of a Hypnotist.

Fort Wayne, Ind., April 5.—Last week a man giving his name as Santanelli arrived in this city and gave some private exhibitions of hypnotism. On Monday night he opened a week's engagement at a local theatre and placed James Mahoney, a youth, under hypnotic influence. Since that time Mahoney has been in a comatose state, closely watched day and night by a committee of medical students.

Mahoney is not to awaken until 10 o'clock on Saturday night, and during the six days does not eat or talk. This action of Santanelli has caused indignation among the physicians, who assert Mahoney, will suffer serious injury as a result.

The Humane Society has had Santanelli arrested. Mahoney being a statute preventing cruelity to minors. Santanelli says he cannot release Mahoney from the spell until Saturday inght, when he will release himself. Santanelli says it would kill Mahoney if he were released now.

Until the contrary is shown, the above statement should be accepted as true, and for ourselves we believe it is true. If, in an investigation of the facts, the statement of the Manitoba representatives should be sustained, the Manitoba school question would become greatly simplified. It is well, in considering this question, to keep of clearly in mind who the people are that have the grievance. The people are that have the grievance. The hierarchy of Quebec have no legal status in this case. They have 1. legal grievance. The Catholics of Ontario have no share in the grievance. The constitutional rights of none of these people have been affected. It is simply the Roman Catholic residents of the Province of Manitoba. We have heard little or nothing at all from these people directly. The people are more advanced and more liberal than their spiritual advisers. We have evidence of this in our own Province, where many of the best Catholic citizens are not in favor of Separate schools. men were allowed to come into this country and return without being subjected to this vexatious customs regulation. Previous to the regulation coming in force, there was an agitation among Buffalo wheelmen to build a bicycle path along the Canadian side of the Niagara river between that city and the Falls. Since the regulation went into force, however, the scheme has been knocked in the head. Unless there is some very substantial reason for the regulation which the public does not understand, the Government ought to call it off at once.

Hamilton, April 5.—(Special)—Patrick O'Connor, a laborer, 32 years old, residing with his wife and five children at 227 Picton-street east, was instantly killed on Saturday night on the Grand Trunk track, just this side of the Desjardins Canal bridge, by the 3.15 train from Toronto. It appears that deceased and his brother William, who lives with his father, Jerry O'Connor, 2 Greig-street, left late in the evening to walk out to the Heights, near the Valley Town, where Mrs. Pat O'Connor's sister lives, and were on their way when the accident happened. The engine struck him on the back of the head at the left side, The train stopped and O'Connor was brought to the baggage-room of the station, and after Coroner White had examined the body he decided not to hold an inquest.

Ferguson began as follows:—

"I have for years been a great suffered with kidney complaint, severe pain under shoulders and across back, and latterly so weak that I could not walk out or do housework. Seven years ago the doctor told me I had Bright's Disease. A number of physicians told me I was past help; one of them said I could not live a month. I have taken a great deal of medicine, but without relief, and had given tup hope; in fact, told my son that I did not expect to live until spring. My son saw the advertisement of the Doan Kidney Pill Co., Dec. 3rd, and told me. I asked him to get a box and I would try them, although I a box and I would try them, although I had but little faith in them, because all other remedies had failed, and as a result other remedies had failed, and as a result I had given up hope. He got one box of pills at J. R. Lee's dary store and I commenced taking them. The result has been marvellous. After taking them once I experienced relief, and after taking them three times the change for the better was marked. I have only taken one box of pills, but I feel like a new woman. The pain and other symptoms of the dreadful disease are gone. I am stronger and better than I have been in many years. I am now able to do my housework and walk out without suffering any inconvenience. That box of Doan's Kidney Pills was indeed a grand Christmas box for me. I am glad to let everyone know about this wonderful cure, in the hope that some one who has suffered as I have may try the remedy and be benefited as I have been."
