Rosbach Sparkling Table Water,  
The Best Drinking Water in the World,  
Alone or Mixed with Wines, Spirits, etc.  
DRUNK BY H.R.H. THE PRINCE OF WALES.

Rosbach. = Rosbach. = Rosbach.

PROFESSOR WANKLYN, the well-known Analytical Chemist, in answer to the question, "Which water do you recommend for daily and habitual use?"

REPLIED—

"I know of one only which is quite satisfactory and that is Rosbach Water."

Rosbach. THE LANCET says: "When taken alone, the water is peculiarly soft and smooth to the taste. According to our examination its organic quality is beyond reproach."

THE PHARMACEUTICAL JOURNAL says: "As a table water for constant use, Rosbach may be recommended on account of its freedom from organic impurities, and because the alkaline carbonates are not present, as in the case of some other waters."

THE HOSPITAL says: "Of all table waters in the market, we consider Rosbach to be on the whole the purest, the most palatable and the best."

"We have found it to be the pleasantest and most palatable of table waters."

THE STATIST says: "Rosbach Water is first rate and ought to command a good sale."

DR. YORKE DAVIS states: "Rosbach sparkling table water is certainly the most pleasant I have yet tasted."

"Its antacid properties make it highly beneficial in the case of corpulent, gouty, rheumatic and dyspeptic people."

Sold by Messrs. Michie & Co., King St., Toronto, Messrs. Mara & Co., Yonge St., Toronto, and Messrs. Scandrett Bros., London.

SIR CHARLES CAMERON, the eminent Analyst and Professor of Chemistry, says: "The water is remarkably free from organic impurities. It is bright, sparkling and highly charged with carbonic acid gas. Its flavor is decidedly more agreeable than that of any mineral water I have ever tasted."

It may safely be used as a daily drink, and will be found beneficial in cases of gouty and acid dyspepsia. I can cordially recommend this excellent water.

Rosbach. = Rosbach. = Rosbach.

DR. WALLACE, writing from the City Analyst's Laboratory, Glasgow, says: "I consider the Rosbach unsurpassed for table use."

Text of award of the INTERNATIONAL EXHIBITION at Chicago, 1893: "Rosbach is a lightly mineralized, highly carbonated natural mineral water; it is a clear, bright, refreshing beverage, absolutely pure, well bottled and of agreeable, piquant taste."

ROSBACH is used in all principal clubs, hotels and restaurants in England.

ROSBACH is used by distillers, because

ROSBACH improves every kind of spirit.

ROSBACH is used for tasting by spirit merchants, because

ROSBACH brings out the good qualities of whisky and wine.

ROSBACH is recommended by caterers and retailers, because

ROSBACH is universally preferred to other waters.

ROSBACH is the best natural table water in the world.

### SYNOPSIS OF MEDICAL REPORTS:

ROSBACH is organically pure.

ROSBACH is delicious, sparkling and refreshing.

#### TROUBLE MAY COME YET.

Philippine Insurgent Leaders Not Getting Along Like a Peace-

ful Family.

Manila, Sept. 9.—The attitude of the Philippine insurgent leaders is daily becoming more dangerous. So open is their opposition to the American authorities that the situation is strained and reconciliation may be difficult. What makes the situation on the more troublesome is the undisputed rivalry between the followers of General Aguinaldo, the self-proclaimed dictator, and General Pío Pilar, who covets the honor which Aguinaldo has acquired.

General Pío Pilar is in command of the insurgent troops stationed south of Manila. He uses them in a way that will be most annoying to Aguinaldo, and at the same time makes every effort to show his utter disregard of the American officials.

His forces continue to patrol the city, encouraging lawlessness in every direction. They are constantly annoying the American troops who are engaged in the difficult task of preserving order.

Aguinaldo's course is no less annoying. He no longer attempts to show his hostility to the officials who represent the United States, and yesterday issued an order prohibiting his soldiers from entering the American lines. This course was probably deemed necessary in order to prevent them from becoming so well disposed towards Americans as to destroy his power by repudiating his leadership. The attitude of the rivals cannot fall in the end to injure the cause of Philippine independence. Certainly it will prevent the presentation of a strong case before the Paris Peace Commission in behalf of the Philippines.

#### Put Up a Job on His Wife.

Yesterday Magistrate Denison sent George Centwell to jail for 60 days for not supporting his young wife. In the court the other day Centwell made charges against his wife that she was keeping company with other men. After hearing the evidence, His Worship came to the conclusion that Centwell had conspired with a friend to put up the job.

Only those who have had experience can tell the torture course can. Pain with your boots on, pain with them off—pain night and day; but relief is sure to those who use Holloway's Corn Cure.

#### JUSTICE OSLER UPHOLD.

The Court of Appeal sustains the finding of the Lower Court in the South Ontario Protest.

At Osgoode Hall yesterday afternoon, the Court of Appeal heard argument by Mr. Wallace Nesbitt against the refusal of Mr. Justice Oslar to strike out the petition in the South Ontario election case and his allowing the substitution of another petitioner in place of the alien Charles Pikeley.

After hearing Mr. Holman's reply, the court upheld the finding of Mr. Justice Oslar. The motion for a postponement of the trial set for Monday was also dismissed. The application to postpone will be renewed at the opening of the trial at Wilby.

#### PNEUMONIA KILLED HIM.

David Jackson, Jr., of Durham Was Taken Off Suddenly.

Durham, Ont., Sept. 9.—Mr. David Jackson, Jr., died suddenly yesterday morning. He was called in and found him suffering from an acute attack of pneumonia, but in spite of everything that could be done the patient rapidly sank. Mr. Jackson was a lifelong Conservative and for several terms filled the Mayor's chair.

#### Case of William McMillan.

Hon. David Mills, Minister of Justice, is reading every word of the evidence in the case of William McMillan, who was convicted in 1896 of setting fire to the Osgoode Building, 10,000 citizens of all classes in Toronto in 1896 asked for McMillan's release, as there were very strong opinions of his innocence in town. McMillan's counsel, Mr. F. L. Church, has returned from Ottawa, and besides has collected new material and new evidence for the Department, and about all the Senators and members in the Toronto district and a score of M.P.'s, who have read a verbatim report of the case, are strongly urging his release. A decision will be arrived at in a couple of weeks and Mr. Church, who has worked hard on the case for six months, expects Lord Aberdeen will put his hand to a pardon before many days are over.

On Thursday night old Thomas Bennett was placed under arrest for being drunk. When searched a dozen silver teaspoons were found on him, which he admitted stealing from Miss Kennedy, 61 Major-street. He was sent down for 30 days.

#### He Got Out of Town.

At the Police Court yesterday David Goldie of New York was charged with vagrancy and attempting to pick pockets. He asked for a chance to leave the city and got it.

#### He Got Bail.
