SNAP For the Brain Worker.

STRENGTH For the Physical Worker.

GENTLEMEN,—I have for a long time needed something to make blood and build up my system. My blood was watery and thin, lacking strength and vitality. Last January a friend said:—"Why not try Dr. Ward's Blood and Nerve Pills? They will supply the oxygen your blood needs and give you health and strength." I told him I was very skeptical as to any benefit that could be derived from any proprietary medicine and had no faith in them. There the matter rested until four months ago, when reading so much about what Dr. Ward's Blood and Nerve Pills have done for so many people with imhave done for so many people with impoverished blood, I concluded to give them a trial. I have taken four boxes and my unbelief so far as Dr. Ward's Blood my unbelief so far as Dr. Ward's Blood and Nerve Pills are concerned has been entirely removed. They are a splendid blood builder and strength restorer, and an invaluable medicine for weak, enervated people. This has been my experience, they having given me strength of body and strong healthy blood.

Metropole Hotel Now Open.

The Metropole Hotel, corner King and York-streets, has again thrown its doors open to the public, under the management of Mr. A. O. Snider, who is well known in this city, having been several years in the office of the Paimer House. The hotel has undergone thorough renovation, and will be in first-class shape for the accommodation of both transient and city guests. The Metropole is most centrally situated, making it a most desirable hotel for commercial men. The new management promises that nothing but the finest of liquors and wines will be served, and reasonable rates charged. We wish Mr. Snider success.

Col. Otter notified Chairman Burns yesterday that the iso rifles for the Tampa delegation had arrived.

S. Ackerman, commercial traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Eclectric Oil for Inflammatory Rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with Rheumatism since, I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others, as it did so much for me."

A most interesting little book about these new-coming immigrants to the Dominion of Canada has just been published by George N. Morang & Co., Limited, It is edited by Vladimir Tchertkoff, and contains a concluding chapter and letter by Leo Tolstol, It is made further instructive by an introduction for Canadian readers, written by Prof. James Mayor of Toronto University, who also taken much interest in the movement for the imtroduction of these thousands of peacable farming immigrants to Canadian, and tells much about these thousands of peacable farming immigrants to canadian, and tells much about these thousands of peacable farming immigrants to canadian, and tells much about these thousands of peacable farming immigrants to Canadian, and tells much about the movement for the conclusion that assessment insurance is a failure. I have studied it for 17 years.

Mr. Leslie Was Born at Sea.

St. John, N. B., Sun: Among the visitors to the mail stemmer Labrador yesterday was G. H. Leslie of Toronto. In conversation with a reporter, Mr. Leslie remarked that he was born at sea in August, 1841, on the voyage from Liverpool to Quebec, in the sailing ship Nelson Village; has spent the greater portion of his life is the interior of Ontario, and that he was then inspecting the first ocean-going vessel he had been on since his birth.
