STILL CONSIDERING.

Nothing Settled Yet as to Trans-Atlantic Tender.

The hydro-electric power commission is still negotiating regarding the terms of the tenders for the construction of the Niagara transmission line. The matter was before the cabinet council yesterday, but nothing was announced regarding it.

Several of the cheques sent as deposits with tenders have been returned, including all but half a dozen of those accompanying the lowest bids. In all nearly \$500,000 was deposited with the tenders.

The negotiations pending, as the World has already intimated, are for the purpose of enabling the commission to proceed without delay on the construction of extension and branch lines, such as will evidently be needed as soon as the system develops a working capacity. The western district of the province, in the neighborhood of Windsor, has indicated the possibility of a large consumption of 24-hour power, which would be profitable at that distance.

The possession of a six months' option on the construction lines to supply this demand will place the commission in a favorable position to carry on negotiations with intending manufacturers and consumers of power in Western Ontario.

HARVEST HANDS NOT WANTED.

Publishing of Reports Said to Be Flooding Northwest With "Hoboes."

ST. PAUL, Aug. 11.—Following a visit to North Dakota and after a conference with Gov. Burke and other officials of the state, Labor Commissioner Williams of Minnesota says that, instead of there being employment in the harvest fields for fifteen thousand or twenty thousand men, one thousand will be lucky if they can find work. In reply to a letter from Mayor Reburn of Philadelphia, saying that five thousand men could be sent from there, Mr. Williams said they were not wanted.

"This thing of asking for fifteen thousand or twenty thousand men for harvest work in North Dakota and Minnesota," said Mr. Williams, "is downright criminal, for it is flooding the Northwest with a lot of 'hoboes,' who will have to be taken care of by the municipalities and the state."

SENTIMENT IN THE TOWNSHIP IS FOR UNION

Fine Meeting in Reid Avenue District—West Toronto News—Suburban Items.

REID AVENUE, Aug. 11.—(Special.)—The meeting held in Reid Avenue Presbyterian Church to-night in the interest of the annexation movement lacked something of the enthusiasm and numbers of a week ago. It was marked by even more downright hard work, and an attention to detail which will be appreciated by those who were present.

Rev. Mr. Christy presided and A. F. Lobb, former assistant city solicitor, was present, and in the course of a half hour's address to the property owners, outlined the course necessary to take with respect to the matter of petitioning for the union.

Fired with enthusiasm for the success of the movement, Mr. Gillespie, chairman of local committee, and a number of other gentlemen have already made a wide canvass with the result that already more than 250 have been added to the petitions.

Mr. Gillespie, Mr. Miller of Berkeley-avenue, in the township, and others to-night around the table, explained and manifested clearly the general sentiment of the Reid, Coxwell and Ashdale-avenues in favor of the union.

Referring incidentally to the question of annexation, Mr. Lobb, while claiming any other interest than a general one in the whole matter, enumerated some of the advantages to be obtained from the union, such as police and sanitary improvements, to which was added the certainty of better conditions as applied to railway service.

Mr. Lobb further stated that the railway and light committee would be early in September and fix a date for the hearing of the York Township and the City of Toronto, and the petitioning process, which was followed out, is to secure the names of all those who are not legally qualified to sign the petition, and the influence of this movement upon the board may later be felt.

WEST TORONTO. Council Oppose New Franchise.

WEST TORONTO, Aug. 11.—It was left for the last few minutes of Monday night's council meeting to evolve the most important and outstanding feature of the session, which was an extension of franchise to the suburban street railway, and the cause of which was championed by George C. Royce, general manager of the street railway.

Death of Well-Known Clergyman Took Place Last Night.

RICHMOND HILL, Aug. 11.—(Special.)—The death of Rev. James Alexander Grant, for many years the pastor of the Presbyterian Church in this village, took place here to-night after a lingering illness extending over two years.

Decesse was a native of Durfuss, Morayshire, Scotland, and after coming to Canada attended Queen's University, Kingston, from which he graduated with honors in divinity and theology. His amiable qualities, kindness of heart, and robust manliness endeared him to all his college friends.

His labors in his chosen calling were greatly appreciated, and during his long illness every consideration and kindness was shown him by his family. He is survived by the widow and six children. Mrs. Grant is a daughter of Rev. A. Mackay.

Funeral services will be held at the Presbyterian Church here on Thursday afternoon at 2 o'clock, after which the remains will be taken by special car to Mt. Pleasant Cemetery, where interment will take place. Rev. Dr. Gray will officiate.

DONCASTER. Friends of Young Couple Arrange for Home-Coming.

DONCASTER, Aug. 11.—The friends of A. W. Pestell, who was married here to Miss Florence May, arranged a reception for him and his bride on their return next Friday from their honeymoon trip. Mr. Pestell is a resident of this township.

The groom's gift to the bride was a fine gold watch to the bride, a pearl and gold brooch and to the groomsmen a gold and amethyst fob chain. After the wedding supper the happy couple left for a trip to several points in the west.

They will take up their abode in this township, where the groom has lived for the past twenty-five years, since his arrival from England.

NORTH TORONTO. Board of Works Holding Their Regular Meeting.

NORTH TORONTO, Aug. 11.—At the board of works meeting to-night Councillor Parke tried hard to persuade the committee to construct one or more vitrified brick crossings on Yonge-street, between the street and the railway.

The committee favored the signing of the contracts at once for the construction of concrete sidewalks on Eglington-avenue, between Stewart-street and Woodward-avenue.

Waterworks Engineer Blak reported that the water fire and light committee had approved a bill for two cents per thousand gallons pumped.

Mr. Burnaly complained that he was being charged for 34.75 for about 600 feet of lawn. A speaker explained that when he measured the lawn there were 12,000 square feet, but qualified the statement by saying that Burnaly only uses the hose on 1000 square feet, and he will be charged accordingly.

Seven of the nine candidates who wrote for junior matriculation examination from St. Clement's Day School in the City of Toronto, they are: A. K. Griffin, S. P. Griffin, H. B. Jeter, G. H. Shaver, S. E. Somerville, Miss E. M. Grundy and Miss E. F. Nisbet.

John Bowyer of South Dakota, who left Bedford Park about three years ago, is renewing acquaintance with Mrs. George McCormack of Bedford Park in visiting friends in Kingston.

At Magistrate Ellis' court yesterday afternoon a charge against A. J. Pringle of Eglington, laid by one Wm. Smith, was dismissed, no evidence being offered, as it was apparent that the charge had been laid in error.
