The Public Have Another Good Day at Woodbine Park-Fine Racing on Monday.

YESTERDAY Shore Lark - 4-5 Won Jack Parker, 5p. 4-1 2nd Polls, B.B. - 3-5 2nd **TO-DAY 10 to 1**

For a Monday the crowd was ene of the largest that have ever been seen at the Woodbin excrete left untouched. This was due more to the fact that none of the finishes, with the exception of the Seagram Cup, was driving. The cup was the reature event and was won by Direct. The price laid against mis chances was a false one, but served to keep the public off. The real good thing of the afternoon was Economy in the race thru the field. He was pounds the best of a first choice in the opport of the surface that the fold. He was pounds the best of a first choice in the opport of the surface had not consider the court of the part of the poores and won simost as ne place to avoid the early pace. Then when hack to avoid the early pace. Then when hack to avoid the early pace. Then when hack to avoid the early pace. Then when the run was made into the stretch he came on and won going away at the end. Pursiane from the Seagram stable, put up a wonderful race. Off poorly and with a rough journey, he finished third after a hard drive. Belivether ran an improve drace, just lasting long enough to stand off Pursiane.

In the second race the colt Polis went to the post the odds on choice at 1 o 2 and looked to be the winder of the poores trides that have been seen here in some time. The boy made was outsted along by Goldstein, who never took any chances or the others catching him. Polis was poorly ridden and could not do better than beat Dress Parade for the place under a drive. In the third race a lot of provincebreds came together. Shore Lark was at odds on a moder of the poores the field and was hustled to the first time, was a good third.

The fourth race for the Seagram Cup saw one of the hardest drives that have been seen at the Woodbine this meeting. A big field went to the post the fire

I will give you a sleeper whose last performances were so poor as to throw him out of the Handicapper's Charis. Nothing that he has done recently entitles him to the sensible consideration of a betting man. But I know something. Everything will come off on schedule time. You're in on this with the wise banch, and you will cash your bets as certain as Laurier is Premier, with those that strung along with Bill Dixon for nearly two years past, to their great profit and the discomfiture of the bookies. Join hands with me again to-day and put another dent in their bankrolls. Get this one without fall and go to it for the limit.

Wednesday, 15-1 Grand Occasional

Another of my grand OCCASIONALS goes to-morrow. All arrangements have been made for another GRAND KILLING. The owner, trainer, jockey and my staff all know what I expect of them, and have given me the word that everything will come off JUST LIKE CLOCKWORK.

Good things like this one don't come off often, for it is no easy matter to pull them off. You have to see about every horse that is going to start in the race in order that there will be NO CHANCE OF BEING THROWN DOWN, or have some rank outsider run in on you and split up the combination. The kind I want for my "OCCASIONAL" is the kind that the owner says

When you get the word that way there is no outlet for excuses, and you have to make good. It takes a lot of time, ENERGY and MONEY to successfully pull off one of these coups, First, you have to have the RIGHT KIND OF HORSE; then you've got to have the right kind of a man handling the same, and one whom YOU CAN GAMBLE on getting a square deal from. Every indication points to reason that this horse should be

AS GOOD A PRICE AS QUANTICO, 15 TO 1, WON. So secretly has this horse been prepared that I feel positively sure that no one outside of the direct stable connections knows anything about this horse's trial. He has been trained during the WEE HOURS of the morning, long before any of the railbirds were out of their beds. There is nothing in his past performances that would lead one to think that he had a one to three chance. Hence, I look for something better even than MY LAST OCCASIONAL

QUANTICO, WHO WON AT BALTIMORE AT 45 TO 12 This is the kind of bets my occasional clients get. The very best of INSIDE INFORMATION OBTAINABLE: There was positively no chance to dope QUANTICO of winner on past performances; still one of the biggest killings of the reason was made. The clients who subscribed to my occasional were in on it. When I notified them to get ready for this GEAND GOOD THING I said this was a positive WINNER.

TERMS FOR THIS OCCASIONAL, \$3.00. Clients subscribing for To-day's Long Shot will receive to-morrow's Occasional for \$2. A limited number of subscriptions will be accepted on these two, so don't get shut

Is it anything to be wondered at when you stop to consider the way our clients have been hauling the coin out of their ring day after day? Every "bookie" on the line will tell you the same story, that "REYNOLDS" and his army of Safe Bet Players are responsible for his financial distress. Every time our One Best Bet steps under the wire first, which is an almost daily occurrence, a cartload of money is transferred from the layers' strong boxes to the safe deposit vaults and banking accounts of our clients, where it goes to remain. When following this series you are playing with trump cards, and get the bookie right where you want him. We never send out a horse as our One Best Bet unless we are absolutely sure of him winning. "REYNOLDS" superior knowledge of the racing game enables him to locate spots where one horse stands out over all the rest. The large winning per cent of our own Best Bets at every track we operated on is proof of his ability. TO-DAY Our One Best Bet will again get the money, and will be a good price. Our full message, as usual, will contain a raft of cinches, most of which will be at liberal odds. OFFICE OPEN AT 12 O'CLOCK NOON
