

HAMILTON HAPPENINGS

COMPANY IS ALLOWED TO BUILD THE FACTORY

Had Threatened to Leave the City Otherwise—Lack of Water Service on Mountain.

HAMILTON, Sept. 6.—(Special.)—The works committee was called on by a large deputation of property owners in the southeast section of the city tonight, who protested against the proposed bylaw to give the Appleford Counter Check Book Co. the right to build a factory in that district. The council enacted a bylaw a couple of years ago, prohibiting the erection of factories in that district, and the company in question threatens to leave the city unless allowed to build near the T. H. & B. tracks. It is proposed to pass a bylaw giving them that power. Thomas Allen, ex-wardman, was one of the deputation, and he threatened to sue the city for breach of contract, if the proposed bylaw was passed. The committee, however, decided to recommend the council to pass the bylaw, but that permission be denied all future applicants for the same privilege.

In order to provide a complete row of ornamental lamps on James-street, from King to Rebecca-street, which the merchants on both sides of the city hall have contracted for with the Cataract Power Co., the committee decided to make a contract with the company for three such lights in front of the city hall at \$10.72 a month. City Solicitor Waddell was instructed to prepare a bylaw prohibiting the use of dynamite in quarries and gravels within the city limits, or to regulate the use of the same. This was due to the complaint of residents of Crooks-street that their property was damaged by blasting in Yeates' gravel pit. The mountain residents registered another complaint about the lack of suitable water service, fire hydrants and roadways. The water and fire questions are already under consideration, and the committee had no money for roadway improvements there. Owing to the heavy traffic on Sherman-ave., the committee recommended that roadway between Barton-street and the G. T. R. tracks be reconstructed, and that an asphalt pavement be laid on Bay-street from Main to Bold and Rebecca, from James to Hughson-st. Market Regulating.

The property committee to-night instructed City Solicitor Waddell to prepare a bylaw governing the sale of butter on the central market, so that the public will no longer be cheated on the sale of prints. At the same time he will draft another bylaw compelling farmers to take the crops out of town before offering them for sale on the market. The weighing clerk at the coal scales on the hay market square will be transferred to Mylors' scales for the winter, and in the spring the committee will try and arrange to have the present city scales placed near the company's coal yard.

Robert Smith, property-gall, at the corner of Barton and James-streets. He was slightly cut and bruised, and after having his injuries dressed at the city hospital, was taken to his home.

Trappnell Guilty. Monteith Trappnell, the asylum attendant, charged under common law with aiding and abetting in the escape of the murderers, Moir and Taggart, appeared before Judge Monck this morning.

Dr. English superintendent of the institution, testified that Trappnell and his fellow-attendant, McCullough, were in charge of the murderers the night of their escape. McCullough, in the box, repeated that he had had keys of the asylum made at the instigation of Trappnell, and at his direction given them to Moir. He said he confessed when arrested and told the police about Trappnell. Trappnell himself gave evidence and denied in toto the whole of McCullough's statement.

Judge Monck found Trappnell guilty and remanded him for sentence. Mr. O'Reilly said he would appeal.

The Gold Medal Exhibit. The beautiful array of gems, jewels and preserved in display in the east end of the manufacturers' building is representative of the exhibit which was awarded the gold medal at the Winnipeg Exposition this year, except, possibly, there is more of it. The high quality of the products of Weststaffe, Limited, Hamilton, is justly meritorious of highest awards, and the company's reputation has built up a demand that far exceeds the supply.

HOW MANY REALIZE THE MARVELLOUS VALUE OF FRUIT

IN CURING MANY DISEASES?

Wonderful Success of "Fruit-a-tives"—The Famous Fruit Medicine.

Fruit juice consists of about 91 per cent. water, 8 per cent. of sweet matter and only 1 per cent. of an intensely bitter substance. Careful experiments show that it is this bitter principle which is the active or medicinal material of fruit juice. Under certain conditions, the bitter principle can be made to replace or transform some of the sweet atoms in the juice, thus making a new compound which is much more active medicinally than the ordinary juice. Many fruits were analyzed and it was found that the juices of apples, oranges, figs and prunes gave the best results. These fruit juices, having been made more active by the secret process of changing the bitter principle into the bitter, are combined with tonics and antiseptics and made into tablets. These tablets are the famous fruit medicine—"Fruit-a-tives"—known in every part of Canada for their wonderful curative qualities in diseases of the Stomach, Liver, Bowels, Kidneys and Skin.

"Fruit-a-tives" is the only medicine in the world made of fruit juices. 50c a box, 6 for \$2.50, or trial size, 25c.

WHOLE FAMILY IS MURDERED

Policeman, Wife and Six Children Victims of the Black Hand.

REGGIO DI CALIBRA, Italy, Sept. 6.—The police arrested thirty persons, among them two who recently returned to Italy from the United States, on suspicion of having knowledge of the murder at Pellaro early Monday morning of Policeman Rovolino and his wife and six children.

All except a little girl were killed with an axe. The child's throat was cut as she ran screaming from the house to attract attention. The police here ascribe the wholesale murder to the vengeance of the Black Hand Society in New York. The Rovolino family once lived in the United States.

FINE FALL FOR THE FARMERS.

One of the severest electrical storms of the season passed over the southern portion of York County on Saturday afternoon and, although little damage is reported, the lightning was especially vivid and the downpour a short time later. Fortunately little grain now remains in the field, indeed it would be difficult to find any fruit remaining in the orchards of Scarborough, the in the northern Township of Whitchurch, Georgina and Oshington.

ST. THOMAS, Sept. 6.—Mrs. Sperin Chant, wife of Alderman Chant of York, has been given a place on the board of management of Alma College by the General Conference of the Methodist Church. It is the first time on record that the church has so appointed a woman.

Attorneys Refused to Act. NEWARK, Ohio, Sept. 6.—Several attorneys who were asked to defend some of the men indicted for murder of first degree, in connection with the lynching of Gale Charton, have refused to do so, saying they were opposed to lynching. Attorneys were finally obtained, and nearly all of the 58 persons indicted in connection with the slaying of July 8 last were formally arraigned to-day.

York County and Suburbs

PARALLEL ROADS TO GO THROUGH SHORT ORDER

Committee Force Project Through—Arrest in Weston—East Toronto Men Do Well.

NORTH TORONTO, Sept. 6.—(Special.)—It looks now as tho the parallel roads committee would not, even after its hitherto stormy passage, be allowed to conclude its work in peace and quietness, a bombshell having been fired into the committee's ranks at the last minute, by one of those directly interested in the prosecution of the work. Mr. George Cook is not satisfied with the award of the official arbitrator, and is desirous of changing the award, he refuses to allow Engineer James to go on with the opening up of the road thru his property. This was communicated by Engineer James at a meeting of the parallel roads committee tonight, and to say the least, the members were disappointed, they, it is said, having expected little or no opposition to the scheme in its entirety. It is not contended that Mr. Cook has not a right to raise an objection, if he is dissatisfied with the award made, but the committee were hopeful that their worries were nearly over. However, drastic measures will be adopted, and on motion, Mr. Cook was given 48 hours in which to reconsider the award, or failing compliance with the orders of the council, there will be something doing.

The eastern parallel road has already been opened from Broadway-avenue southerly to Davisville, and only waits Mr. Cook's consent to go southerly. The man again choked her, but at this juncture the sister came and he fled. Being stone deaf, the woman could not say whether the man had demanded money or spoken to her at all. The assailant escaped from a pantry off the kitchen by breaking a window. The walls on the way were streaked with blood, where he had touched them. There are two cuts upon Miss Moran's head, but only one is at all serious. Pinnegan will be brought before Magistrate Ramsden in the morning and will be remanded to his date. No motive can be assigned, and to the officers the prisoner made no admissions regarding the assault.

WESTON, Sept. 6.—(Special.)—James Pinnegan, a local man, living on Main-street in this village, was arrested at 2 o'clock this afternoon by County Constables Burns and Stewart, charged with committing an assault upon his sister-in-law, Miss Maggie Moran, at an early hour this morning.

The facts leading up to the arrest are substantially these: About 2 o'clock this morning Miss Moran was awakened in her room by the noise of someone moving about, and feeling a hand on her shoulder, which she at first thought to be her sister, Miss Mary, sleeping in an adjoining room. On finding that the hand was that of a man, she

screamed, when the intruder grasped her by the throat, but she succeeded in tearing away his hand, when he struck her twice upon the head with a stove lighter brought from the kitchen. This she grasped and threw upon the bed. The man again choked her, but at this juncture the sister came and he fled. Being stone deaf, the woman could not say whether the man had demanded money or spoken to her at all. The assailant escaped from a pantry off the kitchen by breaking a window. The walls on the way were streaked with blood, where he had touched them. There are two cuts upon Miss Moran's head, but only one is at all serious. Pinnegan will be brought before Magistrate Ramsden in the morning and will be remanded to his date. "Tomlin's Bread"

will still continue to hold first place. How do you like our bread?

Abraham John Griffith of Weston, a retired farmer. The estate was made up by mortgages, cash and farm property. To his widow he left half his personal estate, and a home in his homestead for life. His daughter Margaret Ellen Mercer, was treated similarly. At their death the homestead goes to his grandchildren.

An Organ in Your Home for 25 Cents. What is proving a selling sensation of the week is the clearing of about one hundred slightly used organs of leading manufacturers by ye olde firm of Heintzman & Co., 115-117 King-street west, on payment of twenty-five and fifty cents a week. Each organ is marked at a fraction of the original price, and all are guaranteed in first-class condition, having been thoroughly overhauled before they are put out for sale. The early removal of Heintzman & Co. to their new warehouses, 198-197 Yonge-street, makes this clearing imperative. 234

J. Roes Robertson has returned from a two months' holiday in Great Britain and Europe.
