## GET RID OF SPRING HUMORS

Impure or effete matters accumulated in the blood during the winter course in the spring such disfiguring and painful troubles as boils, pimples, and other eruptions, also weakness, loss of appetite, that tired feeling.

The best medicine to take is Hood's Sarsaparilla, which thoroughly cleanses the blood, and effects permanent cures by giving healthy functional activity to the stomach, liver, kidneys, bowels and skin.

HOOD'S SARSAPARILLA effects its wonderful cures, not simply because it contains sarsaparilla, but because it combines the utmost remedial values of more than 20 different ingredients, each greatly strengthened and enriched by this peculiar combination. These ingredients are the very remedies that successful physicians prescribe for the same diseases and ailments. There is no real substitute for Hood's Sarsaparilla. If urged to buy any preparation said to be "just as good," you may be sure it is inferior, costs less to make, and yields the dealer a larger profit.

Begin taking Hood's Sarsaparilla today. 100 Doses One Dollar.

## ST. JOHN GENERALLY IS IN FAVOR OF DAYLIGHT BILL

From inquiries made yesterday from citizens representing varied interests in the community, the general opinion appears to be strongly in favor of the Day Light Bill which is now before the House of Commons at Ottawa. Few objections were raised, but in some quarters the method by which an additional hour of daylight would be secured was not always understood.

The principle underlying the bill is to move the hours of work and leisure nearer sunrise and give all classes in the community the benefit of longer hours of daylight for recreation after the labors of the day are done. It is proposed to make it operative only through the summer months and to revert to the old order of things at the end of each October. Among other advantages the change will reduce the expenditure on artificial light.

The change will be brought into effect, should parliament review the bill favorably, without any complications or confusion. On the evening before the day agreed upon the hands of every watch and clock in the dominion will be advanced one hour. That is all. The clocks will strike and the watches will tell the time as usual next morning, and people will get up and go about their business. The change will be noticed in the evening when the books are closed in the office, the whistles blow at the mills and the laborers return home from their work. There will be an extra hour of daylight from which all classes can reap the benefit.

On inquiry at Manchester Robertson Allison's, Ltd., yesterday, a Telegraph reporter learned from W. H. Barnaby that the firm was strongly in favor of the bill. The idea to give more daylight in the summer evenings was in fact most enjoyable, Mr. Barnaby said, was excellent. The only point on which he was in doubt was whether the railways could be induced to accommodate themselves to the change. As Alexander Macaulay, of Macaulay Bros. & Co., while in favor of trying the new conditions, said he was uncertain whether the change might not affect the shopping hours. It was hard enough, he added, to get the ladies out early.

It was pointed out to Mr. Macaulay that the ladies would hardly be aware that they were not shopping at the usual hours. He expressed the opinion, however, that it would be pretty hard to fool them.

As regard traffic conditions, he believed the additional hour of day light would lead to increased business, as more people would spend their spare time in the country. The only objection, if any, would come from the suburbanites, who might complain that they did not get enough sleep.

The bill has been endorsed by the council of the St. John Board of Trade, and a resolution favoring its adoption has been forwarded to M. C. McLean, M. P., a member of the House of Commons committee.

## FATHER AND SON DROWN TOGETHER

Joseph and Hugh Porter Drowned Off Pembroke, Nova Scotia.

Yarmouth, N. S., April 27.—Father and son, Joseph A. Porter, aged about fifty, and Hugh, nineteen years, were drowned off Pembroke yesterday while hauling lobster traps.

They went out in a dory in the morning, passed safely through the surf and were seen at work and half an hour later the dory was found bottom up with the men missing.

The bodies have not yet been found, but Hugh's coat came ashore, leading to the belief that he swam to land but perished in the surf. The bodies of the widow and five children, one a few days old.

## Try This For Catarrh.

Free tests are now being supplied by mail to all Catarrh sufferers. No expense—no obligation whatever.

Dr. Shoop is combining Oil of Eucalyptus, Thymol, Menthol, and Eucalyptol, and is incorporating these ingredients into a pure, snow-white cream-like imported Petroleum. This Cream—Dr. Shoop's Catarrh Remedy—gives immediate and lasting relief to catarrh of the nose and throat. That all may first test it free, these trial boxes are being mailed without charge, simply to encourage these tests and thus fully demonstrate, beyond doubt, the value of this combination.

If Catarrh has extended down to the stomach or bowels, then Dr. Shoop's Restorative must also be used internally. If a complete cure is to be expected, otherwise the Dr. Shoop's Catarrh Remedy will be entirely ineffective. Write Dr. Shoop, Racine, Wis. for sample and book. Sold by Druggists everywhere. Watch book mail test free!

No. 1 On Eucalyptol No. 4 For Women  
No. 2 On the Throat No. 5 For Men  
No. 3 On the Kidneys No. 6 On Rheumatism.

The annual meeting of the Arnold Lake Fishing Club, Ltd., will be held at the office of C. W. Stockton, Sussex, on Saturday, May 8th, at 8 p. m.

## TELLS HOW TIREDNESS IS TURNED INTO STRONG VIGOROUS HEALTH

We all inherit a disposition to disease. With one it's consumption, another heart disease or nervousness. At first you are languid, but as the fatigue increases you lose appetite and spirit, feel as if work wasn't in your line. Surely no clearer evidence of ill health is needed.

Thousands have been in the same sickly condition; those who heeded not were sorry those who used Dr. Hamilton's were cured. Your weakness proves your life has eaten up the vitality of the blood, and a cleansing tonic like Dr. Hamilton's Pile is urgently needed. At once it will rid you of weakness and give you strength. Digestion will improve that additional nourishment will be supplied to all needy organs. Surplus vigor will be instilled into the system till disease and weakness are completely driven out. Wonderful is the tonic effect of Dr. Hamilton's Pile which are considered the best system purifier extant.

When you can renew your health with this safe vegetable remedy, the prescription of a noted physician, your duty is clear. Get Dr. Hamilton's Pile at once.

Remember this: It is the prescription of an eminent physician you use in taking Dr. Hamilton's Pile. Absolute safety and permanent results guaranteed in every case of languor, weakness, headache and debility. Price 25c. per box or five boxes for \$1.00 at all dealers.

## BILL TO FRANCHISE WOMEN IS DEFEATED IN LEGISLATURE

In Spite of the Sincere and Eloquent Advocacy of Members on Both Sides of the House it Was Thrown Out By a Vote of 24 to 14—Many Ladies Heard the Debate—Prorogation Not Expected Before Saturday

Fredericton, April 27.—Those who hoped for prorogation of the legislature on Thursday are now preparing to accept Saturday as the last day. So far as is known all the government measures have now been introduced and advanced to the committee stage, unless there may be some legislation to provide for a guarantee of bonds of the St. John Valley railway.

The bill to incorporate the company is ready for the committee, but nothing has been said concerning the guarantee of bonds. The promoters asked that the government guarantee bonds to the extent of \$25,000 a mile and understood that this would be done, but it looks now as if this guarantee would not be forthcoming, or, if it is, a string will be attached to it to make it practically useless.

Some strong language has been indulged in by those who are interested in the construction of the railway regarding the attitude of the government on this important question. Mr. Hazen has always expressed himself as favorable to construction of the railway when in opposition. The bill was introduced by Mr. Fleming, but now the question is put up to them as members of a government they have displayed any howling anxiety to assist the railway. The old government had no hesitation in announcing just what they would be prepared to do and the assurance was given in the bill subsequently introduced. So far Mr. Hazen and his government have refused to take this responsibility.

The principal part of the day was given over to a discussion of Mr. Hatheway's bill to grant the franchise to unincorporated women and widows on the same terms as they now have in municipal elections. There was a much larger attendance in the ladies' gallery both afternoon and evening than is usual, and the ladies seemed to be interested in the debate, although there was no demonstration of applause.

Some members of the committee who were here last Saturday representing the Canadian Suffrage Association, were again present today, but were not so active in their canvass of members as last week. The bill came up for a third reading, Mr. Murray, of Kings, moved the three months' delay. If any one doubts Mr. Murray's courage that doubt will be removed when it is known that his seat faces the ladies' gallery and 200 eyes were focused on him when he read from the little slip of paper in his hands the words that were to relegate Mr. Hatheway's bill into the regions of the past for another year.

The debate was closed by Mr. Hatheway and a vote taken on the amendment of Mr. Murray, which was carried by a vote of 24 to 14. The house was treated to another exhibition of partisanship on the part of Mr. Hazen today. Some supporters in the parish of Durham, Restigouche county, are desirous of establishing a police district and securing a police magistrate and lock-up for the parish. A largely signed petition against this proposal has been presented to the house. One of the members of the committee who was here last Saturday representing the Canadian Suffrage Association, were again present today, but were not so active in their canvass of members as last week.

Mr. Hazen seems always willing to oblige his partizan friends. Yesterday to make room for one of his own supporters he passed a bill through the house to legislate a Factory Inspector McMulkin out of office, and today he pushes another measure through to oblige a supporter at the expense of the rest of the community.

Bills to amend the acts relating to the police of the city of St. John, relating to conditional sales of chattels; and relating to the St. John River Log Driving Company, were read a second time. The following bills received their third readings:

Relating to the Redemption of Forfeited; to enable the school trustees of Fredericton to issue debentures; to amend the New Brunswick Masonic Hall Company act; to provide for the appointment of a stipendiary magistrate in the parish of St. Leonard; to authorize loan for the benefit of the New Brunswick Coal & Railway. Bills 100, 108 and 109 received their third readings.

Hon. Mr. Fleming tabled the return asked for by Mr. Lalibolus relating to the dismissal of Geo. A. Mercier as liquor license commissioner.

In reply to Mr. Upland's inquiry, Hon. Mr. Landry stated that \$1,000 was paid during the year for advertising the province in the Standard of Empire, amount being paid out of the immigration fund. As a result a large number of inquiries had been received and for the year 1908 and 1909 were placed in the province and twenty more are on the way. It was not the intention of the government to continue the advertisement.

Hon. Mr. Fleming introduced bills to provide for defraying the expenses of the civil government and to provide for the improvement of roads and bridges. He said these two bills were made necessary by the two items supply passed yesterday. He moved that they be read a second time, which was carried and the bills were referred to a committee of the whole house forthwith and agreed to.

Mr. McKewen gave notice of inquiry regarding repairs on the road in the parish of Hanover, Kings county.

Mr. Tweeddale gave notice of inquiry if Geo. W. Shipp, of Woodstock, was now in the city of St. John, relating to the house built and owned by him.

The house went into committee, Mr. Sproul in the chair, to consider a bill to amend the towns incorporation act, providing that persons residing in any incorporated town shall not vote for councilors of the parish in which the town is situated unless they own property in the parish outside the town.

Mr. Murray thought this bill rather contradictory to the one man one vote principle of the amendment made to the municipal act.

Mr. Sweeney coincided with this view. Mr. Lowell thought that men owning large properties should vote on them wherever situated.

Hon. Mr. McLeod said in case of Maryville, in the parish of St. Marys, this bill would be unfair as the town council of Maryville was not represented in the York municipal council.

Mr. MacLachlan objected to the bill on behalf of towns in Northumberland, as most towns representation was given them in county councils. Maryville was an exception and should have special consideration. He moved that progress be reported and the bill held over for further consideration.

Also bills relating to school debentures in the town of Newcastle, which was agreed to; also a bill to provide for stipendiary magistrate for parish of Durham.

Hon. Mr. Hazen said the senior member for Restigouche had asked the house to wait over as there was some opposition to it. It had now been waiting for some weeks and as a great many of the parish, including Arthur Culligan and others, wished it passed, he thought it should become law.

Mr. Sweeney agreed that the government could not wait take action on this petition. He asked the attorney-general to consider if it would be well to consider the powers of a stipendiary magistrate to the town or parish for which he was appointed. At the present time confusion existed between different magistrates which was not in the interests of justice.

Mr. Robinson (Westmorland) presented a petition from residents of Durham and stated there was strong opposition. He thought the bill better lay over for a time.

Hon. Mr. Hazen pointed out the law could not become operative unless the council wished to proceed and he thought no harm could be done by passing the bill.

The house went into committee, Mr. Munro in the chair, to consider the bill to amend the highest, purest and noblest of the franchise to widows and spinners owning property or with an income of \$400.

Mr. Murray said his respect for ladies was so great that he could not support the bill at present and he moved an amendment that it be further considered this day three months.

Mr. Sormany, in seconding the amendment, said it would be a champion of the rights of women. He wanted to champion not suffragettes, those masculine beings who had done very little towards securing rights of women but to make impress upon the minds of the people the deplorable conditions that would exist if women took part in politics. He wished to champion woman as she should be and as all true men wanted her to be, that she should be a helpmate.

He thought this bill should be postponed, that better arguments than had yet been advanced for it might be brought forward. The plea was made that woman should be made equal to man. He did not want to have her brought down from her superior position to be on a level with the common herd. He thought it was a wide difference between a man and a woman. He did not think there was a man in the house who would say that politics had improved him, at any rate a man did not come out of political life as with an opinion of himself as an equal to the common herd. To his mind putting women into politics would be like putting one good apple into a basket of rotten ones and the rotten ones would eat the good one. He thought it was a wide difference between a man and a woman. He did not think there was a man in the house who would say that politics had improved him, at any rate a man did not come out of political life as with an opinion of himself as an equal to the common herd. To his mind putting women into politics would be like putting one good apple into a basket of rotten ones and the rotten ones would eat the good one.

Mr. MacLachlan said he had no sympathy with the suffragette movement in the old country as at present conditions, and those who were engaged in it were doing so in a very selfish manner. He thought it was a wide difference between a man and a woman. He did not think there was a man in the house who would say that politics had improved him, at any rate a man did not come out of political life as with an opinion of himself as an equal to the common herd. To his mind putting women into politics would be like putting one good apple into a basket of rotten ones and the rotten ones would eat the good one.
