is mithful subjects, shall be the rule or his conduct.

The Azorea.— Perceive papers to the 15th Decemers state that great preparations were making to puls on Pedro's expedition on a respectable footing, and centhusiasm of the people was urbounded. A dece of the government, dated 19th November, directs levy of 2853 men; to be drawn, in equal proportions on the different Islands except Tecceim, where we assume as great a force was already under atms as add be turnished without detriment to other intersection. It is a daring cut episse, this invasion of Portu-

de die het. 21. We dest for a consciention milit in trime of the collection of the c The control of the co

The following decision from Alerdanuts of Quebec, on the subject of laying a tox on Educariate arrivals in Lower, a main, was presented to the Legislature of the Province, a short time before its proregation.]
